**Next Regularly Scheduled PCTPA Board Meeting**  
**June 28, 2017** 

*The Placer County Board of Supervisors’ Chambers is accessible to the disabled. If requested, this agenda, and documents in the agenda packet can be made available in appropriate alternative formats to persons with a disability, as required by Section 202 of the Americans with Disabilities Act of 1990 and the Federal Rules and Regulations adopted in implementation thereof. Persons seeking an alternative format should contact PCTPA for further information. In addition, a person with a disability who requires a modification or accommodation, including auxiliary aids or services, in order to participate in a public meeting should contact PCTPA by phone at 530-823-4030, email (ssabol@pctpa.net) or in person as soon as possible and preferably at least 72 hours prior to the meeting.*
TO: PCTPA Board of Directors

FROM: Celia McAdam, Executive Director

SUBJECT: CONSENT CALENDAR

Below are the Consent Calendar items for the May 24, 2017 agenda for your review and action.

1. **Reprogram Roseville Congestion Mitigation & Air Quality (CMAQ) Funds from Roseville CMS Installation Project – Pleasant Gove Blvd to 2017 Pedestrian Facilities Improvement**
   On November 28, 2012, the PCTPA Board approved CMAQ project funding recommendations for FY 2014/15 through FY 2015/16. The City of Roseville is requesting PCTPA approval to reprogram $100,000 CMAQ funds approved for construction of Roseville Changeable Message Signs (CMS) Installation Project - Pleasant Grove Boulevard to construction funding for the 2017 Pedestrian Facilities Improvement project (ADA improvements on various roadways). This request will allow the City to move forward with construction in 2017. Staff recommends Board approval.

2. **Regional Surface Transportation Program (RSTP) Apportionments**
   In January 1999, the PCTPA Board of Directors approved an allocation formula for Regional Surface Transportation Funds (RSTP) based on population as well as maintained road miles for each jurisdiction in Placer County. The approved formula pools both urban and exchange RSTP funds and then calculates the apportionment formula based on an average of the latest population data and maintained road miles.

   Estimated RSTP funding levels are based on current funding under the Fixing America’s Surface Transportation (FAST) Act. These estimates are prepared by Caltrans Division of Transportation Programming and are provided to the jurisdictions for purpose of programming their projects in SACOG’s Metropolitan Transportation Improvement Program (MTIP). The attachment provides the RSTP apportionment by jurisdiction for 2020 through 2022.

3. **Administrative Correction to SACOG/PCTPA Memorandum of Understanding**
   On October 26, 2016, the PCTPA adopted the updated Memorandum of Understanding (MOU) between the Sacramento Area Council of Governments (SACOG) and PCTPA. This MOU details the roles and responsibilities of each agency, particularly in the areas of state and federal transportation planning and funding requirements. Earlier this year, staff identified a minor typographical error in regards to payments for reimbursable work. SACOG invoices PCTPA for reimbursable actual expenditures on a quarterly basis, but the MOU reads “equal quarterly installments”. The corrected language is as follows:
“SACOG shall be paid in equal quarterly installments at or near the beginning of each quarter reimbursed quarterly contingent upon cash flow considerations.”

Staff recommends Board approval of the administrative correction.

4. **PCTPA FY 2017 and 2018 Federal Transit Administration (FTA) Section 5311 Program of Projects**

FTA Section 5311 funds provide operating or capital assistance for transit in rural areas. Placer County Transit and the City of Auburn are the only transit operators who provide service in the rural areas of PCTPA’s jurisdiction. The proposed FY 2017 program of projects totals $449,311 and the proposed FY 2018 program of projects totals $459,573. All funds will be used for operating assistance for funding rural transit services within the City of Auburn and unincorporated Placer County (including TART service in the North Lake Tahoe basin). Both jurisdictions agree to allocate available Section 5311 funds based on a formula of revenue vehicle hours, revenue vehicle miles and ridership:

- **FY 2017 Program of Projects**  
  Placer County = $370,383 and City of Auburn = $78,928; and
- **FY 2018 Program of Projects**  
  Placer County = $378,842 and City of Auburn = $80,731.

The TAC concurred with the Section 5311 Program of Projects for 2017 and 2018. Staff recommends approval of the attached resolution.

4. **City of Rocklin Funding Agreement 17-01 for Projects Using Proposition 1B – Transit System Safety, Security, and Disaster Response Account (TSSSDRA) Funds – $35,100**

PCTPA is the grant recipient for Proposition 1B – TSSSDRA funds. The City of Rocklin share of $35,100 will pass through PCTPA to implement the Bus Stop Safety and Security Improvements Project. A Funding Agreement is needed with the City of Rocklin to pass through the TSSSDRA funds. PCTPA will work closely with the City to ensure the smooth flow of the funds, completion of the project, and funding requirements are met. A copy of the Funding Agreement between PCTPA and the City of Rocklin is attached. Staff recommends Board approval.

5. **Town of Loomis Funding Agreement 17-01 for Projects Using Proposition 1B – Transit System Safety, Security, and Disaster Response Account (TSSSDRA) Funds – $3,887**

PCTPA is the grant recipient for Proposition 1B – TSSSDRA funds. The Town of Loomis share of $3,887 will pass through PCTPA to implement the Transit Improvement Project. A Funding Agreement is needed with the Town of Loomis to pass through the TSSSDRA funds. PCTPA will work closely with the Town to ensure the smooth flow of the funds, completion of the project, and funding requirements are met. A copy of the Funding Agreement between PCTPA and the Town of Loomis is attached. Staff recommends Board approval.
6. City of Rocklin Funding Agreement 17-02 for Projects Using Proposition 1B – Transit System Safety, Security, and Disaster Response Account (TSSSDRA) Funds - $35,120
PCTPA is the grant recipient for Proposition 1B – TSSSDRA funds. The City of Rocklin share of $35,120 will pass through PCTPA to implement the Rocklin Multimodal Station Security and Fencing Project. A Funding Agreement is needed with the City of Rocklin to pass through the TSSSDRA funds. PCTPA will work closely with the City to ensure the smooth flow of the funds, completion of the project, and funding requirements are met. A copy of the Funding Agreement between PCTPA and the City of Rocklin is attached. Staff recommends Board approval.

7. Town of Loomis Funding Agreement 17-02 for Projects Using Proposition 1B – Transit System Safety, Security, and Disaster Response Account (TSSSDRA) Funds - $3,860
PCTPA is the grant recipient for Proposition 1B – TSSSDRA funds. The Town of Loomis share of $3,860 will pass through PCTPA to implement the Transit Improvement Project. A Funding Agreement is needed with the Town of Loomis to pass through the TSSSDRA funds. PCTPA will work closely with the Town to ensure the smooth flow of the funds, completion of the project, and funding requirements are met. A copy of the Funding Agreement between PCTPA and the Town of Loomis is attached. Staff recommends Board approval.

8. City of Colfax Funding Agreement 17-01 for Projects Using Proposition 1B – Transit System Safety, Security, and Disaster Response Account (TSSSDRA) Funds - $1,162
PCTPA is the grant recipient for Proposition 1B – TSSSDRA funds. The City of Colfax share of $1,162 will pass through PCTPA to implement the Colfax Multimodal Station Security Project. A Funding Agreement is needed with the City of Loomis to pass through the TSSSDRA funds. PCTPA will work closely with the City to ensure the smooth flow of the funds, completion of the project, and funding requirements are met. A copy of the Funding Agreement between PCTPA and the City of Colfax is attached. Staff recommends Board approval.

9. Travel Policy and Procedures
As part of PCTPA’s ongoing efforts to refine our administrative processes and internal control, staff has prepared the attached Travel Policy and Procedures. This document sets guidelines for the approval and reimbursement of local and overnight travel for PCTPA staff including the Executive Director. All employees received training on the travel policy and procedures at the April 4, 2017 staff meeting. Staff recommends Board approval.

11. FY 2015/2016 TDA Financial Audits (under separate cover)
Staff recommends acceptance of the Transportation Development Act (TDA) Financial Audits for fiscal year 2015/2016 for the Cities of Auburn, Colfax, Lincoln, Rocklin, Roseville, the Town of Loomis, and Placer County. The TDA requires an annual financial and compliance audit of agencies receiving TDA funds as well as those
agencies receiving Proposition 1B Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA) and Low Carbon Transit Operations Program (LCTOP) funds. All audits have been submitted to the State Controller’s Office as required.

12. FY 2016/17 City of Roseville Claim for Local Transportation Funds (LTF) - $7,469,295
The City of Roseville submitted claims for $7,469,295 in LTF funds for FY 2016/17 - $5,034,516.83 for streets and roads purposes and $2,434,778.17 for transit. The City’s claims are in compliance with the approved LTF apportionment, and all transit needs that are reasonable to meet are being provided. The City has complied with the annual Fiscal and Compliance Audit for the fiscal year ending June 30, 2016. Staff recommends approval and issuance of instructions to the County Auditor to pay the claimant in full.

13. FY 2016/17 City of Roseville Claim for State Transit Assistance (STA) Funds - $348,287
The City of Roseville submitted a claim for $348,287 in STA funds for FY 2016/17 for transit purposes. The City’s claim is in compliance with the approved STA apportionment and with all applicable STA requirements. Staff recommends approval.

14. FY 2016/17 City of Lincoln Claim for Local Transportation Funds (LTF) - $2,638,732
The City of Lincoln submitted claims for $2,638,732 in LTF funds for FY 2016/17 - $2,263,624 for streets and roads purposes and $375,108 for transit. The City’s claims are in compliance with the approved LTF apportionment, and all transit needs that are reasonable to meet are being provided. The City has complied with the annual Fiscal and Compliance Audit for the fiscal year ending June 30, 2016. Staff recommends approval and issuance of instructions to the County Auditor to pay the claimant in full.

15. FY 2016/17 City of Lincoln Claim for State Transit Assistance (STA) Funds - $113,980
The City of Lincoln submitted a claim for $113,980 in STA funds for FY 2016/17 for transit purposes. The City’s claim is in compliance with the approved STA apportionment and with all applicable STA requirements. Staff recommends approval.

16. FY 2016/17 City of Auburn Claims for Local Transportation Funds (LTF) - $784,832
The City of Auburn submitted claims for $784,832 in LTF funds for FY 2016/17 - $400,000 for streets and roads purposes and $384,832 for transit. The City’s claims are in compliance with the approved LTF apportionment, and all transit needs that are reasonable to meet are being provided. The City has complied with the annual Fiscal and Compliance Audit for the fiscal year ending June 30, 2016. Staff recommends approval and issuance of instructions to the County Auditor to pay the claimant in full.

17. FY 2016/17 City of Auburn Claim for State Transit Assistance (STA) Funds - $34,466
The City of Auburn submitted a claim for $34,466 in STA funds for FY 2016/17 for $32,399.24 transit operations and $2,066.76 for transit capital uses. The City’s claim is in
compliance with the approved STA apportionment and with all applicable STA requirements. Staff recommends approval.

Contact Person/Title: David Melko, Senior Transportation Planner
Phone Number: 530.823.4090 & dmelko@pctpa.net
Date: 05/24/2017

Request for transfer will be applied for directly through the District - Local Assistance District Engineer, and Headquarters’ Division of Local Assistance. Division of Rail & Mass Transportation will receive a confirmation once the transfer is completed.
Statewide Transportation Improvement Program (STIP) –

All federal funds to be used for transit projects must be included in a federally approved STIP. A Transportation Planning Agency (TPA) must ensure that Section 5311 projects are included in the Department of Transportation’s (Department) Statewide Transportation Federal Improvement Program (FSTIP), which is jointly approved by the Federal Highway Administration (FHWA) and FTA.

A copy of the federally approved STIP Page must be attached for all projects to be programmed through the Section 5311 program. The project description and associated dollar amounts must be consistent with the federally approved STIP information.

Metropolitan Planning Organizations (MPOs) are responsible for programming projects within their jurisdiction. Upon receiving the POPs from the Districts, Rural Transit & Procurement staff will submit Non-MPO / Rural Transportation organizations projects directly to the Department’s Division of Transportation Programming for inclusion into the FSTIP.

For further guidance see the Department’s Division of Transportation Programming website: http://www.dot.ca.gov/hq/transprog/fedpgm.htm

PART I. Regional Apportionment - Operating Assistance

For all Operating Projects - a complete application MUST be submitted with this POP.

Date: 05/24/2017
Statewide Transportation Improvement Program (STIP) –
All federal funds to be used for transit projects must be included in a federally approved STIP. A Transportation Planning Agency (TPA) must ensure that Section 5311 projects are included in the Department of Transportation’s (Department) Statewide Transportation Federal Improvement Program (FSTIP), which is jointly approved by the Federal Highway Administration (FHWA) and FTA.

A copy of the federally approved STIP Page must be attached for all projects to be programmed through the Section 5311 program. The project description and associated dollar amounts must be consistent with the federally approved STIP information.

Metropolitan Planning Organizations (MPOs) are responsible for programming projects within their jurisdiction. Upon receiving the POPs from the Districts, Rural Transit & Procurement staff will submit Non-MPO/Rural Transportation organizations projects directly to the Department’s Division of Transportation Programming for inclusion into the FSTIP.

For further guidance see the Department’s Division of Transportation Programming website:
http://www.dot.ca.gov/hq/transprog/fedpgm.htm

PART I. Regional Apportionment - Operating Assistance
For all Operating Projects - a complete application MUST be submitted with this POP.

IN THE MATTER OF: RESOLUTION
APPROVING PCTPA FY 2016/17 AND FY 2017/18
FEDERAL TRANSIT ADMINISTRATION
SECTION 5311 PROGRAM OF PROJECTS

The following resolution was duly passed by the Placer County Transportation Planning Agency at a regular meeting held May 24, 2017 by the following vote on roll call:

AYES:

NOES:

ABSENT:

Signed and approved by me after its passage

__________________________________
Vice Chair
Placer County Transportation Planning Agency

__________________________________
Executive Director

WHEREAS, California Government Code Section 29532.1(c) identifies PCTPA as the designated Regional Transportation Planning Agency for Placer County, exclusive of the Lake Tahoe Basin; and

WHEREAS, this designation requires PCTPA to complete a Program of Projects allocating $449,311 in FY 2016/17 and $459,573 in FY 2017/18 in FTA Section 5311 funds for transit operating and/or capital assistance in rural areas of Placer County; and

WHEREAS, Placer County Depart of Public Works and the City of Auburn are the only transit operators who provide service in the rural areas of PCTPA’s jurisdiction; and

WHEREAS, Placer County Depart of Public Works and the City of Auburn agree to allocate FTA Section 5311 funds based on a formula of revenue vehicle hours, revenue vehicle miles and ridership.

NOW THEREFORE, BE IT RESOLVED THAT THE PLACER COUNTY TRANSPORTATION PLANNING AGENCY HEREBY:

1. Approves the PCTPA FY 2016/17 FTA Section 5311 Program of Projects in the amount of $449,311 for operating assistance: Placer County = $370,383 and City of Auburn = $78,928.

2. Approves the PCTPA FY 2017/18 FTA Section 5311 Program of Projects in the amount of $459,573 for operating assistance: Placer County = $378,842 and City of Auburn = $80,731.

3. Authorizes the Executive Director to submit the PCTPA FY 2016/17 and FY 2017/18 FTA Section 5311 Program of Projects to the California Department of Transportation.

SUBJECT: FUNDING AGREEMENT 17-01 BETWEEN THE CITY OF ROCKLIN AND THE PLACER COUNTY TRANSPORTATION PLANNING AGENCY FOR THE CITY OF ROCKLIN BUS STOP SAFETY AND SECURITY IMPROVEMENTS PROJECT

Dear Mr. Horst:

This letter, when countersigned, authorizes funding by the Placer County Transportation Planning Agency (PCTPA) for work to be performed by the City of Rocklin on the Bus Stop Safety and Security Improvements Project.

1. **Funding Agreement**: This Funding Agreement is the statement of contract specific requirements applicable to the work effort to be undertaken by the City of Rocklin on the Bus Stop Safety and Security Improvements Project. The City of Rocklin Bus Stop Safety and Security Improvements Project will be funded under the Transit System Safety Security and Disaster Response Account (TSSSDRA) included in Proposition 1B, the Highway Safety, Traffic Reduction, Air Quality and Port Security Bond Act, approved by California voters in November 2006. The City of Rocklin Bus Stop Safety and Security Improvements Project Transit System Safety Security and Disaster Response Account (TSSSDRA) grant application for FY 2014/15 is incorporated in this Funding Agreement.

2. **Term**: City is to commence work immediately and shall be completed no later than March 31, 2018, according to the project schedule / milestones provided in the Transit System Safety Security and Disaster Response Account (TSSSDRA) grant application for FY 2014/15. There are no extensions beyond this date. Any funds remaining unexpended (including interest) thereafter will revert to California Office of Emergency Services.

3. **Scope of Services**: City will perform the tasks / milestones to manage and install the City of Rocklin Bus Stop Safety and Security Improvements Project provided in the Transit System Safety Security and Disaster Response Account (TSSSDRA) grant application for FY 2014/15.
4. **Personnel:** City will provide its own personnel to perform the work specified in the Funding Agreement. City will also provide administrative support, management, and overhead expenses.

5. **Compensation:** For services rendered, the City of Rocklin will receive a sum not to exceed the amount of $35,100 (plus accrued interest) identified in the City of Rocklin Bus Stop Safety and Security Improvements Project Transit System Safety Security and Disaster Response Account (TSSSDRA) grant application for 2014/15. Upon completion of the project, the City shall submit one invoice for reimbursement. The invoice for payment shall reference the work completed and the hours and cost associated with each task / milestone.

If this Funding Agreement meets with your approval, please sign and return one copy. You may retain a copy for your own records. Questions concerning this Funding Agreement should be directed to David Melko of my staff at (530) 823-4090.

****NOTE –Label each project alphabetically and provide the following questions per project.
D. Provide a brief description for this investment.

This project will focus on safety and security improvements for bus stops along Sunset Boulevard, Pacific Street, and/or Granite Drive corridors by providing shelters, benches and lighting for bus passengers using Placer County Transit.

E. Describe how this investment specifically addresses capital projects or capital expenditures.

This project will involve the construction of bus shelters, benches and lighting along the identified street corridors.

F. Describe how the investment will achieve the safety, security, or emergency response benefit.

Currently the bus stop passengers do not have shelters, benches or lighting. This requires passengers to wait in the dark at certain times. Because of the long waiting time between bus routes, this increases potential safety and security risks for the passengers waiting to use the system. By providing lighted bus shelters, visibility of the area improves and increases the security comfort of the passengers. Visibility makes it less susceptible for criminal activity.

G. Describe how this investment specifically meets the useful life for capital assets specified in subdivision (a) of section 16727.

The facilities installed under this program will have a useful life of at least 15 years. This includes bus passenger shelters, benches and lighting.

H. Provide a high-level timeline, milestones and dates, for the implementation of this investment. Possible areas for inclusion are: stakeholder engagement, planning, major acquisitions, purchases, training, exercises, and process/policy updates. Up to 10 milestones may be provided.

Milestone 1: July 2017 - Purchase passenger shelters.

Milestone 2: August 2017 - Install passenger shelters.

SUBJECT: FUNDING AGREEMENT 17-01 BETWEEN THE TOWN OF LOOMIS AND THE PLACER COUNTY TRANSPORTATION PLANNING AGENCY FOR THE TOWN OF LOOMIS TRANSIT IMPROVEMENT PROJECT

Dear Ms. Phillipe:

This letter, when countersigned, authorizes funding by the Placer County Transportation Planning Agency (PCTPA) for work to be performed by the Town of Loomis for the Transit Improvement Project.

1. Funding Agreement: This Funding Agreement is the statement of contract specific requirements applicable to the work effort to be undertaken by the Town of Loomis for the Transit Improvement Project. The Town of Loomis Transit Improvement Project will be funded under the Transit System Safety Security and Disaster Response Account (TSSSDRA) included in Proposition 1B, the Highway Safety, Traffic Reduction, Air Quality and Port Security Bond Act, approved by California voters in November 2006. The Town of Loomis Transit Improvement Project Transit System Safety Security and Disaster Response Account (TSSSDRA) grant application for FY 2014/15 is incorporated in this Funding Agreement.

1. Term: Town is to commence work immediately and shall be completed according to the project schedule / milestones provided in the Transit System Safety Security and Disaster Response Account (TSSSDRA) grant application for FY 2014/15, with project completion no later than March 31, 2018. There are no extensions beyond this date. Any funds remaining unexpended (including interest) thereafter will revert to California Office of Emergency Services.

2. Scope of Services: Town will perform the tasks / milestones to manage and install the Town of Loomis Transit Improvement Project provided in the Transit System Safety Security and Disaster Response Account (TSSSDRA) grant application for FY 2014/15.
3. **Personnel:** Town will provide its own personnel to perform the work specified in the Funding Agreement. Town will also provide administrative support, management, and overhead expenses.

4. **Compensation:** For services rendered, the Town of Loomis will receive a sum not to exceed the amount of $3,887 (plus accrued interest) identified in the Town of Loomis Transit Improvement Project Transit System Safety Security and Disaster Response Account (TSSSDRA) grant application for FY 2014/15. Upon completion of the project, the Town shall submit one invoice for reimbursement. The invoice for payment shall reference the work completed and the hours and cost associated with each task / milestone.

If this Funding Agreement meets with your approval, please sign and return one copy. You may retain a copy for your own records. Questions concerning this Funding Agreement should be directed to David Melko of my staff at (530) 823-4090.

****NOTE –Label each project alphabetically and provide the following questions per project.
D. Provide a brief description for this investment.

*This investment of $3,887 is to improve safety and security at the existing Town of Loomis Depot Park & Ride Facility. The funds will be used to provide additional lighting and security cameras.*

E. Describe how this investment specifically addresses capital projects or capital expenditures.

*The installation of additional lighting and security cameras is a capital project proposed to enhance the public’s sense of safety and security at the transit facility.*

F. Describe how the investment will achieve the safety, security, or emergency response benefit.

*The Placer County Transit (PCT) service in the Loomis area runs hourly, requiring a relatively long wait between bus routes. Providing additional lighting and security cameras at the Town’s Depot Park & Ride Facility will provide a visible monitoring location thereby increasing the security comfort of the passenger. The visibility of the bus stop makes it less susceptible for criminal activity. Also the perception of a “soft” system is lessened because it demonstrates that there is a regional effort to improve the safety and security of the Placer County Transit system.*

G. Describe how this investment specifically meets the useful life for capital assets specified in subdivision (a) of section 16727.

*The additional lighting and security cameras installed under this program will have a useful life of 15 to 20 years.*

H. Provide a high-level timeline, milestones and dates, for the implementation of this investment. Possible areas for inclusion are: stakeholder engagement, planning, major acquisitions/purchases, training, exercises, and process/policy updates. Up to 10 milestones may be provided.

****NOTE –Label each project alphabetically and provide the following questions per project.
D. Provide a brief description for this investment.

Previous programs have provided funding to improve safety and security at the Multimodal Station in the City Of Rocklin. This project will focus on further safety and security improvements at the Multimodal Station by providing tubular steel security/safety fencing between the westbound and eastbound railroad tracks.

E. Describe how this investment specifically addresses capital projects or capital expenditures.

This project will involve the construction of tubular steel security/safety fencing between the westbound and eastbound UPRR tracks.

F. Describe how the investment will achieve the safety, security, or emergency response benefit.

Currently, Capitol Corridor train passengers can cross over the UPRR railroad tracks going to and from the Multimodal Station. This increases safety risks for train passengers. By providing security/safety fencing between the tracks, passengers will be required to use the designated at-grade pedestrian crossing at Rocklin Road next to the crossing gates.

G. Describe how this investment specifically meets the useful life for capital assets specified in subdivision (a) of section 16727.

The tubular steel security/safety fencing installed under this project will have a useful life of at least 20 years.

H. Provide a high-level timeline, milestones and dates, for the implementation of this investment. Possible areas for inclusion are: stakeholder engagement, planning, major acquisitions, purchases, training, exercises, and process/policy updates. Up to 10 milestones may be provided.

Milestone 1: July 2017- Install security/safety fencing between the westbound and eastbound UPRR tracks.

SUBJECT: FUNDING AGREEMENT 17-02 BETWEEN THE TOWN OF LOOMIS AND THE PLACER COUNTY TRANSPORTATION PLANNING AGENCY FOR THE TOWN OF LOOMIS TRANSIT IMPROVEMENT PROJECT

Dear Ms. Phillipe:

This letter, when countersigned, authorizes funding by the Placer County Transportation Planning Agency (PCTPA) for work to be performed by the Town of Loomis for the Transit Improvement Project.

1. **Funding Agreement:** This Funding Agreement is the statement of contract specific requirements applicable to the work effort to be undertaken by the Town of Loomis for the Transit Improvement Project. The Town of Loomis Transit Improvement Project will be funded under the Transit System Safety Security and Disaster Response Account (TSSSDRA) included in Proposition 1B, the Highway Safety, Traffic Reduction, Air Quality and Port Security Bond Act, approved by California voters in November 2006. The Town of Loomis Transit Improvement Project Transit System Safety Security and Disaster Response Account (TSSSDRA) grant application for FY 2015/16 is incorporated in this Funding Agreement.

1. **Term:** Town is to commence work immediately and shall be completed according to the project schedule / milestones provided in the Transit System Safety Security and Disaster Response Account (TSSSDRA) grant application for FY 2015/16, with project completion no later than March 31, 2019. There are no extensions beyond this date. Any funds remaining unexpended (including interest) thereafter will revert to California Office of Emergency Services.

2. **Scope of Services:** Town will perform the tasks / milestones to manage and install the Town of Loomis Transit Improvement Project provided in the Transit System Safety Security and Disaster Response Account (TSSSDRA) grant application for FY 2015/16.
3. **Personnel:** Town will provide its own personnel to perform the work specified in the Funding Agreement. Town will also provide administrative support, management, and overhead expenses.

4. **Compensation:** For services rendered, the Town of Loomis will receive a sum not to exceed the amount of $3,860 (plus accrued interest) identified in the Town of Loomis Transit Improvement Project Transit System Safety Security and Disaster Response Account (TSSSDRA) grant application for FY 2015/16. Upon completion of the project, the Town shall submit one invoice for reimbursement. The invoice for payment shall reference the work completed and the hours and cost associated with each task / milestone.

If this Funding Agreement meets with your approval, please sign and return one copy. You may retain a copy for your own records. Questions concerning this Funding Agreement should be directed to David Melko of my staff at (530) 823-4090.

****NOTE –Label each project alphabetically and provide the following questions per project.
D. Provide a brief description for this investment.

_This investment of $3,860 is to improve safety and security at the existing Town of Loomis Depot Park & Ride Facility. The funds will be used to provide additional lighting and security cameras._

E. Describe how this investment specifically addresses capital projects or capital expenditures.

_The installation of additional lighting and security cameras is a capital project proposed to enhance the public’s sense of safety and security at the transit facility._

F. Describe how the investment will achieve the safety, security, or emergency response benefit.

_The Placer County Transit (PCT) service in the Loomis area runs hourly, requiring a relatively long wait between bus routes. Providing additional lighting and security cameras at the Town’s Depot Park & Ride Facility will provide a visible monitoring location thereby increasing the security comfort of the passenger. The visibility of the bus stop makes it less susceptible for criminal activity. Also the perception of a “soft” system is lessened because it demonstrates that there is a regional effort to improve the safety and security of the Placer County Transit system._

G. Describe how this investment specifically meets the useful life for capital assets specified in subdivision (a) of section 16727.

_The additional lighting and security cameras installed under this program will have a useful life of 15 to 20 years._

H. Provide a high-level timeline, milestones and dates, for the implementation of this investment. Possible areas for inclusion are: stakeholder engagement, planning, major acquisitions/purchases, training, exercises, and process/policy updates. Up to 10 milestones may be provided.

SUBJECT: FUNDING AGREEMENT 17-01 BETWEEN THE CITY OF COLFAX AND THE PLACER COUNTY TRANSPORTATION PLANNING AGENCY FOR THE COLFAX MULTIMODAL STATION SECURITY PROJECT

Dear Mr. Schempf:

This letter, when countersigned, authorizes funding by the Placer County Transportation Planning Agency (PCTPA) for work to be performed by the City of Colfax for the Colfax Multimodal Station Security Project.

1. **Funding Agreement:** This Funding Agreement is the statement of contract specific requirements applicable to the work effort to be undertaken by the City of Colfax for the Colfax Multimodal Station Security Project. The Colfax Multimodal Station Security Project will be funded under the Transit System Safety Security and Disaster Response Account (TSSSDRA) included in Proposition 1B, the Highway Safety, Traffic Reduction, Air Quality and Port Security Bond Act, approved by California voters in November 2006. The Colfax Multimodal Station Security Project Transit System Safety Security and Disaster Response Account (TSSSDRA) grant application for FY 2015/16 is incorporated in this Funding Agreement.

1. **Term:** City is to commence work immediately and shall be completed according to the project schedule / milestones provided in the Transit System Safety Security and Disaster Response Account (TSSSDRA) grant application for FY 2015/16, with project completion no later than March 31, 2019. There are no extensions beyond this date. Any funds remaining unexpended (including interest) thereafter will revert to California Office of Emergency Services.

2. **Scope of Services:** City will perform the tasks / milestones to manage and install the Colfax Multimodal Station Security Project provided in the Transit System Safety Security and Disaster Response Account (TSSSDRA) grant application for FY 2015/16.
3. **Personnel:** City will provide its own personnel to perform the work specified in the Funding Agreement. City will also provide administrative support, management, and overhead expenses.

4. **Compensation:** For services rendered, the City of Colfax will receive a sum not to exceed the amount of $1,162 (plus accrued interest) identified in the Colfax Multimodal Station Security Project Transit System Safety Security and Disaster Response Account (TSSSDRA) grant application for FY 2015/16. Upon completion of the project, the City shall submit one invoice for reimbursement. The invoice for payment shall reference the work completed and the hours and cost associated with each task / milestone.

If this Funding Agreement meets with your approval, please sign and return one copy. You may retain a copy for your own records. Questions concerning this Funding Agreement should be directed to David Melko of my staff at (530) 823-4090.

****NOTE –Label each project alphabetically and provide the following questions per project.****
Agency Name and FIPS: Placer County Transportation Planning Agency (PCTPA) 061-91059
Letter and Project Title: Colfax Multimodal Station Security Camera Project #1

D. Provide a brief description for this investment.

This investment of $1,162 is to improve safety and security at the existing City of Colfax Multimodal Station. The funds will be used to provide additional security cameras and associated radio transmitters for offsite recording of video.

E. Describe how this investment specifically addresses capital projects or capital expenditures.

The installation of additional security cameras and associated radio transmitters is a capital project proposed to enhance the public’s sense of safety and security at the transit facility.

F. Describe how the investment will achieve the safety, security, or emergency response benefit.

The Placer Commuter Express (PCE) service in the City of Colfax provides three morning/evening trips on an hourly frequency, requiring a relatively long wait between bus routes. Placer County Transit (PCT) Colfax/Alta service also operates two trips per day, mid-morning and mid-afternoon. Providing additional security cameras and associated radio transmitters at the City’s Multimodal Station will provide a visible monitoring location thereby increasing the security comfort of transit passengers. The visibility of the bus stop makes it less susceptible for criminal activity. Also the perception of a “soft” system is lessened because it demonstrates that there is a regional effort to improve the safety and security of the Placer County Transit system.

G. Describe how this investment specifically meets the useful life for capital assets specified in subdivision (a) of section 16727.

The additional security cameras and associated radio transmitters installed under this program will have a useful life of 15 to 20 years.

H. Provide a high-level timeline, milestones and dates, for the implementation of this investment. Possible areas for inclusion are: stakeholder engagement, planning, major acquisitions/purchases, training, exercises, and process/policy updates. Up to 10 milestones may be provided.

- Construction/Installation/Purchase July – October 2017
- Project Close-Out November 2017
- Project Complete December 2017
Placer County Transportation Planning Agency

Travel Policy and Procedures

Date Adopted: May 24, 2017
TRAVEL EXPENSES

This document is intended to establish the policy and procedure for the approval and reimbursement of employee travel, including attendance at meetings, training, seminars or conferences and provide guidelines for Board members and employees who have been approved to travel on behalf of Placer County Transportation Planning Agency (PCTPA).

It is desirable and beneficial to PCTPA and its constituents to have Board members and employees participate in state and national activities, training, and conferences related to PCTPA’s subject matter jurisdiction.

1. **Overnight Travel Request and Permission**
   1.1 Board members and employees must fill out an Overnight Travel Request and Permission form prior to traveling overnight on PCTPA business. The project work element, purpose of travel, and trip budget must be filled in on the form. The form must be approved by the Executive Director prior to the time of travel.

   1.2 The Executive Director must fill out an Overnight Travel Request and Permission form prior to traveling overnight on PCTPA business. The project code, purpose of travel, and trip budget must be filled in on the form. The form must be approved by the PCTPA Board Chairperson prior to the time of travel.

   1.3 The expense report must document that expenses meet existing PCTPA policy. All documents related to reimbursable expenditures are public records subject to disclosure under state and federal law.

   1.4 Penalties for falsifying expense reports include, but are not limited to the following:
      1.4.1 Loss of reimbursement privileges
      1.4.2 Restitution to PCTPA
      1.4.3 Civil penalties for misuse of public resources
      1.4.4 Prosecution for misuse of public funds
      1.4.5 Disciplinary action for employees

2. **Overnight Travel Expense Reimbursement**
   2.1 The Travel Expense form must be used by Board members and employees to record actual trip expenses. The report should be completed within thirty days from the return date. For Board members and employees, the actual expenses must be approved by Executive Director. The form should then be forwarded to the Fiscal/Administrative Officer for processing, with a personal check attached for any funds due to PCTPA. Failure to submit expense reports within the required time frame may result in the traveler not being reimbursed or collection action being taken if money is owed to PCTPA.

   2.2 All expenses should be itemized, including items PCTPA may have paid for in advance so that the report provides a complete record of expenses. It is the traveler’s responsibility to submit a completed report in order to receive prompt reimbursement.
2.3 Receipts for expenditures must be attached to the expense report for all expenses where a receipt is practicably attainable. A receipt is mandatory for all expenses in excess of $10 unless a written satisfactory explanation is provided. Such written explanations are subject to approval by the Fiscal/Administrative Officer.

2.4 Travel advances may be requested. Any travel advance shall not exceed the total estimated amount of the trip, minus any items prepaid by PCTPA, such as airfare and registration.

2.5 Employees will be reimbursed for reasonable travel expenses up to the reimbursement amounts established by the California Human Resources for non-exempt/excluded employees when such travel is authorized for state or federal reimbursement. The expenditure guidelines established in IRS Bulletin for Special Per Diem Rates should be observed as upper limits for reimbursement of non-state or federal funded travel, unless the circumstances dictate otherwise and the expense is approved by the Executive Director.

2.5.1 Air Travel – Air travel is to be coach class for the most direct route. Travelers are encouraged to book at least 14 to 21 days in advance to qualify for the lowest airfares. PCTPA will cover the cost if it is more cost-effective (i.e., difference in airfare as compared to the additional cost for hotel and meals) to include a Saturday stay. Travelers should consider this option, when practical.

2.5.2 Personal Auto Use – In the event that a private auto is used for the trip, mileage shall be paid at the currently established Internal Revenue Service rate. Maximum reimbursement shall not exceed the cost of using a rental car, train, or commercial airline to reach the same destination.

2.5.3 Ground Transportation – In using surface transportation, the least expensive alternative must be utilized where practical. For example, an airport shuttle should be used instead of a taxi. Such transportation should be used for travel to and from the airport and for reasonable business-related trips at the location.

2.5.4 Parking – PCTPA will reimburse the lesser of the parking cost for a personal auto left at the airport or the cost of a shuttle service or cab to and from the airport.

2.5.5 Personal Travel – If a traveler wishes to combine PCTPA travel with personal travel, or to travel with family members, the traveler may do so, provided that it does not exceed the cost equivalent of a single-person trip.

2.5.6 Rental Car – Use of rental cars must be pre-approved. PCTPA will only reimburse for the cost of renting the least expensive size vehicle necessary for the number of people traveling. PCTPA will not reimburse for rental car insurance coverage because employees are included under PCTPA general automobile insurance coverage.

2.5.7 Meals – PCTPA will pay for meals while the traveler is in travel status. The maximum reimbursement amount for meals will be calculated by multiplying the applicable per diem rate in IRS Notice 2012-63 by the number of days of travel.

2.5.8 Business Meals – Reasonable business meals involving outside persons or when necessary to conduct PCTPA-related business are permitted. All such meals must be
itemized with justification on the Expense Report to determine if eligible for reimbursement.

2.5.9 Hotel – Travelers will be reimbursed for the cost of a moderate and reasonably priced single occupancy hotel room. Travelers should request the “government rate” when making hotel reservations. If a hotel stay is needed in connection with a conference or other education activity, lodging costs shall not exceed the maximum group rate published for the conference. If the group rate is not available, the traveler must use comparable lodging.

2.5.10 Other Business-Related Expenses – Other business-related expenses that arise when traveling such as supplies, equipment rental, reprographics, facsimiles, and other documented business-related expenses may be reimbursed when traveling on PCTPA business and used for PCTPA purposes.

2.5.11 Registration – Travelers requesting to attend a conference or training that requires registration should do so in sufficient time to take advantage of any discounts.

2.5.12 Cancellation Penalties – In the event that registration, airfare, hotel deposit, or similar items that require prepayment are paid and nonrefundable and the traveler is unable to attend, then the traveler will be responsible for reimbursing PCTPA for all prepaid amounts, unless the inability to attend is for valid business reasons, medical reasons or personal emergencies, as approved by the Executive Director for employees or the Executive Committee for Board members.

2.5.13 Non-allowable Expenses – PCTPA will not provide any reimbursement for personal entertainment expenses, travel expense for family members, movies in hotels, personal items, charitable contributions, alcohol, air travel insurance, or any other expenses not deemed necessary for business purposes. PCTPA also will not provide reimbursement for the purpose of attending political events or for expenses incurred with any private club that discriminates on the basis of race, gender, religion, sexual orientation, disability, or any other discriminatory criteria in its membership policy.

3. Local Expense Reimbursement

3.1 Expense reports must be submitted that record any potentially eligible expenses. The form must be submitted together with all receipts and should be submitted within thirty days of the expense being incurred. The report must describe the item or the destination (if mileage reimbursement is requested) and the purpose. The traveler should indicate which work element each item should be charged to.

3.2 Expenses are eligible for reimbursement if they are related to and necessary to carrying out PCTPA business. They may include, but are not limited to: business meals or meetings, mileage, parking, and miscellaneous out-of-pocket expenses. The Executive Director may disallow any extraordinary or inappropriate expense. Whenever possible, travel should be by public transportation whenever feasible.

IN THE MATTER OF: ALLOCATION OF LOCAL TRANSPORTATION FUNDS TO THE CITY OF ROSEVILLE

The following resolution was duly passed by the Placer County Transportation Planning Agency at a regular meeting held May 24, 2017 by the following vote on roll call:

Ayes:
Noes:
Absent:

Signed and approved by me after its passage.

_______________________________________
Chair
Placer County Transportation Planning Agency

WHEREAS, the Placer County Transportation Planning Agency has been designated by the Secretary as the transportation planning agency for Placer County, excluding the Lake Tahoe Basin, in accordance with the Transportation Development Act, as amended; and

WHEREAS, it is the responsibility of the Agency to review the annual transportation claims and to make allocations from the Local Transportation Fund.

NOW, THEREFORE, BE IT RESOLVED that the Agency has reviewed the claim and has made the following allocations from the 2016/17 fiscal year funds.

1. To the City of Roseville for projects conforming to Article 4 – Section 99260(a) of the Act: $ 2,434,778.17

2. To the City of Roseville for projects conforming to Article 8 – Section 99400(a) of the Act $ 5,034,516.83

BE IT FURTHER RESOLVED that allocation instructions are hereby approved for the County Auditor to pay the claimants. Claimant must submit a complete Fiscal and Compliance Audit for the fiscal year ending June 30, 2016, prior to issuance of said instructions to the County Auditor to pay the claimant.
RESOLUTION NO. 17-138

APPROVING AND AUTHORIZING EXECUTION OF THE TRANSPORTATION DEVELOPMENT ACT CLAIM FOR FY2016-17

WHEREAS, the California Public Utilities Code authorizes local transportation funding available through the Local Transportation Fund and State Transit Assistance Fund established by the Transportation Development Act (TDA); and

WHEREAS, the Placer County Transportation Planning Agency (PCTPA) is responsible for reviewing and approving annual transportation claims, and for making allocations from the Local Transportation Fund (LTF) and State Transit Assistance (STA) Funds;

WHEREAS, the City of Roseville has up to $7,469,295 in LTF available to claim from PCTPA and is also eligible to receive up to $348,387 in STA funds; and

WHEREAS, staff recommends that the City of Roseville apply for the full amount of the FY2016-17 claim of $7,817,582; and

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Roseville hereby approves the annual Transportation Development Act claim for FY2016-17 and authorizes and directs the City Manager or his designee to execute the claim and any related documents.

PASSED AND ADOPTED by the Council of the City of Roseville this 19th day of April, 2017, by the following vote on roll call:

IN THE MATTER OF: ALLOCATION OF STATE TRANSIT ASSISTANCE FUNDS TO THE CITY OF ROSEVILLE

The following resolution was duly passed by the Placer County Transportation Planning Agency at a regular meeting held May 24, 2017 by the following vote on roll call:

AYES:

NOES:

ABSENT:

Signed and approved by me after its passage.

_______________________________________
Chair
Placer County Transportation Planning Agency

Executive Director

WHEREAS, the Placer County Transportation Planning Agency has been designated by the Secretary of the State of California, Business and Transportation Agency, as the transportation planning agency for Placer County excluding that portion of the County in the Lake Tahoe Basin, pursuant to the provisions of the Transportation Development Act of 1971, Chapter 1400, Statutes of 1971; and Chapters 161 and 1002, Statutes of 1990; and Chapters 321 and 322, Statutes of 1982; and

WHEREAS, it is the responsibility of the Placer County Transportation Planning Agency, under the provisions of the Act, to review transportation claims and to make allocations of money from the State Transit Assistance Fund based on the claims; and

WHEREAS, the Auditor of each county is required to pay monies in the fund to the claimants pursuant to allocation instructions received from the Placer County Transportation Planning Agency; and

WHEREAS, the Placer County Transportation Planning Agency has reviewed the claim for funds established to be available in the State Transit Assistance fund of Placer County and has made the following findings and allocations:

1. The claimant's proposed expenditures are in conformity with the Regional Transportation Plan.

2. The level of passenger fares and charges is sufficient to enable the operator or transit service
claimant to meet the fare revenue requirements of Public Utilities Code Sections 99268.2, 99268.3, 99268.4, 99268.5, and 99268.9, as they may be applicable to the claimant.

3. The claimant is making full use of federal funds available under the Urban Mass Transportation Act of 1964, as amended.

4. The sum of the claimant's allocations from the State Transit Assistance Fund and from the Local Transportation Fund does not exceed the amount the claimant is eligible to receive during the fiscal year.

5. Priority consideration has been given to claims to offset reductions in federal operating assistance and the unanticipated increase in the cost of fuel, to enhance existing public transportation services, and to meet high priority regional, countywide, or areawide public transportation needs.

6. The regional entity may allocate funds to an operator for the purposes specified in Section 6730 only if, in the resolution allocating the funds, it also finds the following:

   a) The operator has made a reasonable effort to implement the productivity improvements recommended pursuant to Public Utilities Code Section 99244. This finding shall make specific reference to the improvements recommended and to the efforts made by the operator to implement them.

   b) For an allocation made to an operator for its operating cost, the operator is not precluded by any contract entered into on or after June 28, 1979, from employment of part-time drivers or from contracting with common carriers of persons operating under a franchise or license.

   c) A certification by the Department of the California Highway Patrol verifying that the operator is in compliance with Section 1808.1 of the Vehicle Code, as required in Public Utilities Code Section 99251. The certification shall have been completed within the last 13 months, prior to filing claims.

   d) The operator is in compliance with the eligibility requirements of Public Utilities Code Section 99314.6.

Allocation to the City of Roseville of $348,287 in State Transit Assistance Funds (PUC 99313 and PUC 99314) for transit purposes (section 6730a).

NOW, THEREFORE, BE IT RESOLVED that allocation instructions have been prepared in accordance with the above and are hereby approved and that the Chairman is authorized to sign said allocation instructions and to issue the instructions to the County Auditor to pay the claimants in accordance with the above allocations.

IT IS FURTHER RESOLVED that the claimant be notified of the Placer County Transportation Planning Agency's action on their claim.
RESOLUTION NO. 17-138

APPROVING AND AUTHORIZING EXECUTION OF THE TRANSPORTATION DEVELOPMENT ACT CLAIM FOR FY2016-17

WHEREAS, the California Public Utilities Code authorizes local transportation funding available through the Local Transportation Fund and State Transit Assistance Fund established by the Transportation Development Act (TDA); and

WHEREAS, the Placer County Transportation Planning Agency (PCTPA) is responsible for reviewing and approving annual transportation claims, and for making allocations from the Local Transportation Fund (LTF) and State Transit Assistance (STA) Funds;

WHEREAS, the City of Roseville has up to $7,469,295 in LTF available to claim from PCTPA and is also eligible to receive up to $348,387 in STA funds; and

WHEREAS, staff recommends that the City of Roseville apply for the full amount of the FY2016-17 claim of $7,817,582; and

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Roseville hereby approves the annual Transportation Development Act claim for FY2016-17 and authorizes and directs the City Manager or his designee to execute the claim and any related documents.

The City of Lincoln hereby requests, in accordance with the State of California Public Utilities Code commencing with Section 99200 and the California Code of Regulations commencing with Section 6600, that this claim for State Transit Assistance be approved in the amount of $113,980 for Fiscal Year 2016/2017, in the following amounts for the following purposes to be drawn from the State Transit Assistance fund deposited with the Placer County Treasurer.

- Transit Operations (6730a): $ __________________
- Transit Capital (6730a): $ __________________
- Contracted Transit Services (6731b): $ 113,980
- Community Transit Services Provided by WPCTSA (6731.1): $ __________________

When approved, this claim will be transmitted to the Placer County Auditor for payment. Approval of the claim and payment by the County Auditor to the applicant is subject to such monies being available for distribution, and to the provisions that such monies will be used only in accordance with the terms of the approved annual financial plan and budget.

Placer County Transportation Planning Agency

*Revised: October 2016*
The following resolution was duly passed by the Placer County Transportation Planning Agency at a regular meeting held May 24, 2017 by the following vote on roll call:

AYES:

NOES:

ABSENT:

Signed and approved by me after its passage.

______________________________
Chair
Placer County Transportation Planning Agency

WHEREAS, the Placer County Transportation Planning Agency has been designated by the Secretary of the State of California, Business and Transportation Agency, as the transportation planning agency for Placer County excluding that portion of the County in the Lake Tahoe Basin, pursuant to the provisions of the Transportation Development Act of 1971, Chapter 1400, Statutes of 1971; and Chapters 161 and 1002, Statutes of 1990; and Chapters 321 and 322, Statutes of 1982; and

WHEREAS, it is the responsibility of the Placer County Transportation Planning Agency, under the provisions of the Act, to review transportation claims and to make allocations of money from the State Transit Assistance Fund based on the claims; and

WHEREAS, the Auditor of each county is required to pay monies in the fund to the claimants pursuant to allocation instructions received from the Placer County Transportation Planning Agency; and

WHEREAS, the Placer County Transportation Planning Agency has reviewed the claim for funds established to be available in the State Transit Assistance fund of Placer County and has made the following findings and allocations:

1. The claimant's proposed expenditures are in conformity with the Regional Transportation
Plan.

2. The level of passenger fares and charges is sufficient to enable the operator or transit service claimant to meet the fare revenue requirements of Public Utilities Code Sections 99268.2, 99268.3, 99268.4, 99268.5, and 99268.9, as they may be applicable to the claimant.

3. The claimant is making full use of federal funds available under the Urban Mass Transportation Act of 1964, as amended.

4. The sum of the claimant's allocations from the State Transit Assistance Fund and from the Local Transportation Fund does not exceed the amount the claimant is eligible to receive during the fiscal year.

5. Priority consideration has been given to claims to offset reductions in federal operating assistance and the unanticipated increase in the cost of fuel, to enhance existing public transportation services, and to meet high priority regional, countywide, or areawide public transportation needs.

6. The regional entity may allocate funds to an operator for the purposes specified in Section 6730 only if, in the resolution allocating the funds, it also finds the following:

   a) The operator has made a reasonable effort to implement the productivity improvements recommended pursuant to Public Utilities Code Section 99244. This finding shall make specific reference to the improvements recommended and to the efforts made by the operator to implement them.

   b) For an allocation made to an operator for its operating cost, the operator is not precluded by any contract entered into on or after June 28, 1979, from employment of part-time drivers or from contracting with common carriers of persons operating under a franchise or license.

   c) A certification by the Department of the California Highway Patrol verifying that the operator is in compliance with Section 1808.1 of the Vehicle Code, as required in Public Utilities Code Section 99251. The certification shall have been completed within the last 13 months, prior to filing claims.

   d) The operator is in compliance with the eligibility requirements of Public Utilities Code Section 99314.6.

Allocation to the City of Lincoln of $113,980 in State Transit Assistance Funds (PUC 99313 and PUC 99314) for transit purposes (section 6730a).

NOW, THEREFORE, BE IT RESOLVED that allocation instructions have been prepared in accordance with the above and are hereby approved and that the Chairman is authorized to sign said allocation instructions and to issue the instructions to the County Auditor to pay the claimants in accordance with the above allocations.

IT IS FURTHER RESOLVED that the claimant be notified of the Placer County Transportation Planning Agency's action on their claim.
RESOLUTION 2017-044

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LINCOLN
APPROVING AND AUTHORIZING THE EXECUTION OF THE 2016/17 LOCAL
TRANSPORTATION FUNDS AND 2015/16 AND 2016/17 STATE TRANSIT
ASSISTANCE CLAIMS TO THE PLACER COUNTY TRANSPORTATION
PLANNING AGENCY.

WHEREAS, the California Public Utilities Code commencing with Section 99200
and the California Code of Regulations commencing with Section 6600
authorizes local transportation funding available through the Local Transportation
Fund established by the Transportation Development Act; and

WHEREAS, the Placer County Transportation Planning Agency is authorized to
receive and approve all claims for Local Transportation Funds and State Transit
Assistance funds.

NOW, THEREFORE BE IT RESOLVED, that the City Council of the City of
Lincoln does hereby approve the 2015/16 and 2016/2017 Transportation
Development Act Claim(s) to the Placer County Transportation Planning Agency
as follows:

$375,108 of Local Transportation Funds for Transit purposes; $113,980 of State
Transit Assistance for Transit Operations, $2,263,624 of Local Transportation
Funds for Streets and Roads and $1,782 of previously unclaimed Local
Transportation Funds for Transit purposes for the FY 2015/2016.

PASSED AND ADOPTED this 14th day of March, 2017.

IN THE MATTER OF: ALLOCATION OF LOCAL TRANSPORTATION FUNDS TO THE CITY OF AUBURN

The following resolution was duly passed by the Placer County Transportation Planning Agency at a regular meeting held May 24, 2017 by the following vote on roll call:

Ayes:

Noes:

Absent:

Signed and approved by me after its passage.

__________________________________________
Chair
Placer County Transportation Planning Agency

Executive Director

WHEREAS, the Placer County Transportation Planning Agency has been designated by the Secretary as the transportation planning agency for Placer County, excluding the Lake Tahoe Basin, in accordance with the Transportation Development Act, as amended; and

WHEREAS, it is the responsibility of the Agency to review the annual transportation claims and to make allocations from the Local Transportation Fund.

NOW, THEREFORE, BE IT RESOLVED that the Agency has reviewed the claim and has made the following allocations from the 2016/17 fiscal year funds.

1. To the City of Auburn for projects conforming to Article – Section 99260(a) of the Act: $384,832

2. To the City of Auburn for projects conforming to Article 8 – Section 99400(a) of the Act: $400,000

BE IT FURTHER RESOLVED that allocation instructions are hereby approved for the County Auditor to pay the claimants. Claimant must submit a complete Fiscal and Compliance Audit for the fiscal year ending June 30, 2016, prior to issuance of said instructions to the County Auditor to pay the claimant.
RESOLUTION NO. 17-
RESOLUTION APPROVING AND AUTHORIZING EXECUTION OF THE 2016/17 LOCAL TRANSPORTATION FUND CLAIM TO THE PLACER COUNTY TRANSPORTATION PLANNING AGENCY

WHEREAS, in the procedures established by the Placer County Transportation Planning Agency (PCTPA) requires the applicant to certify by resolution approval of the execution of the application before submission of said application to the PCTPA;

THE CITY COUNCIL OF THE CITY OF AUBURN DOES HEREBY RESOLVE:

That the CITY OF AUBURN authorizes the submittal of an application to PCTPA for the 2016/17 Local Transportation Fund Claim. The Planning & Public Works Director or the City of Auburn or her designee, is hereby authorized and empowered to execute the 2016/17 Transportation Claim and all necessary amendments and payment requests hereto in the amount of:

$384,832   TDA Article 4, P.U.C. 99260a (Transit Operations)
$400,000   TDA Article 8a, P.U.C. 99400a (Streets and Roads)

IN THE MATTER OF: ALLOCATION OF
STATE TRANSIT ASSISTANCE FUNDS TO
THE CITY OF AUBURN

The following resolution was duly passed by the Placer County Transportation Planning Agency at a regular meeting held May 24, 2017 by the following vote on roll call:

AYES:

NOES:

ABSENT:

Signed and approved by me after its passage.

________________________________________
Chair
Placer County Transportation Planning Agency

________________________________________
Executive Director

WHEREAS, the Placer County Transportation Planning Agency has been designated by the Secretary of the State of California, Business and Transportation Agency, as the transportation planning agency for Placer County excluding that portion of the County in the Lake Tahoe Basin, pursuant to the provisions of the Transportation Development Act of 1971, Chapter 1400, Statutes of 1971; and Chapters 161 and 1002, Statutes of 1990; and Chapters 321 and 322, Statutes of 1982; and

WHEREAS, it is the responsibility of the Placer County Transportation Planning Agency, under the provisions of the Act, to review transportation claims and to make allocations of money from the State Transit Assistance Fund based on the claims; and

WHEREAS, the Auditor of each county is required to pay monies in the fund to the claimants pursuant to allocation instructions received from the Placer County Transportation Planning Agency; and

WHEREAS, the Placer County Transportation Planning Agency has reviewed the claim for funds established to be available in the State Transit Assistance fund of Placer County and has made the following findings and allocations:

1. The claimant's proposed expenditures are in conformity with the Regional Transportation Plan.
2. The level of passenger fares and charges is sufficient to enable the operator or transit service claimant to meet the fare revenue requirements of Public Utilities Code Sections 99268.2, 99268.3, 99268.4, 99268.5, and 99268.9, as they may be applicable to the claimant.

3. The claimant is making full use of federal funds available under the Urban Mass Transportation Act of 1964, as amended.

4. The sum of the claimant's allocations from the State Transit Assistance Fund and from the Local Transportation Fund does not exceed the amount the claimant is eligible to receive during the fiscal year.

5. Priority consideration has been given to claims to offset reductions in federal operating assistance and the unanticipated increase in the cost of fuel, to enhance existing public transportation services, and to meet high priority regional, countywide, or areawide public transportation needs.

6. The regional entity may allocate funds to an operator for the purposes specified in Section 6730 only if, in the resolution allocating the funds, it also finds the following:

   a) The operator has made a reasonable effort to implement the productivity improvements recommended pursuant to Public Utilities Code Section 99244. This finding shall make specific reference to the improvements recommended and to the efforts made by the operator to implement them.

   b) For an allocation made to an operator for its operating cost, the operator is not precluded by any contract entered into on or after June 28, 1979, from employment of part-time drivers or from contracting with common carriers of persons operating under a franchise or license.

   c) A certification by the Department of the California Highway Patrol verifying that the operator is in compliance with Section 1808.1 of the Vehicle Code, as required in Public Utilities Code Section 99251. The certification shall have been completed within the last 13 months, prior to filing claims.

   d) The operator is in compliance with the eligibility requirements of Public Utilities Code Section 99314.6.

Allocation to the City of Auburn of $34,466 in State Transit Assistance Funds (PUC 99313 and PUC 99314) for transit operations (section 6730a) in the amount of $32,399.24 and capital uses in the amount of $2,066.76.

NOW, THEREFORE, BE IT RESOLVED that allocation instructions have been prepared in accordance with the above and are hereby approved and that the Chairman is authorized to sign said allocation instructions and to issue the instructions to the County Auditor to pay the claimants in accordance with the above allocations.

IT IS FURTHER RESOLVED that the claimant be notified of the Placer County Transportation Planning Agency's action on their claim.
RESOLUTION NO. 17-
RESOLUTION APPROVING AND AUTHORIZING EXECUTION OF THE 2016/17 LOCAL TRANSPORTATION FUND CLAIM TO THE PLACER COUNTY TRANSPORTATION PLANNING AGENCY

WHEREAS, in the procedures established by the Placer County Transportation Planning Agency (PCTPA) requires the applicant to certify by resolution approval of the execution of the application before submission of said application to the PCTPA;

THE CITY COUNCIL OF THE CITY OF AUBURN DOES HEREBY RESOLVE:

That the CITY OF AUBURN authorizes the submittal of an application to PCTPA for the 2016/17 Local Transportation Fund Claim. The Planning & Public Works Director or the City of Auburn or her designee, is hereby authorized and empowered to execute the 2016/17 Transportation Claim and all necessary amendments and payment requests hereeto in the amount of:

$384,832 TDA Article 4, P.U.C. 99260a (Transit Operations)
$400,000 TDA Article 8a, P.U.C. 99400a (Streets and Roads)
$34,466 STA (State Transit Assistance)

DATED: May 22, 2017

Matthew Spokely, MD, Mayor

ATTEST:

Amy Lind, City Clerk

I, Stephanie L. Snyder, City Clerk of the City of Auburn, hereby certify that the foregoing resolution was duly passed at a regular meeting of the City Council of the City of Auburn held on the 9th Day of May 2016 by the following vote on roll call:
Ayes:
Noes:
Absent:

Amy Lind, City Clerk
TO: PCTPA Board of Directors

FROM: Luke McNeel-Caird, Senior Planner/Engineer

SUBJECT: 9:00 A.M: PUBLIC HEARING: STATE ROUTE 65 WIDENING PROJECT DRAFT ENVIRONMENTAL DOCUMENT

ACTION REQUESTED
Conduct a public hearing to obtain public input on the Draft Initial Study and Proposed Mitigated Negative Declaration (IS/MND) for the State Route (SR) 65 Widening project.

BACKGROUND
PCTPA, along with Caltrans, the cities of Rocklin, Roseville, and Lincoln, and the County of Placer are project partners for the SR 65 Widening project. In May 2014, five project concepts were presented to the Board, which were used to gain input from Placer County residents and businesses. Subsequently, the Board concurred with changes to the project in March 2015, and the following three alternatives were included in the draft environmental document:

- Alternative 1 – Carpool Lane
- Alternative 2 – General Purpose Lane
- Alternative 3 – No Build (No Project)

A community meeting was held on July 24, 2014 in Lincoln in order to inform the public about the proposed project and provide opportunity to answer any questions. In addition, the project was presented during the funding strategy outreach at six town hall meetings throughout Placer County in November 2015 and PCTPA staff presented a project update to the Roseville Transportation Commission on November 15, 2016.

DISCUSSION
The Draft IS/MND for the SR 65 Widening project is now complete. A public notice was released on May 12, 2017 to inform agencies, stakeholders, and the public that the document is available for review and comment, and is available for review at PCTPA office, Caltrans office, four libraries, and online at http://pctpa.net/projects/sr65widening/. The Draft IS/MND has a 30-day review period, with comments due by June 14, 2017.

After comments on the Draft IS/MND have been addressed and regulatory agency concurrence is secured, the Board will consider adoption of the preferred alternative as part of the Final IS/MND.

PCTPA staff will provide a presentation of the SR 65 Widening project, including results from the Draft IS/MND, at your Board meeting.

LM:CM:ss
MEMORANDUM

TO: Board of Directors  
FROM: David Melko, Senior Transportation Planner  
DATE: May 9, 2017

SUBJECT: PLACER COUNTY FREEWAY SERVICE PATROL (FSP) SERVICE CHANGES

ACTION REQUESTED
Authorize the Executive Director to negotiate and sign Change Order No. 2 to Placer County Freeway Service Patrol Contractor Services Agreement 15-FSP-01.

BACKGROUND
Placer County’s Freeway Service Patrol (FSP) is a joint program provided by the California Department of Transportation (Caltrans), the California Highway Patrol (CHP) and PCTPA. The program is a free service of privately owned tow trucks that patrol about 15 miles of congested segments along both I-80 and SR65. Tow trucks currently operate weekdays, except holidays, from 6:30 a.m. to 9:30 a.m., and 4:00 p.m. to 7:00 p.m. Monday through Friday.

The goal of FSP is to maximize the effectiveness of our freeway system. This is accomplished by the expeditious removal of disabled/stranded vehicles from the freeway system, which has a positive impact on traffic volumes by eliminating problems that contribute to non-recurrent congestion. Caltrans estimates Placer County’s FSP had an overall benefit/cost (b/c) ratio of 5.0; considered productive in aiding motorists with a relatively high number of assists per tow truck hour of service.

The Contractor Services Agreement with Extreme Towing, Inc. was approved in December 2014 for an annual not to exceed amount of $261,500. Change Order No. 1, approved by the Board in May 2015, reduced the FY 2015/16 budget to $251,500 to align with State grant funding by eliminating Sunday service and modifying service hours to reduce overtime opportunities.

Placer County’s FSP program is currently funded through a combination of federal (30%), state (60%) and local sources (10%). Both federal and state funding require annual matching funds. A combination of local sources has been used over the years based on their availability; including TDA funds, Placer County Indian Gaming Special Distribution Funds, and Placer County Air Pollution Control District (APCD) Clean Air Grant Funds.

DISCUSSION
For FY 2017/18, PCTPA will incur several costs associated with the FSP program that are currently funded by the Sacramento Transportation Authority (STA). The STA has requested that beginning FY 2017/18, PCTPA and the El Dorado County Transportation Commission (EDCTC) share the costs attributable to converting FSP radios from analog to digital and centralizing radio communication and web database services (including the FSP Tracker App). For PCTPA, these costs are estimated at about $5,500 annually.
In addition, PCTPA is in the final year of our contract with Extreme Towing, which ends January 2, 2018. PCTPA has up to three one-year option years to renew. Extreme Towing is proposing a 7.1 percent cost/hour increase through January 2, 2019. Statewide, FSPs have been seeing on average a 10 to 20 percent annual cost increase with contract renewals primarily due to state minimum wage increases, but also due to drivers seeking better wages elsewhere in the industry, as well as insurance cost increases.

The combination of increased costs and a flat to decreasing budget, necessitates a change in service level. Staff proposes to retain the two tow trucks but also eliminate the support vehicle known as the “Adam” truck, at an estimated savings of $25,500. The net change will keep costs within the $277,000 FY 2017/18 budget.

Staff recommends approval of authorization to negotiate and sign Change Order No. 2 to the Placer County Freeway Service Patrol Contractor Services Agreement 15-FSP-01. The TAC concurs with the staff recommendation.
TO: PCTPA Board of Directors

FROM: Luke McNeel-Caird, Senior Planner/Engineer

SUBJECT: CONGESTION MITIGATION AND AIR QUALITY (CMAQ) ALLOCATION CRITERIA FOR FY 2019/20 THROUGH 2021/22

ACTION REQUESTED
Adopt revised CMAQ allocation criteria for FY 2019/20 through FY 2021/22 to designate fair share targets for jurisdictions and to direct discretionary funds to leverage Caltrans funding for construction of a roundabout in the City of Colfax and construction of sidewalks on Highway 49 in the City of Auburn and County of Placer, as shown in Attachment 2.

BACKGROUND
CMAQ funding was first introduced in 1991 with the federal Intermodal Surface Transportation Efficiency Act (ISTEA), and has been included in subsequent federal surface transportation bills, including the most recent Fixing America’s Surface Transportation (FAST) Act authorized in December 2015. The purpose of the CMAQ Program is to fund transportation projects or programs that will contribute to attainment or maintenance of the National Ambient Air Quality Standards (NAAQS) for ozone, carbon monoxide, and particulate matter.

There have been some recent developments, including the passage of state Senate Bill 1 (SB 1), that could allow us to significantly attract state funding to be matched using federal CMAQ funding, which is restricted to non-capacity increasing improvements.

DISCUSSION
CMAQ is one of the few funding sources still available for discretionary distribution. In the past, the discretionary CMAQ funding has been used in South Placer County to move forward on preconstruction of the SR 65 Widening project. To leverage this funding source to attract state funding, staff worked with the jurisdictions to carve out CMAQ funding for the following regional projects.

Colfax Roundabout
The City of Colfax has been working with Caltrans and a local development to improve traffic operations and regional mobility at the Interstate 80 eastbound hook off- and on-ramps to South Auburn Street/State Route 174. The construction of a roundabout has been determined as the best possible solution to reduce traffic congestion and improve safety, with an estimated cost of $2.6 million. Historically it would take Colfax perhaps decades to collect development impact fees and other funding to construct this improvement independently.

With Board concurrence, a preliminary plan has been presented between City of Colfax, Caltrans, and a local development to leverage $900,000 in CMAQ funding to attract $1.7 million in state funds and development fees to fully fund construction of the roundabout.
Highway 49 Sidewalks
Caltrans is currently working on pre-construction of a $39 million project to repave Highway 49 from Interstate 80 to Dry Creek Road, approximately 4.5 miles. With the state's focus on including complete streets as part of maintenance projects, Caltrans has added bicycle and pedestrian facilities to the project, which would provide Class II on-street bike lanes in both directions for the entire length. Pedestrian facilities would be added on the east side of Highway 49 in Placer County and on the west side of Highway 49 in the City of Auburn, however, some gaps would still exist between existing and proposed sidewalks.

With the passage of SB 1, approximately $100 million is being added to the state Active Transportation Program (ATP), with the next call for projects anticipated later this year. There is an opportunity to leverage $2 million in CMAQ funding to attract ATP and potential other funding sources to construct additional sidewalks on Highway 49. PCTPA is currently working with Caltrans, City of Auburn, and County of Placer to hold a community meeting in July 2017 to present the current project planned to be constructed by Caltrans, and also identify priorities for additional sidewalk locations.

Proposed Criteria
The proposed CMAQ funding criteria, shown in Attachment 1, would designate what was previously considered discretionary funds to allow for the roundabout in Colfax and Highway 49 sidewalks in Auburn and Placer County to move forward with pre-construction.

As in all previous cycles, each jurisdiction is recommended to receive a fair share target based on population, as shown in Attachment 2.

The Technical Advisory Committee (TAC) has reviewed this proposal and recommends approval.

Next Steps
Based on Board direction, staff will issue a Call for Projects based on the fair share targets for each jurisdiction. It is anticipated, the resulting project list will be provided for Board approval later this year.

LM:CM:ss
GUIDELINES FOR CMAQ FUNDS FOR PROJECTS IMPLEMENTED BY
PCTPA MEMBER JURISDICTIONS
FFY 2019/20 THROUGH 2021/22

1. Set aside up to 25% of PCTPA’s designated ‘fair and equitable share’ as a discretionary fund for designated projects as Placer’s contribution to regional programs required in the State Implementation Plan (SIP) to maintain air quality conformity. These programs include:
   - Spare the Air
   - Freeway Service Patrol
   - Congestion Management Program

2. Allocate $800,000 of the 25% discretionary portion for construction of a roundabout in the City of Colfax.

3. Allocate $2,000,000 of the 25% discretionary portion for construction of sidewalks on Highway 49 in the City of Auburn and County of Placer.

4. Distribute the remaining ‘fair and equitable share’ of CMAQ to jurisdictions according to their percentage of population, per the latest Department of Finance’s annual estimates. Joint or multi-jurisdictional projects could also be accommodated within the ‘fair share’ allocations.

5. CMAQ funding minimum will be $100,000. This minimum may exceed the share of some of the small jurisdictions. In that case, the discretionary fund will be used to supplement these jurisdictions’ ‘fair share’ in order to achieve the $100,000 project minimum.

6. For each proposed CMAQ project, whether funded out of fair share or discretionary funds, the jurisdiction/applicant will submit an application to PCTPA that, at a minimum, includes the following information.
   - Description of project including justification and need
   - Project schedule by phase including anticipated date project will be open to the public
   - Total cost of project including portion to be funded from CMAQ and amount/source of local match
   - Type of CMAQ funds being requested (‘fair share’ and/or ‘discretionary’) and, for ‘fair share’ funds, from which jurisdiction’s share (or multiple jurisdictions in the case of a joint application).
   - Calculation of air quality benefit/emissions reduction using most recent approved California Air Resources Board methodology. Note: These calculations are required in order to comply with CMAQ guidelines.

7. Each applicant will submit its application(s) by the specified due date to PCTPA. Applications will be reviewed by PCTPA staff and the Technical Advisory Committee (TAC). Staff and TAC recommendations will be forwarded to the Board along with a summary of all applications. The PCTPA Board will prioritize applications for funding from the discretionary portion and will approve eligible applications for jurisdictions according to the applicable ‘fair share’ distribution guidelines. The approved projects will then be submitted to SACOG for inclusion in the MTP and MTIP.

TO: PCTPA Board of Directors

FROM: Celia McAdam, Executive Director

SUBJECT: STATE LEGISLATIVE UPDATE AND IMPLICATIONS FOR LOCAL FUNDING STRATEGY

ACTION REQUESTED
1. Receive overview of Senate Bill 1 (SB1) and implications for Placer’s transportation system; and
2. Receive update on legislative effort to designate a transportation sales tax district within Placer County; and
3. Authorize Executive Director to negotiate and sign a contract with TBW&B Strategies to provide funding strategy outreach for FY 2017/18.

BACKGROUND
PCTPA’s transportation planning efforts have long identified the need for significant infrastructure investment to accommodate the growing needs of our population and economy. In spite of our creative and aggressive efforts to generate funds and minimize costs, the gap between our needs and our available funding continues to grow, with current estimates of a $2.1 billion gap over the next 30 years. Ultimately, that led to the adoption of the Transportation Investment Plan and sales tax ordinance that was placed on the November 2016 countywide ballot as Measure M. As the Board is aware, a transportation sales tax requires a 2/3 majority vote for passage, and Measure M received just shy of 64%.

In an effort to look to options on moving forward, the Board directed our State Advocacy Consultant, Mark Watts, to pursue legislation to permit the formation of a transportation sales tax district within Placer County.

The gap between revenues and need for transportation improvements is by no means unique to Placer County, and has been a major focus of State efforts. For several years, both Governor Brown and the Legislature have been talking about the $59 billion of deferred maintenance needs on the State highway system. The League of California Cities and California State Association of Counties quickly added that the State’s needs are on top of another $73 billion shortfall on the local road system. This situation results from there being no inflationary index on a gas tax coupled with ever increasing vehicle fuel efficiency and greater use of alternative fuel vehicles. This means that the buying power of the gas tax is about 1/3 of what it was when it was last raised in 1994.

In 2016, the PCTPA Board joined the Fix Our Roads Coalition, a group led by the California League of Cities, California State Association of Counties, business, labor, and transportation advocates, and took a position of support to enhance funding for road maintenance and repair. In February 2017, the Board took a position of support for AB1 (Frazier)/SB 1 (Beall); at that time, the bill was estimated to generate approximately $6.1 billion annually for transportation, with...
approximately half the funds going to road maintenance and rehabilitation, another $563 million to transit and rail, and the remainder going to the State Highway Account for state and local road improvements.

**DISCUSSION**

**SB 1 State Transportation Funding**

SB 1 was passed by the Legislature in early April, and signed by Governor Brown late in the month. Like many high profile legislative efforts, SB 1 went through many iterations from the time it was first proposed, to when the PCTPA Board reviewed it in February 2017, to what was ultimately passed. The final package will generate $5.2 billion annually for transportation; while the bulk of the funds are still directed to road maintenance, more funds are directed to alternative transportation. A summary of funding and cash flows for SB 1, as provided by the California Association of Councils of Government (CALCOG) is shown in Attachment 1.

Staff will provide the latest information as part of the presentation of this item; however, it is important to note that many details of the impacts of the bill are not yet available. Specifically, the amounts that each jurisdiction will actually see are only estimated at this time, and numerous programs within the bill, such as the guidelines for project selection, have yet to be determined. On the plus side, the significant increase in funds to the State Highway Operations Protection Program (SHOPP) opens up more partnering opportunities for state highway projects.

It should be noted that the passage of SB 1 has proven controversial and will almost necessarily impact the messages of the Funding Strategy Outreach effort. To further complicate the situation, there is currently an effort underway to put a referendum of the bill on the 2018 ballot.

**Transportation Sales Tax District**

Our State Legislative Advocate has pursued several avenues of legislation that would enable PCTPA to designate a transportation sales tax district within the county.

The most promising of these bills is AB 1324 (Gloria), which would allow Metropolitan Transportation Organizations (MPOs) and Regional Transportation Planning Agencies (RTPAs) that are transportation sales tax authorities to designate sub-districts. As of this writing, AB 1324 has been put on hold until 2018 to allow the author to deal with issues that have arisen on the bill within his San Diego district. Efforts to find a new vehicle for the transportation sales tax districting effort are continuing, and staff will provide an update at your Board meeting.

Meanwhile, the educational efforts of Funding Strategy Outreach, as outlined in the Overall Work Program and Budget, are moving forward. Six firms responded to our Request for Proposal (RFP) for the outreach consultant services, and two firms were interviewed by a panel comprised of Chair Holmes, Boardmember Rohan, and Executive Director McAdam.

The panel ranked TBWB Strategies as the preferred firm, and recommends the Board authorize the Executive Director to negotiate and sign a contract with the firm that refines the team to include a Placer-based member at an amount not to exceed $126,000 including all expenses.

        Aaron Hoyt, Associate Planner

SUBJECT: FINAL FY 2017/18 OVERALL WORK PROGRAM (OWP) AND BUDGET

ACTION REQUESTED
Authorize the Executive Director to submit the attached final FY 2017/18 Overall Work Program (OWP) and Budget to Caltrans.

BACKGROUND
Each Regional Transportation Planning Agency (RTPA) must submit a draft OWP to Caltrans no later than March 1 of each year, with final version submitted by June 1.

The OWP should provide a description of the activities to be undertaken by the agency in the coming year, along with detailed budget information. The attached final OWP and Budget has been developed in compliance with these requirements and reflects the latest information on finances and work activities, as well as comments received from the Board, Caltrans, and jurisdictions. It is expected that the OWP and Budget will be amended periodically during the fiscal year to reflect any new information, work activities, and/or budget changes.

DISCUSSION
The final version of the FY 2017/18 OWP and Budget contains only minor changes from the preliminary draft version adopted by the Board in February 2017, including the incorporation of comments from Caltrans.

The most notable change in the OWP and Budget is the reduced funding available for the Freeway Service Patrol (WE 80). The specifics of this issue, including contract revisions with the FSP provider, are shown in a separate item on your May Board agenda.

Work Program
As noted in the preliminary draft, the FY 2017/18 work program reflects two new work elements and a reinvigoration of another work element (WE), along with several ongoing planning and implementation efforts. Work Elements 22 and 24 will develop Short Range Transit Plans for the fixed route operators and the Western Placer Consolidated Transportation Services Agency (CTSA), respectively, with both funded by the CTSA. WE 60, the Regional Transportation Funding Strategy, renews the effort to develop a local transportation funding source in the wake of the failure of Measure M on the November 2016 ballot, as supported by expanded efforts under Intergovernmental Coordination (WE 12), Intergovernmental Advocacy (WE 13), and Communications and Outreach (WE 14).
Ongoing planning and implementation efforts include bringing Phase 1 of the I-80/SR 65 Interchange Improvement project to construction (WE 41), and continuing work to finalize environmental clearances for Highway 65 Widening (WE 42), as well as completing the update of the Regional Bikeway Master Plan (WE 33) and Dry Creek West Planning and Feasibility Study (WE 77). The plan to update the Airport Land Use Compatibility Plan (ALUCP) (WE 27), which was included in the FY 2016/17 work program, is pushed out to FY 2017/18 in recognition of the schedule for the City of Auburn to adopt an updated Airport Master Plan on which the ALUCP update would be based.

As always, the Work Program maintains our strong focus on core Agency activities, such as Transportation Development Act (TDA) administration, State and Federal transportation programming compliance, Freeway Service Patrol and Congestion Management Program implementation, and management of various Joint Powers Authorities (JPAs) including the South Placer Regional Transportation Authority (SPRTA) and the Western Placer Consolidated Transit Services Agency (CTSA).

**Staffing**

Staffing levels remains at 6.25 full time equivalent in FY 2017/18.

**Budget**

Staff is pleased to again provide the Board with a balanced budget of $3,745,796.

Much has been discussed in the media recently in regards to the impacts of CalPERS to local government budgets. The Board should be assured that we continue to be able to cover our CalPERS costs without impacts to reserves. The costs remain manageable partly due to proactive management and the foresight of the Board that kept all “classic” PCTPA employees at 2% at 55 with new hires at 2% at 62, and partly because none of our 6 full time staff come under PERS safety classifications. Our unfunded accrued liability is annually recalculated by PERS based on our staffing; the $66,461 assessed for FY 2017/18 is included in the budgeted staffing costs.

OVERALL WORK PROGRAM FOR 2017/18

OVERVIEW

The FY 2017/18 Overall Work Program (OWP) documents the management, budgetary, and monitoring activities performed annually by the Placer County Transportation Planning Agency (PCTPA). It is developed annually for Caltrans review and for approval by the PCTPA Board of Directors. This version of the OWP is the result of input from jurisdiction management, public works and planning officials, air district management, tribal governments, elected officials, and the general public. This document also provides an application format for Caltrans-administered funding programs, such as FHWA grants.

Twenty work elements are proposed that include specific objectives, budgets, and products. Several of these work elements are funded by a mixture of State, federal and local programs. The remaining are funded solely by TDA funds. This work program has a number of important characteristics:

1. The work program is action oriented. Its primary objective is to implement a programming and funding strategy that will address the mobility needs of Placer County residents, businesses, and visitors. Of key overall importance is the implementation of the Regional Transportation Plan, which serves as a guiding force for transportation improvements over the next 20 years, and its integration with SACOG’s Metropolitan Transportation Plan (MTP) and Sustainable Communities Strategy (SCS) and other activities that support regional planning as covered under Work Element 20. Also included here are strategies and studies to address major transportation issues or hot spots including: (1) Placer Parkway; (2) I-80/SR 65 Interchange Improvements; (3) SR 65 Widening; (4) Bikeway Planning/Countywide Bicycle Master Plan Update; (5) Airport Land Use Compatibility Plan Update; (6) Rail Program; and (7) Regional Transportation Funding Strategy.

2. The work program reflects a pro-active approach to identifying future transportation project needs (e.g., TDA Administration, Capitol Corridor Rail, implementation of the Regional Transportation Plan, Regional Transportation Funding Strategy, Bikeway Planning);

3. The work program provides a greater emphasis on implementation of previously identified needs, including administration of the South Placer Regional Transportation Authority, project management and delivery, the update of the Comprehensive Land Use Compatibility Plan for Placer’s airports, and leading the preconstruction of the I-80/SR 65 Interchange Improvements, and SR 65 Widening;

4. The work program includes a comprehensive effort to assist member jurisdictions in maintaining the high level of compliance with “use it or lose it” timely use of funds requirements;

5. The work program reflects a multimodal approach. Effort has been divided between planning for transit, highways, rail, aviation, ITS, pedestrian facilities, and bikeways;
6. The work program reflects the strong commitment to partnerships with other regional agencies in approaching interregional transportation needs.

7. The work program reflects the more pronounced need to participate in regional, State, and federal discussions regarding planning and funding transportation projects;

8. The work program will assure that PCTPA meets all State and federal planning requirements;

9. The work program funding allocation system meets TDA requirements.

The 2017/18 OWP is a product of cooperative efforts by PCTPA’s member jurisdictions, including the Cities of Auburn, Colfax, Lincoln, Loomis, Rocklin, and Roseville, the Town of Loomis, and Placer County, as well as other interested agencies. Equally important, the OWP is consistent with State and federal funding priorities.

INTRODUCTION

The mission of the Placer County Transportation Planning Agency (PCTPA) is derived from its numerous state and local designations. The agency has been designated in state law as the Regional Transportation Planning Agency (RTPA) for Placer County. PCTPA is also the county’s Congestion Management Agency (CMA), a statutorily designated member of the Capitol Corridor Joint Powers Authority (CCJPA), the designated Local Transportation Authority for transportation sales tax purposes, and the airport land use planning body and hearing board for Lincoln, Auburn, and Blue Canyon Airports. As part of their Joint Powers Agreement, PCTPA is the designated administrator for the South Placer Regional Transportation Authority and the Western Placer Consolidated Transportation Services Agency. Under an agreement with the Sacramento Area Council of Governments (SACOG), PCTPA also represents Placer jurisdictions in federal planning and programming issues. Since the PCTPA has a local Agency-State Agreement for federal aid projects, it is also eligible to administer federal projects.

Regional Transportation Planning Agency: PCTPA was created by Title 7.91 of the government code commencing with Section 67910 as the transportation planning agency for Placer County excluding Lake Tahoe. PCTPA has also been designated as the Regional Transportation Planning Agency (RTPA) for Placer County excluding Lake Tahoe in Section 29532.1(c) of the Government Code. Previous to this designation, PCTPA operated under the name of the Placer County Transportation Commission (PCTC) and operated as a local county transportation commission as specified under Section 29532(c) of the Government Code.

PCTPA has executed a memorandum of understanding and Master Fund Transfer Agreement with the State Department of Transportation on January 26, 1996, and updated in 2012 and 2014 identifying the responsibilities of PCTPA as the RTPA and providing the administrative structure to implement these responsibilities.
As an RTPA with an urbanized population of over 50,000, PCTPA is responsible for preparing a Regional Transportation Plan (RTP) and Regional Transportation Improvement Program (RTIP) pursuant to Section 65080 of the Government Code.

**Local Transportation Fund Administration:** As the transportation planning agency, PCTPA allocates the Local Transportation Fund (LTF) to Placer County public transportation agencies pursuant to Section 29532 of the Government Code. The administration of these funds includes the establishment of a Social Service Transportation Advisory Council, the implementation of a citizen participation process appropriate for Placer County, annual recommendations for productivity improvements for transit operators, the performance of an annual fiscal audit of all LTF claimants, the implementation of a triennial performance audit of all LTF claimants, and the preparation of an annual unmet transit needs determination.

PCTPA receives an allocation of LTF funds for the administration of the LTF fund pursuant to Section 99233.1 of the Public Utilities Code and for transportation planning pursuant to Section 99233.2 of the Public Utilities Code and Section 6646 of the Government Code.

It is the responsibility of PCTPA to establish rules and regulations to provide for administration and allocation of the LTF and State Transit Assistance (STA) Funds in accordance with applicable sections of the Government Code, Public Utilities Code and Administrative Code included within the Transportation Development Act. It is also the responsibility of PCTPA to adhere to the applicable rules and regulations promulgated by the former Secretary of the Business, Transportation and Housing Agency (now the California State Transportation Agency) of the State of California as addressed in the Transportation Development Act, Title 3, Division 3, Chapter 2, Article II, Section 29535.

Under SB 45, signed by Governor Wilson in October 1997, Regional Transportation Planning Agencies (RTPAs) such as PCTPA are responsible for selection of projects, known as the Regional Transportation Improvement Program (RTIP), to be funded with the county’s share of STIP funds. This power also comes with the responsibility of ensuring that the projects are on schedule and within budgetary constraints.

**Federal Transportation Planning and Programming:** PCTPA has executed memoranda of understanding (MOUs) with Caltrans and the Sacramento Council of Governments (SACOG) on April 11, 2001, with updates in 2005 and 2016, to govern federal transportation planning and programming in Placer County. This agreement integrates the PCTPA Regional Transportation Plan (RTP) and RTIP within the SACOG process.

Pursuant to these agreements, PCTPA receives a “fair share” allocation of both federal urbanized Surface Transportation Program (STP) funds and Congestion Air Quality Mitigation Improvement Program funds (CMAQ). PCTPA nominates projects for these funds, and SACOG has agreed to select these nominated projects unless they fail to meet a federal requirement. SACOG cannot add projects to the PCTPA nominations.

PCTPA submits the state mandated RTP, developed pursuant to Section 65080.5 of the Government Code, to SACOG for inclusion in the federal Metropolitan Transportation Plan. As part of this
agreement, SACOG conducts a federal air quality conformity test on the Placer County transportation program and plan.

PCTPA receives an allocation of federal STP funds for Placer County. Pursuant to Section 182.6 of the Streets and Highways Code, PCTPA can exchange the non-urbanized funds for State gas tax funds. PCTPA allocates these exchange funds to jurisdiction projects based upon an MOU signed by all Placer jurisdictions dated November 2, 1994. The STP funding exchange formula and allocation was updated to reflect TEA 21, approved by the PCTPA Board on January 27, 1999, and is updated annually as appropriate to reflect the current Federal transportation bill.

**Administration of Federal Aid Projects:** PCTPA executed a Local Agency - State Agreement for Federal Aid Projects (Agreement 03-6158) with the State of California on March 2, 1994 and reauthorized on January 28, 2004. The execution of this agreement qualifies PCTPA to administer federally funded projects.

**Passenger Rail Administration:** Pursuant to Section 14076.2(b) of the Government Code, PCTPA is statutorily designated as a member of the Capitol Corridor Joint Powers Authority (CCJPA). Through an interagency agreement with Caltrans, the CCJPA administers the intercity rail service on the San Jose-Auburn railroad corridor.

**Airport Land Use Commission:** PCTPA was designated the Airport Land Use Commission (ALUC) for Placer County by the Board of Supervisors (December 17, 1996) and the Placer County City Selection Committee (October 24, 1996) pursuant to Section 21670.1(a)(b) of the Public Utilities Code. PCTPA acts as the hearing body for land use planning for Placer County airports. PCTPA is also responsible for the development of airport land use plans for Placer County airports as specified in Section 21674.7 of the Public Utilities Code.

Placer County, Auburn, and Lincoln each collect a fee on development projects by local ordinance in the area governed by the airport land use plan. This fee is passed on to PCTPA to help defray the cost of project review.

**South Placer Regional Transportation Authority (SPRTA) Administration:** PCTPA was designated as the administrator of the SPRTA under the terms of the Authority's Joint Powers Agreement dated January 22, 2002. As such, PCTPA provides staffing and management of the Authority, and is reimbursed for these services under a staffing agreement.

**Local Transportation Authority (PCLTA):** PCTPA was designated as the transportation sales tax authority for Placer County by the Placer County Board of Supervisors on August 22, 2006. In the event that a transportation sales tax is adopted by Placer’s voters, PCTPA, acting as the PCLTA, would administer the sales tax expenditure plan.

**Western Placer Consolidated Transportation Services Agency (WP CTSA) Administration:** PCTPA was designated as the administrator of the WPCTSA under the terms of the Agency’s Joint Powers Agreement dated October 13, 2008. As such, PCTPA provides staffing and management of the Agency, and is reimbursed for these services under a staffing agreement.
PCTPA ORGANIZATION

The nine member PCTPA consists of three members appointed by the Placer County Board of Supervisors and one member each from the incorporated cities of Auburn, Colfax, Lincoln, Loomis, Rocklin and Roseville.

PCTPA has provided for seven full-time staff members to implement the FY 2017/18 OWP. The organization of PCTPA is summarized in Figure 1.

The PCTPA reorganized its staffing structure and became a separate and independent agency on May 1, 1992. Previous to this reorganization, PCTPA was staffed by the Placer County Public Works Department.

GEOGRAPHIC LOCATION

PCTPA’s jurisdiction includes a portion of northern California between the Sacramento Metropolitan area and the Nevada State line, as shown in Figure 2. In total, Placer County contains 1,506 square miles ranging in elevation from 160 feet to nearly 9,500 feet.

PCTPA represents the County and six incorporated cities located within the political boundary of Placer County. Transportation planning services are provided to the following incorporated cities with their corresponding January 1, 2016 populations: Auburn (14,070), Colfax (2,068), Lincoln (47,339), Loomis (6,692), Rocklin (60,351) and Roseville (134,073). Unincorporated Placer County, excluding the Tahoe Basin portion of Placer County, has a population of 98,784. These population estimates are based upon information provided by the California Department of Finance (DOF) in their 2016 DOF E-1 Report as updated in May 2016.

AGENCY COORDINATION

PCTPA coordinates regional transportation planning activities with other public agencies including the Sacramento Area Council of Governments (SACOG), the Tahoe Regional Planning Agency (TRPA), the State Department of Transportation (Caltrans), the California Transportation Commission (CTC), adjacent RTPAs (Nevada County Transportation Commission, El Dorado County Transportation Commission), the United Auburn Indian Community of the Auburn Rancheria, and other interested groups.

COMMUNITY PARTICIPATION

In an ongoing effort to encourage participation of all communities in the transportation planning process, and in compliance with Title VI, the PCTPA solicits input through various policy, technical, and public forums. Outreach to the United Auburn Indian Community is specifically included.

PCTPA conducts public hearings regarding the development and adoption of major planning documents such as the Regional Transportation Plan, the Regional Transportation Improvement
Program, and the annual unmet needs hearing. Additional public hearings and workshops are held for individual work projects as indicated.

The community information and participation effort has been enhanced by expansion of the agency web page on the Internet, to provide citizens with greater access to agency documents and activities, establishment of a speaker’s bureau, and greater emphasis on working with local media outlets. See Work Element 14: Communications and Outreach and individual project work elements for further details.

FEDERAL PLANNING FACTORS

Federal Planning Factors are issued by Congress to emphasize specific planning issues from a national perspective, and must be identified in local planning documents. This information will be updated as soon as exact language is available from the recent adoption of the Fixing America’s Surface Transportation (FAST) Act in December 2015. Until then, the following summary outlines how and where these planning factors under MAP-21 are addressed in the Agency's Overall Work Program:

Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency.
- SACOG/MPO Planning Integration (WE 20)
- Airport Land Use Commission/Aviation Planning (WE 27)
- Placer Parkway (WE 40)
- I-80/SR 65 Interchange Improvements (WE 41)
- SR 65 Widening (WE 42)
- Project Programming and Reporting (WE 50)
- Regional Transportation Funding Strategy (WE 60)
- ITS Program (WE 79)
- Freeway Service Patrol (WE 80)

The economic vitality of Placer County depends on the ability of businesses, employees, and recreational travelers to get to and from their destinations quickly and easily through a variety of transportation modes. We plan and maintain our transportation systems with a goal of minimizing delays and maximizing choice and efficiency, thereby supporting the economic vitality of the area.

Increase the safety of the transportation system for motorized and non-motorized users
- Transportation Development Act Administration (WE 11)
- SACOG/MPO Planning Integration (WE 20)
- Fixed Route Short Range Transit Plans (WE 22)
- Western Placer Consolidated Transportation Services Agency (CTSA) Administration (WE 23)
- CTSA Short Range Transit Plan (WE 24)
- Airport Land Use Commission/Aviation Planning (WE 27)
- Bikeway Planning (WE 33)
- Capitol Corridor Rail (WE 35)
- Project Programming and Reporting (WE 50)
- Dry Creek West Planning and Feasibility Study (WE 77)
- ITS Program (WE 79)
- Freeway Service Patrol (WE 80)

Safety is an important consideration in project identification, selection, and implementation.
Increase the security of the transportation system for motorized and non-motorized users

- Transportation Development Act Administration (WE 11)
- Intergovernmental Coordination (WE 12)
- SACOG/MPO Planning Integration (WE 20)
- Fixed Route Short Range Transit Plans (WE 22)
- CTSA Short Range Transit Plan (WE 24)
- Airport Land Use Commission/Aviation Planning (WE 27)
- Bikeway Planning (WE 33)
- Project Programming and Reporting (WE 50)
- Dry Creek West Planning and Feasibility Study (WE 77)
- ITS Program (WE 79)
- Freeway Service Patrol (WE 80)

Security of our transit and road systems are a key consideration in project identification, selection, and implementation.

Increase the accessibility and mobility of people and for freight

- TDA Implementation (WE 11)
- SACOG/MPO Planning Integration (WE 20)
- Fixed Route Short Range Transit Plans (WE 22)
- Western Placer Consolidated Transportation Services Agency (CTSA) Administration (WE 23)
- CTSA Short Range Transit Plan (WE 24)
- Bikeway Planning (WE 33)
- Capitol Corridor Rail (WE 35)
- Placer Parkway (WE 40)
- I-80/SR 65 Interchange Improvements (WE 41)
- SR 65 Widening (WE 42)
- Project Programming and Reporting (WE 50)
- Dry Creek West Planning and Feasibility Study (WE 77)
- ITS Program (WE 79)
- Freeway Service Patrol (WE 80)

Along with integration and connectivity, accessibility and mobility are the cornerstones of our transportation system maintenance and expansion decisions, and extends to all modes.

Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth and economic development patterns

- TDA Implementation (WE 11)
- Intergovernmental Coordination (WE 12)
- Intergovernmental Advocacy (WE 13)
- SACOG/MPO Planning Integration (WE 20)
- Fixed Route Short Range Transit Plans (WE 22)
- Western Placer Consolidated Transportation Services Agency (CTSA) Administration (WE 23)
- CTSA Short Range Transit Plan (WE 24)
• Bikeway Planning (WE 33)
• Capitol Corridor Rail (WE 35)
• Placer Parkway (WE 40)
• I-80/SR 65 Interchange Improvements (WE 41)
• SR 65 Widening (WE 42)
• Regional Transportation Funding Strategy (WE 60)
• Dry Creek West Planning and Feasibility Study (WE 77)

Environmental assessments, aggressive expansion of alternative transportation modes, and coordination with governmental entities with land use authority are the ways that PCTPA addresses environmental concerns and connections between transportation and land use.

Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight

• TDA Implementation (WE 11)
• Intergovernmental Coordination (WE 12)
• Intergovernmental Advocacy (WE 13)
• SACOG/MPO Planning Integration (WE 20)
• Fixed Route Short Range Transit Plans (WE 22)
• Western Placer Consolidated Transportation Services Agency (CTSA) Administration (WE 23)
• CTSA Short Range Transit Plan (WE 24)
• Airport Land Use Commission/Aviation Planning (WE 27)
• Bikeway Planning (WE 33)
• Capitol Corridor Rail (WE 35)
• I-80/SR 65 Interchange Improvements (WE 41)
• SR 65 Widening (WE 42)
• Dry Creek West Planning and Feasibility Study (WE 77)

Along with accessibility and mobility, integration and connectivity are the cornerstones of our transportation system maintenance and expansion decisions, and extends to all modes.

Promote efficient system management and operation

• TDA Implementation (WE 11)
• Intergovernmental Advocacy (WE 13)
• SACOG/MPO Planning Implementation (WE 20)
• Fixed Route Short Range Transit Plans (WE 22)
• Western Placer Consolidated Transportation Services Agency (CTSA) Administration (WE 23)
• CTSA Short Range Transit Plan (WE 24)
• Project Programming and Reporting (WE 50)
• Regional Transportation Funding Strategy (WE 60)
• ITS Program (WE 79)
• Freeway Service Patrol (WE 80)

The ever increasing demand for transportation combined with a severe lack of adequate transportation funding has necessitated PCTPA’s longstanding focus on increasing the efficiency of our existing transportation systems.
**Emphasize the preservation of the existing transportation system**
- TDA Implementation (WE 11)
- SACOG/MPO Planning Implementation (WE 20)
- Fixed Route Short Range Transit Plans (WE 22)
- Western Placer Consolidated Transportation Services Agency (CTSA) Administration (WE 23)
- CTSA Short Range Transit Plan (WE 24)
- Airport Land Use Commission/Aviation Planning (WE 27)
- Project Programming and Reporting (WE 50)
- Regional Transportation Funding Strategy (WE 60)
- Freeway Service Patrol (WE 80)

*With transportation funding at a premium, high emphasis is placed on preserving what we’ve got.*

**Improve the resiliency and reliability of the transportation system and reduce or mitigate storm water impacts of surface transportation**
- Intergovernmental Coordination (WE 12)
- SACOG/MPO Planning Integration (WE 20)
- Placer Parkway (WE 40)
- I-80/ SR 65 Interchange Improvements (WE 41)
- SR 65 Capacity and Operational Improvements (WE 42)
- Regional Transportation Funding Strategy (WE 60)
- Intelligent Transportation Systems (WE 79)
- Freeway Service Patrol (WE 80)

*A truly multi-modal transportation system is able to endure unexpected events while maintaining the mobility of the region. This can only occur through cross-jurisdictional communication and implementation of best practices.*

**Enhance travel and tourism**
- Transportation Development Act Admin (WE 11)
- Intergovernmental Coordination (12)
- Communication and Outreach (14)
- Fixed Route Short Range Transit Plans (WE 22)
- Western Placer Consolidated Transportation Services Agency (CTSA) Administration (WE 23)
- CTSA Short Range Transit Plan (WE 24)
- Bikeway Planning (WE 33)
- Regional Transportation Funding Strategy (WE 60)
- Dry Creek West Planning and Feasibility Study (WE 77)
- Intelligent Transportation Systems (WE 79)
- Freeway Service Patrol (WE 80)

*Reliable transportation options are central to maintaining and attracting visitors to Placer County’s vibrant agricultural and historical tourism of the foothills and the national/international draw of the Sierra Nevada’s and Lake Tahoe regions.*
FEDERAL PLANNING EMPHASIS AREAS

The Federal Highways Administration (FHWA) and Federal Transit Administration (FTA) jointly issue planning emphasis areas (PEAs) annually to be addressed in metropolitan and statewide transportation planning processes. Although PCTPA is not a Metropolitan Planning Organization (MPO) and therefore not required to address the PEAs, the following work elements highlight PCTPA’s ongoing planning efforts related to FHWA and FTA PEAs.

MAP-21/FAST Act Implementation – Transition to Performance Based Planning and Programming.
- TDA Implementation (WE 11)
- Intergovernmental Coordination (WE 12)
- SACOG/MPO Planning Integration (WE 20)
- Project Programming and Reporting (WE 50)

Models of Regional Planning Cooperation – Promote cooperation and coordination across MPO boundaries and across State boundaries where appropriate to ensure a regional approach to transportation planning.
- TDA Implementation (WE 11)
- Intergovernmental Coordination (WE 12)
- SACOG/MPO Planning Integration (WE 20)
- Bikeway Planning (WE 33)
- Capitol Corridor Rail Program (WE 35)
- Dry Creek West Planning and Feasibility Study (WE 77)

Ladders of Opportunity – Access to essential services as part of the transportation planning process, identify transportation connectivity gaps in access to essential services.
- TDA Implementation (WE 11)
- SACOG/MPO Planning Integration (WE 20)
- Fixed Route Short Range Transit Plans (WE 22)
- Western Placer Consolidated Transportation Services Agency (CTSA) Administration (WE 23)
- CTSA Short Range Transit Plan (WE 24)

CALTRANS REGIONAL PLANNING ACTIVITIES

As the State Department of Transportation, Caltrans has numerous roles and responsibilities for planning, programming, constructing, operating, and maintaining the state’s transportation system. Caltrans acts as a partner with PCTPA, jurisdictions, tribal governments, and other agencies to implement their various responsibilities. One arm of this effort is the Caltrans’ regional planning activities, which are described below:

</table>
| Regional Planning               | Participate in and assist with various regional planning projects and studies | Participation in the following projects and studies:  
  ▪ Regional ITS Master Plan  
  ▪ Continue oversight and assistance with Sustainable Communities and Strategic Partnership grants.  
  ▪ Oversight of Planning Studies/Conceptual Projects pertaining to the State Highway System |
| Local Development Review Program| Review of local development proposals potentially impacting the State Highway System | Assistance to lead agencies to ensure the identification and mitigation of local development impacts to the State Highway System that is consistent with the State’s smart mobility goals. |
WORK ELEMENT 05
AGENCY ADMINISTRATION

PURPOSE: To provide management and administration to all work elements in the Overall Work Program and to conduct day to day operations of the agency.

BACKGROUND: PCTPA is a public agency responsible for the administration, planning and programming of a variety of transportation funds. These activities require ongoing organization, management, administration and budgeting. This work element is intended to cover all of the day to day administrative duties of the agency and governing Board.

To clarify for purposes of allowable charges for Caltrans Rural Planning Assistance (RPA) and to specify indirect cost activities for the purposes of Caltrans Indirect Cost Allocation Plan (ICAP), this work element is split into two parts. Work Element 01 includes the majority of the administrative activities of the Agency, including accounting, agenda preparation, Board meetings, personnel activities, front desk coverage, budgeting, general management, and similar tasks.

Work Element 10 separates out the activities related to the development, update, and reporting of the Overall Work Program and Budget.

PURPOSE: To specify those elements of the overall Agency Administration that are billable as indirect labor under an approved Indirect Cost Allocation Plan (ICAP)

WORK PROGRAM:

- Develop agendas and materials for Technical Advisory Committee  **Monthly**
- Develop agendas and materials for other PCTPA committees  **As Needed**
- Conduct PCTPA Board regular monthly meeting and special meetings as required  **Monthly**
- Administer PCTPA FY 2017/18 operating budget  **Ongoing**
- Provide general front desk support, including greeting visitors, answering phones, opening and directing mail, and responding to inquiries  **Ongoing**
- Participate in staff meetings to coordinate administrative and technical activities  **Monthly**
- Prepare quarterly financial reports for auditors and PCTPA Board  **Quarterly**
- Prepare timesheets to allocate staff time to appropriate work elements  **Ongoing**
- Perform personnel duties, including employee performance reviews, recognitions, and/or disciplinary actions  **Annually/as needed**
- Recruit and hire new employees  **As needed**
- Administer PCTPA benefit programs  **Ongoing**
- Update Administrative Operating Procedures and Personnel Policies to reflect changes in State and Federal law  **As Needed**
- Prepare payroll and other agency checks  **Bi-weekly**
- Prepare quarterly and annual tax reports  **Quarterly**
- Maintain transportation planning files, correspondence and data  **Ongoing**
- Maintain ongoing bookkeeping and accounting  **Ongoing**
WORK ELEMENT 05 (continued)
AGENCY ADMINISTRATION: INDIRECT

- Maintain and update computer systems and equipment, including all information technology (IT) related tasks  **Ongoing**
- Update PCTPA Bylaws to reflect changes in State and Federal law  **As Needed**
- Attend governmental and professional conferences and training sessions, such as those offered by the American Planning Association (APA), Urban Land Institute (ULI), American Leadership Forum (ALF), and Institute for Transportation Studies (ITS)  **As justified**

PRODUCTS:
- PCTPA meeting agendas and staff reports, paper and online versions  **Monthly**
- List of warrants  **Monthly**
- Quarterly reports of PCTPA operating budget status  **Quarterly**
- Updated Bylaws, Operating Procedures and Personnel Policies  **As Needed**
- Employee performance reviews  **Annually**
- Actuarial analysis of benefit programs  **As needed**
- Employee timesheets  **Bi-weekly**
- Reports and updates to Board and/or member agencies on Federal, State, and regional programs and policies  **Ongoing**

WORK ELEMENT 10
AGENCY ADMINISTRATION: OVERALL WORK PROGRAM

PURPOSE: To specify those elements of the overall Agency Administration that are billable as direct costs to Rural Planning Assistance (RPA) funds.

WORK PROGRAM:
- Prepare amendments to FY 2017/18 Overall Work Program (OWP) and Budget August 2017 - October 2017, January - February 2018, or as needed
- Prepare FY 2018/19 Overall Work Program and Budget January 2018 – May 2018
- Review and monitor new and proposed programs and regulations applying to transportation planning, such as the Regional Planning Handbook, that may need to be addressed in the Overall Work Program Quarterly/as needed
- Prepare FY 2016/17 Overall Work Program and Budget close out documents July 2017 – August 2017

PRODUCTS:
- Quarterly progress reports on FY 2017/18 Overall Work Program Quarterly
- Conduct FY 2016/17 closeout with Caltrans staff August 2017
- FY 2017/18 Overall Work Program and Budget amendments October 2017, February 2018, or as needed
- Preliminary Draft FY 2018/19 Overall Work Program and Budget February 2018
- Final FY 2018/19 Overall Work Program and Budget May 2018

WORK ELEMENT 11
TRANSPORTATION DEVELOPMENT ACT ADMINISTRATION

PURPOSE: To effectively administer all aspects of the Transportation Development Act (TDA) in the jurisdiction of the Placer County Transportation Planning Agency.

BACKGROUND: As the Regional Transportation Planning Agency, the most basic responsibility of PCTPA is to administer TDA funds and related programs. Currently, PCTPA administers TDA funds of nearly $25 million annually. These funds operate public transit, maintain and construct local roads, and construct bicycle and pedestrian paths. Under the TDA, PCTPA is also responsible for carrying out the annual unmet transit needs process, fiscal audits, performance audits, transit planning, and transit coordination.

WORK PROGRAM:
• Solicit public comments on unmet transit needs throughout Placer County October 2017 – December 2017
• Review and summarize all comments received regarding unmet transit needs December 2017
• Evaluate current existing services and their effectiveness in meeting transit needs and demand December 2017 – January 2018
• Prepare a report recommending a finding on unmet transit needs January 2018 - February 2018
• Provide for the management of the Local Transportation Fund (LTF) Ongoing
• Prepare a final estimate of LTF and STA apportionments for FY 2017/18 August 2017
• Prepare a preliminary estimate of LTF and STA apportionments for FY 2017/18 February 2018
• Assist claimants with the preparation of project lists, annual claims, and local program administration Ongoing
• Provide for the review, approval, and processing of all LTF and other TDA claims and financial transactions Ongoing
• Update policies governing review, approval, and processing of all LTF and other TDA claims to ensure timely compliance with TDA law As needed
• Maintain a financial status report of TDA and STA claims Ongoing
• Provide for an annual financial and compliance audit of PCTPA and each claimant by an independent auditing firm September 2017 – March 2018
• Update and administer five year plan for Bicycle and Pedestrian Account funds Ongoing
• Monitor legislation pertinent to the Transportation Development Act Ongoing
• Provide technical assistance to paratransit operators and monitor activities Ongoing
• Facilitate and monitor activities of the Social Services Transportation Advisory Council (SSTAC) Ongoing
• Facilitate and monitor activities of the Transit Operators Working Group Quarterly
• Coordinate planning efforts for FTA funds to avoid duplication of services and maximize resources Ongoing
WORK ELEMENT 11 (continued)
TRANSPORTATION DEVELOPMENT ACT ADMINISTRATION

PRODUCTS:
- Preliminary Annual Findings of Apportionment for FY 2017/18 February 2018
- Financial and Compliance Audits of PCTPA and all TDA claimants March 2018
- A report summarizing the unmet transit needs testimony, including analysis and recommendations for findings of unmet transit needs February 2018
- TDA and STA claims Ongoing
- SSTAC meeting agendas Ongoing
- Transit Operators Working Group meeting agendas Ongoing
- Final Findings of Apportionment for FY 2017/18 August 2017

WORK ELEMENT 12
INTERGOVERNMENTAL COORDINATION

PURPOSE: To share information and coordinate with outside agencies and jurisdictions on matters pertinent to the development of effective transportation plans and projects.

BACKGROUND:
PCTPA works very closely and continuously with numerous outside agencies as a way of coordinating our planning efforts. In particular, we work with the Sacramento Area Council of Governments (SACOG), as the Metropolitan Planning Organization (MPO) for our area, to implement Federal and State transportation programs. While many of our interactions are specified under our Memorandum of Understanding, regional interests and overlapping jurisdictions provide additional need for close coordination. On a larger regional basis, PCTPA works closely with the Tahoe Regional Planning Agency (TRPA) and Nevada County Transportation Commission (NCTC) on connections both to and within the Truckee/North Tahoe area. On a statewide basis, we work closely to coordinate and share information with the California Transportation Commission (CTC), as well as other regional agencies through groups such as the Rural Counties Task Force and California Association of Councils of Government (CALCOG). In addition, PCTPA works in close coordination with the Placer County Air Pollution Control District (APCD) in regards to transportation/air quality issues.

Given PCTPA’s somewhat unique mix of rural and urban perspective, expertise in transportation planning and funding, and proximity to Sacramento, PCTPA staff is often asked to advise or participate on advisory committees and ad-hoc efforts on a variety of transportation planning issues. As many of these efforts spring up in response to current situations, it’s impossible to anticipate every instance that might occur throughout a given year. These can range from providing input on multi-jurisdiction corridor plans to strategic planning on improving mobility in a particular geographic area to participating on a task force to develop guidelines to implement the Governor and/or State Legislature’s latest transportation initiative.

WORK PROGRAM:
- Participate in ad hoc and standing Caltrans policy and technical advisory committees, such as the Regional-Caltrans Coordinating Group Bi-monthly/as scheduled
- Participate in ad hoc and standing SACOG policy and technical advisory committees, such as Regional Planning Partnership and Transportation Committee Monthly/as scheduled
- Participate at California Transportation Commission meetings and workshops Monthly/as scheduled
- Participate in Statewide Regional Transportation Planning Agency Group meetings and subcommittees Monthly/as scheduled
- Participate in Statewide Rural Counties Task Force meetings Bi-monthly/as scheduled
- Participate in information sharing activities at California Council of Governments (CALCOG) meetings and conferences Bi-monthly/as scheduled
- Participate in Tahoe-focused planning efforts As scheduled
WORK ELEMENT 12 (continued)
INTERGOVERNMENTAL COORDINATION

- Coordinate with the Placer County Air Pollution Control District, Sacramento Metropolitan Air Quality Management District, SACOG, and the California Air Resources Board to develop strategies to reduce air pollution **Ongoing**
- Attend city council and Board of Supervisors meetings **As needed**
- Coordinate and consult with the United Auburn Indian Community of the Auburn Rancheria, including attending tribal meetings **As needed**
- Coordinate with and inform jurisdictions on potential changes in State or Federal planning policies **As needed**
- Hold technical workshops for Placer County jurisdictions **As needed**

PRODUCTS:
- Staff reports to Board and jurisdictions on pertinent topics **As needed/in accordance with above schedules**
- Commentary on white papers, draft plans and policies, and similar correspondence and communications to other governmental agencies **As needed/in accordance with above schedules**

WORK ELEMENT 13
INTERGOVERNMENTAL ADVOCACY

PURPOSE: To represent Agency needs and priorities with outside agencies and jurisdictions on matters pertinent to transportation planning, programming, and funding.

BACKGROUND: The actions of State and Federal legislative bodies and regulatory agencies have a huge impact on the effectiveness of PCTPA’s efforts to plan, program, fund, and implement transportation improvements. Legislative bodies and regulatory administrators often propose policies to improve one issue while creating major challenges elsewhere. It is therefore critical to represent the Agency’s positions with these entities, make sure they understand the impacts, and do our best to ensure that their actions and activities reflect PCTPA needs. Staff efforts are augmented by our Federal and State advocates, who advise and advocate on our behalf, as well as teaming with other entities with like interests, all with an eye to maximize the effectiveness of our efforts.

In FY 2016/17, the Board directed staff to explore the introduction of legislation to allow Placer to subdivide the county into transportation sales tax districts. The goal of this effort is to have legislation adopted by the State late in 2017.

WORK PROGRAM:
- Participate in Sacramento Metro Chamber’s annual Cap-to-Cap and State legislative advocacy effort  
  January 2018 – June 2018
- Participate in Statewide California Council of Governments (CALCOG) advocacy efforts  
  Ongoing/as needed
- Participate with ad-hoc coalitions and groups to advocate for shared priorities in transportation projects and funding, such as the Fix Our Roads coalition  
  As needed
- Develop annual Federal legislative and advocacy platform  
  November 2017 – January 2018
- Develop annual State legislative and advocacy platform  
  November 2017 – February 2018
- Monitor and analyze pertinent legislation  
  Ongoing
- Monitor and analyze regulatory agency directives and policies  
  Ongoing
- Communicate Agency positions on pertinent legislation and regulatory directives  
  As needed
- Meet with State and Federal legislators and their staff to discuss Agency issues  
  As needed
- Assist, facilitate, and advocate for jurisdiction transportation issues with State and Federal agencies  
  As needed
- Craft and advocate for Board sponsored legislation, such as for a transportation sales tax district  
  July 2017 - ongoing

PRODUCTS:
- 2018 Federal Legislative Platform  
  January 2018
- 2018 State Legislative Platform  
  February 2018
- Information packages or proposals for priority programs and projects  
  As needed
- Information packages on high priority projects for Federal and State advocacy  
  March 2018
- Analysis and recommendations on Federal and State legislative proposals  
  As needed
- Letters supporting or opposing pertinent legislation  
  As needed
WORK ELEMENT 13 (continued)
INTERGOVERNMENTAL ADVOCACY

- Transportation sales tax district legislation text and amendments  **July 2017/as needed**

WORK ELEMENT 14
COMMUNICATIONS AND OUTREACH

PURPOSE: To inform the public of the Agency’s activities and issues of interest, and to gather effective public input

BACKGROUND: As the transportation system in California and in Placer County faces more and greater challenges, it is even more critical that the public be aware and informed about transportation issues, the role of PCTPA, and the activities we are doing now and planning for the future. This awareness translates to a higher level of public discussion and informed approaches to dealing with transportation issues.

As the Regional Transportation Planning Agency (RTPA) for Placer County, PCTPA serves as a clearinghouse of information about transportation issues as they may affect citizens, businesses, and travelers. Many of those issues are in regards to future plans, while others may concern existing conditions. This work element is intended to cover all of the day to day communications activities of the Agency and governing Board.

This work element covers the more general outreach and input that is important to dealing with transportation issues. Specific outreach for specific efforts, including transit and rail, I-80/SR 65 Interchange, SR 65 Widening, and the Regional Transportation Funding Strategy are covered under those work elements. Advocacy and lobbying, including policy advocacy outreach or requests for project funding, are covered under Work Element 13: Intergovernmental Advocacy.

WORK PROGRAM:
• Develop and distribute informational pieces to the public, such as brochures, about Agency activities and responsibilities Ongoing
• Provide outreach and presentations to interested groups, such as Municipal Advisory Committees, Chambers of Commerce, neighborhood associations, and business groups, on Agency activities and responsibilities Ongoing/as requested
• Provide information about transportation options for the general public, including distribution of schedules and informational pieces about transit trip planning, at the Agency offices Ongoing
• Solicit and facilitate input of public on transportation issues by specifically including of Agency website address, e-mail address, phone number, fax number, and physical address in all outreach materials Ongoing
• Seek opportunities for partnerships with jurisdictions, tribal governments, community groups, and others to provide greater breadth of outreach Ongoing
• Review local newspapers and news outlets’ coverage of issues that affect transportation and disseminate to Boardmembers, jurisdictions, the public, and other appropriate parties Ongoing
• Provide prompt responses to public inquiries and concerns, including raising them to Advisory Committee or Board attention as appropriate Ongoing
• Design, update, and keep current agency website - www.pctpa.net Ongoing
• Post agenda and minutes on agency web site Monthly
WORK ELEMENT 14 (continued)
COMMUNICATIONS AND OUTREACH

- Provide recordings of Agency Board meetings to local media for broadcast on community television Monthly
- Provide outreach and respond to inquiries by the media to provide information and analysis of transportation issues that face Placer County and highlight agency activities and input opportunities, including television, radio, newspapers, and other media Ongoing
- Implement and update social media policy to guide staff and consultants in the parameters for social media postings on behalf of the Agency Ongoing/As needed
- Develop and implement social media program to highlight transportation programs, projects, issues, and other information pertinent to the traveling public Ongoing
- Develop and distribute “e-newsletter” with updates on transportation projects and programs, spotlighting current and upcoming transportation issues Bi-monthly
- Hold meetings, workshops, and/or events to capture public attention, disseminate information, and/or solicit input about transportation issues Ongoing
- Bring attention to milestones on transportation projects and programs through signage, events, social media, websites, and other appropriate methods Ongoing/As needed
- Develop marketing and outreach materials for programs that provide transportation options in Placer County Ongoing
- Create, maintain and update agency websites that provide education and information regarding transportation options in Placer County Ongoing
- Actively participate as a member of the TNT/TMA and support public education and outreach activities applicable to the Truckee-North Tahoe area Ongoing
- Provide support for alternatively fueled vehicles, including EV charging station Ongoing

PRODUCTS:
- Information pieces, such as Power Point presentations and brochures, about Agency activities and responsibilities Ongoing
- PCTPA “e-newsletter” Bi-monthly
- Social media postings Ongoing
- Community television DVDs of Board meetings Monthly
- Agency web site updates Ongoing
- Board agenda postings on website Monthly
- Project and event signage As needed
- Meeting notifications and advertising As needed
- Project and event website construction and maintenance As needed
- Fact sheets, program and project summaries, and other printed materials As needed
- Coordinated Transit Schedules Ongoing
- Nevada Station Electric Vehicle Station operation reports Ongoing
- TNT/TMA progress reports and invoices Quarterly

WORK ELEMENT 15
BUILDING ADMINISTRATION

PURPOSE: To provide management and administration of the Agency's office property.

BACKGROUND: The Agency purchased the Nevada Station building, located adjacent to the Auburn Multimodal Station, to serve as the Agency’s permanent office space. The office property totals 16,810 square feet, and includes several rental spaces in addition to the Agency’s area. Management and operation of the facility is part of that ownership responsibility.

WORK PROGRAM:
- Maintain accounting for revenue and expenses for the office property **Ongoing**
- Collect rents as scheduled, implementing collection procedures as necessary **Monthly**
- Work with tenants and contractors to ensure all maintenance and repair issues are identified and resolved quickly and completely **Ongoing**
- Contract with qualified individuals and firms to provide maintenance and repairs on a timely and cost-effective basis **As needed**
- Work with leasing agent to secure tenants and negotiate leases **As needed**

PRODUCTS:
- Accounts receivable, accounts payable, balance sheets, and other accounting records **Ongoing**
- Tenant leases **As needed**

WORK ELEMENT 20
SACOG/MPO PLANNING INTEGRATION

PURPOSE: To integrate the implementation of the Placer County Regional Transportation Plan with SACOG as part of the Metropolitan Transportation Program (MTP) and Sustainable Communities Strategies (SCS).

BACKGROUND: Regional Transportation Planning Agencies (RTPAs) are required to update their RTPs every five years. The current Placer County Regional Transportation Plan (RTP) 2036 was adopted by the Board in February 2016. The RTP provides the long-range, comprehensive direction for transportation improvements within Placer County. The RTP includes regional transportation goals, objectives, and policies that guide the development of a balanced, multi-modal transportation system. The RTP also includes a financial analysis that forecasts transportation funding available over the twenty year horizon of the plan.

PCTPA actively participated with SACOG and our other regional partners in the update of the six-county Metropolitan Transportation Plan (MTP), which was adopted concurrently with the PCTPA RTP in February 2016. Technical reasons for this joint effort include reference to the PCTPA/SACOG Memorandum of Understanding (MOU) dated April 11, 2001, which states SACOG provides air quality conformity and other federal requirements for the RTP.

The SACOG MTP also meets all the latest requirements of SB375 and AB32, which includes the consideration of the integration of land use, transportation, and air quality. Moreover, the plan also includes the required Sustainable Communities Strategies to implement these plans. The collaborative approach provided by the coalition of transportation partners throughout the six-county region means improved interregional coordination, as well as ensuring that Placer projects and priorities are integrated into a cohesive regional plan as provided in the MOU.

Even though the next PCTPA RTP is not due until 2021, staff must continuously work with SACOG to monitor and update the demographic, environmental, and transportation data that provides the underpinnings of the planning process. This technical information is critical to the successful implementation of the 2036 RTP and the 2016 MTP/SCS, as well as guiding the next update of these plans. The technical coordination with SACOG will consist of the following activities:

- Regional Transportation Modeling and Analysis PCTPA – (SACOG Project #100-002-01P)
  - SACOG will gather travel and transportation related data for the base year update to the Placer County portion of the SACOG six-county travel demand forecasting model. 2016 will serve as the base year for the next iteration of the SACOG MTP/SCS to be adopted in 2020 and will provide the basis for development of future year transportation indicators. This effort includes the integration with the SACOG Congestion Management Process (CMP)

- Regional Land Use Monitoring PCTPA – (SACOG Project #100-005-02P)
  - SACOG will gather land use and socio-economic related data for the base year update to the Placer County portion of the SACOG six-county travel demand forecasting model. 2016 will serve as the base year for the next iteration of the SACOG
WORK ELEMENT 20 (continued)
SACOG/MPO PLANNING INTEGRATION

- MTP/SCS to be adopted in 2020 and will provide the basis for development of future year land use patterns.
- Blueprint and Metropolitan Transportation Plan/Sustainable Communities Strategy (MTP/SCS) Planning an Implementation – PCTPA (SACOG Project #100-006-04P)
- SACOG will support local jurisdictions in pursuing SB 375 CEQA streamlining benefits available through the MTP/SCS, support local implementation of the MTP/SCS principles with technical planning assistance, develop funding and implementation strategies for near-term significant projects identified in the 2016 MTP/SCS, and integrate efforts between the MTP/SCS development and the Congestion Management Plan.

WORK PROGRAM:
- Participate in statewide RTP Guidelines update efforts As needed
- Monitor and track amendments to the SACOG 2016 MTP/SCS and/or the PCTPA RTP As needed
- Work with SACOG on the update of the Placer County-related portion of the travel demand model (SACOG Project #100-002-01P) Ongoing
- Work with SACOG on the update of base-year socio-economic data for the Placer County-related portion of the travel demand model (SACOG Project #100-005-02P) Ongoing
- Congestion Management Plan updates. Ongoing
- Regional Growth Projections December 2017

PRODUCTS:
- Amendments to the PCTPA RTP As needed
- Coordination with SACOG on travel demand modeling and MTP/SCS implementation Ongoing
- SACOG baseline travel demand model transportation network (SACOG Project #100-002-01P) June 2018
- SACOG baseline travel demand model employment file (SACOG Project #100-005-02P) June 2018
- Coordinate with SACOG on Congestion Management Plan updates As needed
- Release of Regional Growth Projections for 2020 MTP/SCS December 2017

WORK ELEMENT 22
WESTERN PLACER FIXED ROUTE SHORT RANGE TRANSIT PLANS

PURPOSE: To update the short range transit plans for fixed route transit operators.

BACKGROUND: The short range transit plans for all Placer County transit operators were last updated in 2011. PCTPA will fund a contract to update the short range transit plans for the following fixed route operators – Auburn Transit, Placer County Transit, and Roseville Transit. The documents propose to cover the years 2018/19 to 2024/25.

Placer County continues to experience tremendous growth, and this has been reflected in the demands on local fixed route transit operations. In order to serve this growing population, transit operators must update and revise their operating plans, schedules, and financial plans, as well as coordinating with each other. This need also provides a tremendous opportunity to maximize the coordination of all of the County’s transit systems by performing the short range transit plans concurrently.

A key feature of this study will be a more robust surveying effort, including not only current ridership, but also non-riders, as a way of focusing scarce transit dollars to maximize ridership and efficiency.

WORK PROGRAM:
- Award and administer transit consultant contract  Ongoing
- Work with Transit Operators Working Group (TOWG) and consultant to develop survey documents  July 2017 – October 2017
- Coordinate with Transit Operators Working Group and transit consultant to develop short range transit plans  July 2017 – June 2018

PRODUCTS:
- Demographic and Existing Conditions Report  August 2017
- Survey Results Report  October 2017
- Task Memos  June – December 2017
- Draft Auburn Transit Short Range Transit Plan  January 2018
- Draft Roseville Transit Short Range Transit Plan  January 2018
- Draft Placer County Transit Short Range Transit Plan  January 2018
- Final Auburn Transit Short Range Transit Plan  June 2018
- Final Roseville Transit Short Range Transit Plan  June 2018
- Final Placer County Transit Short Range Transit Plan  June 2018

WORK ELEMENT 23
WESTERN PLACER CONSOLIDATED TRANSPORTATION SERVICES
AGENCY (CTSA) ADMINISTRATION

PURPOSE: To provide staffing and administrative support for the Western Placer Consolidated Transportation Services Agency (CTSA) Joint Powers Authority (JPA).

BACKGROUND: The Consolidated Transportation Service Agency (CTSA) designation was created by California law as a means of strengthening and coordinating the social service transportation programs of nonprofit organizations and, where appropriate, to serve as the focus for consolidation of functional elements of these programs, including the provision of transportation services. For Placer County, the CTSA designation was held by Pride Industries from 1997 until they resigned effective December 31, 2007.

When no other suitable candidate was found to undertake the role, the seven jurisdictions of Placer County formed a Joint Powers Authority to take on the role of the CTSA. The result was the Western Placer CTSA JPA, which was created on October 13, 2008 by Placer County and the cities of Auburn, Colfax, Lincoln, Rocklin, and Roseville, and the Town of Loomis to provide CTSA services. Under the terms of the JPA, PCTPA provides administrative services for the JPA.

WORK PROGRAM:
- Provide administrative, accounting, and staff support for the CTSA JPA Ongoing
- Oversee the implementation of CTSA services, including Health Express, My Rides, and the South Placer Transportation Call Center, as delineated in the Joint Powers Agreement Ongoing
- Implement mobility training/transit ambassador program for Placer County residents Ongoing
- Implement bus pass subsidy program as adopted in the Short Range Transit Plan Ongoing
- Develop agendas for CTSA Board and advisory committees Monthly/as needed
- Provide financial information to Board Ongoing
- Provide information and reports to interested groups, and citizens Ongoing

PRODUCTS:
- Joint Powers Agreement amendments As needed
- CTSA FY 2017/18 Budget updates As needed
- CTSA FY 2018/19 Budget May 2018
- Contracts for CTSA transit services Annually/as needed
- Updates/amendments to agreements and program guidelines As needed
- CTSA Board agendas and minutes Quarterly/as needed
- CTSA financial reports Quarterly
- Reports, audits, and other documentation required of CTSA July 2017 – June 2018/as needed

WORK ELEMENT 24
WESTERN PLACER CTSA SHORT RANGE TRANSIT PLAN

PURPOSE: To update the short range transit plan for the Western Placer Consolidated Transportation Services Agency (CTSA).

BACKGROUND: The short range transit plans for the Western Placer CTSA was last updated in 2011. PCTPA will fund a contract to update the short range transit plan for the Western Placer CTSA. The document proposes to cover the years 2018/19 to 2024/25.

Placer County continues to experience tremendous growth, and this has been reflected in the demands on providing specialized transit operations for seniors, persons with disabilities, low income individuals and families with children under age five. In order to serve this growing population, the Western Placer CTSA must update and revise its operating and capital improvement plans, schedules, and financial plans.

Preparation of the short range transit plan for the Western Placer CTSA also provides a tremendous opportunity to maximize coordination with the County’s fixed route transit systems by performing all short range transit plans concurrently.

WORK PROGRAM:
- Award and administer transit consultant contract  Ongoing
- Coordinate with Transit Operators Working Group and transit consultant to develop short range transit plans  July 2017 – June 2018

PRODUCTS:
- Task Memos  June – December 2017
- Draft Auburn Transit Short Range Transit Plan  January 2018

WORK ELEMENT 27
AIRPORT LAND USE COMMISSION/AVIATION PLANNING

PURPOSE: To administer the Placer County Airport Land Use Commission (ALUC), Airport Land Use Comprehensive Plan (ALUCP), and related aviation activities.

BACKGROUND: PCTPA’s aviation planning activities include administration of the Airport Land Use Commission (ALUC), and providing technical assistance. Placer County has two public-use airports at Auburn and Lincoln, and an emergency airstrip at Blue Canyon.

PCTPA coordinates with the California Department of Transportation, Division of Aeronautics for ALUC planning activities and funding. As the designated Airport Land Use Commission (ALUC) for Placer County, PCTPA is responsible for defining planning boundaries and setting standards for compatible land uses surrounding airports. ALUCs have two primary functions under State law. The first is the adoption of land use standards that minimize the public’s exposure to safety hazards and excessive levels of noise. The second is to prevent the encroachment of incompatible land uses around public-use airports. This involves review of land use proposals near airports as delineated in the Airport Land Use Compatibility Plan. This analysis, particularly for more complex reviews, may require the use of consultant services.

While the Truckee- Tahoe Airport is predominantly in Nevada County, part of the runways and overflight zones are in Placer County. Under agreement reached in 2010, the ALUC designation for the Truckee-Tahoe Airport lies with the Nevada County Transportation Commission (NCTC), augmented by a representative appointed by the Placer County Board of Supervisors so that Placer interests are represented appropriately.

The current ALUCP was adopted in early 2014. The City of Auburn is updating their Airport Master Plan, which is expected to be completed in late 2017/18, which triggers the need to update the ALUCP to make sure the two documents conform.

WORK PROGRAM:
- Participate in interagency aviation meetings **As Needed**
- Review development projects and Auburn Airport Master Plan Update for consistency with ALUCP **As Needed**
- Provide staff support for aviation agencies, local jurisdictions and ALUC **Ongoing**
- Administer funds and programs for local jurisdictions **Ongoing/as needed**
- Participate in RTPA Aviation group **Quarterly**
- Work with SACOG to represent Placer interests in the ALUCP for the McClellan Airport **In accordance with SACOG schedule/as needed**
- Update the ALUCP to reflect the Auburn Airport Master Plan Update. **In accordance with City of Auburn schedule**

PRODUCTS:
- Determinations of land use proposal consistency with ALUCP, including public hearings **As needed**

20
WORK ELEMENT 27 (continued)
AIRPORT LAND USE COMMISSION/AVIATION PLANNING

- Updated jurisdiction land use plans/maps, zoning codes, or other planning documents to reflect the updated ALUCP  **According to jurisdiction schedule**
- Request for Proposal and contract for the update the ALUCP to reflect the Auburn Airport Master Plan Update.  **In accordance with City of Auburn schedule**
- Grant proposals, funding plans, and interagency agreements  **Ongoing/as needed**
- ALUC meeting agendas  **As needed**

WORK ELEMENT 33
BIKEWAY PLANNING

PURPOSE: To provide ongoing bicycle planning, safety education and coordination services.

BACKGROUND: During FY 2000/01 and 2001/02, staff developed Bikeway Master Plans for jurisdictions of Placer County. In FY 2010/11, PCTPA worked to complete the North Tahoe-Truckee Resort Triangle Bicycle and Trail Plan with the Tahoe Regional Planning Agency (TRPA), Nevada County Transportation Commission (NCTC), and the North Lake Tahoe Resort Association (NLTRA) in support of the NLTRA’s goal to become designated as a Bicycle Friendly Community, which has now been achieved. PCTPA also updated, printed, and distributed the Countywide Bikeway Map annually since 2010.

Updated information on facilities and jurisdiction bikeway planning efforts, along with updated planning standards and funding will be reflected in an update to the Placer County Regional Bikeway Master Plan that began in FY 2016/17. Staff will also continue to monitor bicycle planning and implementation needs, and coordinate with SACOG, Caltrans, and jurisdictions on bicycle issues.

WORK PROGRAM:
- Coordinate efforts with PCTPA’s Bicycle Advisory Committee and other stakeholders, including SACOG and Caltrans  Ongoing
- Coordinate with local jurisdictions on bicycle funding opportunities and grant programs  Ongoing
- Continue update to the Placer County Regional Bikeway Master Plan July 2017 – February 2018
- Conduct second round of public outreach on Draft Regional Bikeway Master Plan recommended bikeways October 2017 – December 2017
- Participate in the Regional Bicycle Steering Committee and regional marketing efforts of May is Bike Month February 2018 – May 2018
- Using enhanced computer software capabilities, update countywide bikeway maps in-house  Ongoing
- Print and distribute updated countywide bicycle maps June 2018/Ongoing
- Coordinate efforts with Caltrans District 3 on their district-wide bicycle facilities mapping effort As needed
- Explore opportunities for acquisition of abandoned railroad rights-of-way for bikeways As needed

PRODUCTS:
- Bikeway funding applications As needed
- Updated Placer Countywide Bikeway Map May 2018/As needed
- Regional Bicycle Steering Committee agendas July 2017 – February 2018
- Draft Regional Bikeway Master Plan November 2017
- Final Regional Bikeway Master Plan February 2018

WORK ELEMENT 35
RAIL PROGRAM

PURPOSE: To support and enhance the success of Capitol Corridor rail service in Placer County, to administer the agency’s passenger rail, freight rail and rail grade crossing programs, and to maximize the rail funding available to local jurisdictions.

BACKGROUND: PCTPA’s rail program includes rail system planning, rail program administration and financing, and technical assistance. PCTPA’s top rail priority is intercity rail and therefore is an active member of the Capitol Corridor Joint Powers Authority (CCJPA) and its subcommittees. Intercity rail requires extensive work and coordination with Amtrak, Union Pacific, Caltrans and the CCJPA. PCTPA also provides a critical network of support for the service, working with jurisdictions and CCJPA staff to provide stations, platforms, connector buses, and other amenities required for the ongoing success of the service. The State provides operating funds to CCJPA under the provisions of interagency and fund transfer agreements.

The long-standing focus of Placer’s rail program is to enhance rail service to Placer County. One manifestation of that priority has been work to extend passenger service to Reno. A Reno Rail Conceptual Plan was completed in FY 2004/05, but further efforts have been on hold pending ongoing discussions and negotiations with Union Pacific Railroad about the capacity improvements that would be needed to make partially or completely implement these plans. An underlying recognition with these enhancements to passenger rail is that it would also support and enhance goods movement, and may be moved forward through use of State grants for Cap and Trade.

More recently, the rail passenger capacity improvement discussion has focused on improvements to the UP rail “bottleneck” between Sacramento and Roseville. In November 2015, the CCJPA adopted the environmental document for the Third Track capacity improvements, with the focus of providing the Capitol Corridor 10 round trips daily to Roseville. The next steps in this effort, to design and construct the Third Track facilities, entails extensive coordination to build agreements with key parties, including CCJPA, PCTPA, UP, and the City of Roseville.

While the footprint of the High Speed Rail line in California is not planned to extend to Placer County, the CCJPA will be acting as a key feeder line. For that reason, PCTPA staff is also working closely with CCJPA to ensure that Placer interests are best served as the High Speed Rail line moves forward.

Finally, PCTPA staff represents Placer County’s jurisdictions before state, federal and regional rail agencies, as well as the CTC. PCTPA also assists jurisdictions coordinate with Caltrans, Union Pacific and the PUC to improve at-grade crossings.

WORK PROGRAM:
• Participate in CCJPA and other interagency rail committees and meetings Monthly
• Coordinate with state and federal agencies and legislators to ensure and enhance the long term viability of rail service in Placer County Ongoing
• Serve as information clearinghouse for jurisdictions, tribal governments, and the public regarding rail services and facilities in Placer County Ongoing
WORK ELEMENT 35 (continued)

RAIL PROGRAM

- Monitor and expedite improvements to rail facilities and services in Placer County  Ongoing
- Work with the CCJPA and local transit to provide timely connections to rail service  Ongoing
- Coordinate rail and transit programs with other agencies and jurisdictions  Ongoing
- Work with jurisdictions, CCJPA, and Amtrak to increase train frequencies to Placer stations, including negotiations for agreements with Union Pacific  Ongoing
- Work with CCJPA to ensure Placer interests are represented in High Speed Rail feeder route planning  Ongoing
- Work with member agencies, elected officials, and others to pursue operational and funding strategies outlined in the Reno Rail Conceptual Plan  Ongoing
- Participate with Caltrans in their upcoming Statewide Rail Plan  Ongoing according to Caltrans’ schedule

PRODUCTS:

- CCJPA public hearings, meetings, presentations, Annual Business Plan, public service announcements and press releases  Per CCJPA schedule
- Memorandum of Agreement with Union Pacific Railroad, CCJPA, and/or other appropriate parties on terms for provision of additional passenger rail service to Placer jurisdictions  As needed

WORK ELEMENT 40
PLACER PARKWAY

PURPOSE: To support the completion of the federal and state environmental document that will provide construction level clearance for a future Placer Parkway – a new roadway linking State Route (SR) 70/99 in Sutter County and SR 65 in Placer County.

BACKGROUND: The Placer Parkway is cited in the Placer County General Plan, PCTPA’s Regional Transportation Plan, and the SACOG Metropolitan Transportation Plan. The Placer Parkway would offer an alternative travel corridor for the fast growing areas in western Placer County and southern Sutter County.

The Tier 1 environmental document, which identified a 500' to 1000' wide corridor for acquisition, was adopted by the South Placer Regional Transportation Authority (SPRTA) in December 2009. The subsequent Tier 2 environmental document effort is being led by Placer County and will analyze design and construction impacts of roadway alignments within the selected corridor.

PCTPA, both as a planning agency and as staff for SPRTA, has led the development of this project since the Placer Parkway Conceptual Plan was started in 1998. As the project moves through the construction level environmental process, the institutional knowledge and background acquired in efforts to date will be needed to assist County staff in moving the project forward. Staff will also be participating as development efforts begin to take shape in the Western Placer area to ensure that the ongoing viability of the Placer Parkway project and that adopted actions and agreements are incorporated into the planning process.

WORK PROGRAM:
- Assist Placer County and other partners in developing and obtaining a construction level environmental clearances Ongoing
- Participate with Placer County on Project Development Team (PDT) for Placer Parkway Per County schedule
- Work with SACOG, Caltrans, and jurisdictions to ensure inclusion of Placer Parkway in their planning efforts Ongoing

WORK ELEMENT 41  
I-80/SR 65 INTERCHANGE IMPROVEMENTS (Multi-year project)  

PURPOSE: To develop a shelf-ready phased improvement program for the I-80/SR 65 Interchange, including environmental clearances, design, and right-of-way.

BACKGROUND: The I-80/SR 65 Interchange was constructed in the mid-1980’s as part of the Roseville Bypass project on SR 65 in the Roseville/Rocklin area of South Placer County. The facility is now experiencing operational problems caused by high peak traffic volumes and less efficient geometry of the loop ramp, which cause downstream backups on I-80 and SR 65.

A project initiation document (PID) for the I-80/SR 65 Interchange Improvements was completed in 2009 by Caltrans District 3. This document provided a planning level alignment alternatives, as well as scope, schedule, and cost estimates. Because the two projects are so closely related, PCTPA has reprogrammed a portion of the savings from a Federal earmark for the I-80 Bottleneck for preconstruction of the I-80/SR 65 Interchange. After an extensive consultant selection process, the contract was signed with the CH2M Hill team in February 2011. The interchange improvements received both federal and state environmental clearance in September 2016.

Efforts thus far include public outreach, development of project alternatives, and environmental documentation, and design plans with extensive coordination with member jurisdictions. The work for FY 2017/18 is expected to focus on coordination with Caltrans on the permitting, bidding, awarding, and starting construction of the first phase (Phase 1) of the interchange on northbound SR 65 from I-80 to Pleasant Grove Boulevard. Augmenting construction of Phase 1 is ongoing public and stakeholder outreach and member jurisdiction coordination.

WORK PROGRAM:
- Work closely with Caltrans, jurisdictions, regulatory agencies, and other pertinent parties to move forward with construction of Phase 1 of the I-80/SR 65 interchange in accordance with the work program July 2017 – June 2018
- Provide information and make presentations on the I-80/SR 65 Interchange Improvement effort to elected officials, business groups, citizen groups, and other interested parties July 2017 – June 2018/as needed
- Maintain and update the project website, www.8065interchange.org Ongoing
- Work with SACOG, Caltrans, and jurisdictions to ensure inclusion of I-80/SR 65 Interchange Improvements in their planning efforts Ongoing

PRODUCTS:
- Award Phase 1 construction contract Spring 2018
- Regulatory agency coordination during Phase 1 construction Ongoing
- Newsletters, press releases, website updates, advertisements/announcements, and outreach materials Ongoing

WORK ELEMENT 42
SR 65 CAPACITY AND OPERATIONAL IMPROVEMENTS (Multi-year project)

PURPOSE: To develop a shelf-ready improvement program for SR 65 between I-80 and Lincoln Boulevard, including environmental clearance, design, and right-of-way.

BACKGROUND: SR 65 between Roseville and Marysville was designated as part of the state’s highway system in the 1960’s. The SR 65 Roseville Bypass, constructed in the late 1980’s, realigned the highway through downtown Roseville from Washington Boulevard to I-80. The facility is now experiencing operational problems caused by high peak traffic volumes, which cause backups on both northbound and southbound SR 65 in South Placer County.

A project initiation document (PID) for the SR 65 Capacity and Operational Improvements was completed by Caltrans District 3 in January 2013. This document provides planning level alternatives, as well as scope, schedule, and cost estimates. The PCTPA board has approved funding to complete the next phase of the project: Project Approval and Environmental Document (PA&ED). The PA&ED phase was initiated in January 2014.

The work for FY 2017/18 is expected to include completion of environmental documents to gain project approval from Caltrans, with extensive public outreach and coordination with member jurisdictions.

WORK PROGRAM:
• Work closely with consultant team, jurisdictions, regulatory agencies, and other pertinent parties to implement the environmental process in accordance with contract July 2017 – December 2017
• With the consultant team, provide information and make presentations on the SR 65 Capacity and Operational Improvements effort to elected officials, business groups, citizen groups, and other interested parties July 2017 – June 2018/as needed
• Work with SACOG, Caltrans, and jurisdictions to ensure inclusion of the SR 65 Capacity and Operational Improvements in their planning efforts Ongoing

PRODUCTS:
• SR 65 Capacity and Operational Improvements consultant work products In accordance with work program
• Consultant contract amendments As needed
• Newsletters, press releases, and outreach materials Ongoing

WORK ELEMENT 50
PROJECT PROGRAMMING AND REPORTING

PURPOSE: To maximize the funding available to priority transportation projects and programs through accurate and efficient programming of Federal and State transportation dollars, ensure timely delivery, and report the success of those efforts.

BACKGROUND: PCTPA develops and programs transportation projects that are funded with State and Federal funds. PCTPA staff coordinates with Caltrans, SACOG, and other agencies, as indicated, regarding the various funding programs. Staff also coordinates with local jurisdictions to develop needed projects to meet specific program guidelines.

The major transportation funding program that PCTPA programs, under the requirements of our designation as Placer’s Regional Transportation Planning Agency (RTPA), is the Regional Transportation Improvement Program (RTIP). PCTPA determines how to program the RTIP funds allocated to the county, known as Regional Choice funds. PCTPA also advocates for the allocation of Caltrans’ ITIP funds for shared priorities on state highways, including SR 65 and I-80. However, with the advance of Placer’s share of RTIP funds for the SR 65 Lincoln Bypass, as well as the fluctuations that result in a diminishing effectiveness of the gas tax revenues that fund the STIP, this is becoming a much smaller portion of PCTPA’s funding efforts.

Federal funding is equally volatile. Over the past decade, the shrinking cost effectiveness of the Federal gas tax has required more state and local funding to make ends meet. After many years of short term Federal bills, the Fixing America’s Surface Transportation (FAST) Act was passed in late 2015 to provide a five year package with a modest 3% increase in funding levels. However, the FAST Act relies on six years of revenues to fund the five year bill, which leaves open the question of what will happen when the FAST Act expires.

Whatever the financial climate, timelines, or requirements involved, PCTPA’s primary focus is to obtain and maintain the maximum amount of transportation funding for our local and regional transportation priorities, including transit improvements, SR 65 widening, the I-80/SR 65 Interchange, Placer Parkway, rail capacity improvements, and various I-80 improvements. Not only do these projects enhance mobility for residents, they also enhance and expand efficient local, regional, and – in the case of I-80 and rail, national - goods movement.

PCTPA also programs projects for Federal programs such as the Congestion Mitigation and Air Quality (CMAQ) and Regional Surface Transportation Program (RSTP), the Federal Transit Administration (FTA) Section 5310, 5311, 5313, 5316, and 5317, as well as coordinating applications for State and regional programs like the Active Transportation Program (ATP).

All regionally significant transportation projects, as well as any which receive federal funding, must be included in the Metropolitan Transportation Improvement Program (MTIP) to allow
projects to move forward. PCTPA works closely with SACOG and our jurisdictions to ensure data included in the MTIP is current and accurate. In addition, SACOG provides air quality conformity determinations on the MTIP to comply with Federal clean air requirements.

Under AB 1012, agencies are also held responsible for ensuring State and Federal funding is spent promptly and projects delivered within specified time limits. This requirement is backed up by “use it or lose it” timely use of funds deadlines. Some of the major projects subject to these provisions are the Regional Surface Transportation Program (RSTP) and Congestion Mitigation and Air Quality (CMAQ) programs. Proposition 1B Corridor Mobility Improvement Account (CMIA) funding carries additional provisions outlined in project agreements with the California Transportation Commission (CTC) that require PCTPA’s constant monitoring and reporting of funded projects; anticipated funding partnerships with State Highway Operations Protection Program (SHOPP) funds on an early phase of the I-80/SR 65 Interchange Improvements will require close staff attention as the project moves forward through right of way and design to construction.

Over and above these requirements, PCTPA has a long standing commitment to ensuring that every transportation dollar is used as quickly, efficiently, and effectively as is possible. PCTPA staff will continuously monitor the progress of projects funded through State and Federal sources and ensure that they meet scope, schedule, and budget.

WORK PROGRAM:

- Monitor and update information on regionally significant projects to SACOG for inclusion in the MTIP **Ongoing**
- Prepare and process Proposition 1B Public Transportation Modernization Improvement Service Efficient Account (PTMISEA) and Transit Security and Safety applications and reporting documents **Per State schedule**
- Prepare grant and funding applications, such as for Federal TIGER grants **Per Federal/State schedules**
- Serve as information clearinghouse for various grant programs **Ongoing**
- Provide staff support and advice for local jurisdictions in developing grant applications **Ongoing**
- Work with Placer County Air Pollution Control District and SACOG to integrate AB2766, SECAT, and/or CMAQ funding program for NOx reduction projects to enable the region to meet air quality conformity requirements for programming **Ongoing**
- Analyze CMAQ applications and recommend programming to SACOG per Memorandum of Understanding **As needed**
- Coordinate with jurisdictions to develop and submit effective Active Transportation Program (ATP) applications **July 2017 – June 2018**
WORK ELEMENT 50 (continued)  
PROJECT PROGRAMMING AND REPORTING

- Participate with CTC and SACOG to analyze and recommend grant funding for ATP projects
  **Per State and SACOG schedules**
- Update CMAQ, RSTP, or other programming to meet timely use of funds rules  **As needed**
- Coordinate with SACOG on federal funding program opportunities and requirements  **As needed**
- Work with Caltrans District 3 to reprogram Federal funding and obtain necessary agreements for additional I-80 projects, such as construction of auxiliary lanes on I-80 between SR 65 and Rocklin Road and between Douglas Blvd and Riverside Ave  **Ongoing/as needed**
- Closely coordinate with Caltrans as they develop the list of Placer projects for which Project Initiation Documents (PIDs) will be done, as part of Caltrans’ Three Year Strategic Plan  **According to Caltrans schedule**
- Prepare and process Low Carbon Transit Operations Program applications  **According to Caltrans Schedule**
- Prepare amendments to the State Transportation Improvement Program (STIP) for Placer projects and programs  **As needed**
- Prepare reporting documents and status reports for grant and funding programs  **According to funding agency requirements**
- Organize and/or attend technical and management meetings for projects, such as Project Development Team (PDT), and Management Team meetings  **Quarterly/as needed**
- Prepare and submit required progress reporting documents for grant programs  **As required**
- Provide project sponsors with data regarding State and Federal policies that may impact implementation  **Ongoing**
- Actively pursue innovative approaches to advancing project schedules and otherwise speed implementation  **Ongoing**
- Actively pursue innovative approaches to project development processes to reduce costs  **Ongoing**
- Provide ongoing review of project status to assure all timelines and requirements are met  **Ongoing**
- Work with project sponsors to generate accurate and timely data for distribution to other agencies, community groups, and the general public  **Ongoing**
- Work with local, State, and Federal officials to obtain additional funding when needed to construct needed transportation projects  **Ongoing**

PRODUCTS:
- SACOG MTIP Updates  **Quarterly/as needed**
- SACOG Air Quality Conformity Determinations on MTIP  **In accordance with MTIP updates**
- Amendments and applications to Proposition 1B program  **As needed**
- Amendments and applications to Low Carbon Transit Operations Program  **As needed**
- FTA Section 5310 Priority List  **January 2018, per Caltrans schedule**
WORK ELEMENT 50 (continued)
PROJECT PROGRAMMING AND REPORTING

- FTA Section 5311 Program of Projects and Application January 2018
- FTA Section 5304/SHA Sustainable Communities Grant application March 2018
- FHWA Strategic Partnership Grant application March 2018
- State Transportation Improvement Program (STIP) amendments As needed
- Other grant and fund program applications, including ATP As needed
- Provision of grant applications and reports to local agencies and the general public Ongoing
- Cooperative Agreements with Caltrans for the programming of funds As needed
- Project listings on Caltrans’ Three Year Strategic Plan for PIDs Per Caltrans determination
- PDT and Management Team agendas In accordance with project schedules
- Project and funding status reports, including SB 45 Quarterly
- Progress reports on grant funding programs As required
- Caltrans Fund Transfer Agreements As needed
- Project signage that highlights local agency participation As needed
- Cooperative Agreements, Memoranda of Understanding, and other agreements As needed
- Transportation facility improvements In accordance with project schedules

WORK ELEMENT 60
REGIONAL TRANSPORTATION FUNDING STRATEGY

PURPOSE: To develop a strategy to fund the critical regional transportation projects in Placer County based on current economic conditions.

BACKGROUND: For a number of years, the needs for large scale regional transportation projects far outstrip the county’s available transportation funding. Concern has centered on not only the shortfalls, but the timing to fund major projects identified in the Regional Transportation Plan (RTP) such as the Placer Parkway, SR 65 widening, the I-80/SR 65 interchange, intercity rail, transit services, road rehabilitation and maintenance, bicycle facilities, Tahoe improvements, and SR 49.

While the regional traffic impact fee has now been adopted, increasing travel demand juxtaposed with a massive State budget crisis and dwindling Federal funding have continued the gap between transportation needs and funding availability. The most recent Regional Transportation Funding Strategy, which was completed in 2016, developed the Transportation Investment Plan and Sales Tax Ordinance which was placed on the November 2016 ballot as Measure M. While the effort achieved just under 64% support, that was not quite enough for the 2/3 majority required for passage.

Unfortunately, the disparity between critical transportation needs and funding opportunities, and the integral ties to the economic vitality of Placer County has not changed. Meanwhile, the very legitimate public concerns about traffic congestion and pavement conditions are getting even worse.

Our charge is to regroup and redouble our efforts to provide the public needs more information about the planning and funding challenges involved in addressing our critical transportation needs. Enhanced and creative efforts to provide that kind of outreach and information is a key to the success of our Funding Strategy efforts moving forward.

WORK PROGRAM:
- Working with consultant, coordinate and facilitate outreach efforts July 2017 - June 2018
- Develop and provide informational materials and fact sheets on transportation needs and funding to interested parties, including community and business groups, and the general public. July 2017 – June 2018
- Obtain feedback from the public on the transportation needs, funding, and options through multiple sources, including web-based media and surveys Ongoing
- Monitor and evaluate proposals to change and/or augment state transportation funding programs as they affect Placer County projects and local funding strategies Ongoing
- Continue to identify opportunities to leverage state and federal dollars to enhance local transportation funding efforts Ongoing
- Continue to update and refine the Regional Transportation Funding Strategy, including opportunities, needs, and constraints July 2017 – June 2018
- Investigate opportunities for innovative funding, such as a public-private partnership, for specialized transit services, Placer Parkway, I-80 improvements, and other potential candidate projects Ongoing
WORK ELEMENT 60 (continued)
REGIONAL TRANSPORTATION FUNDING STRATEGY

- Develop and evaluate specific proposals to develop local funding options to address local transportation needs  
  **July 2017 – June 2018**

PRODUCTS:
- Informational materials, including fact sheets, maps, charts, website graphics, and PowerPoint presentations, on transportation needs and funding  **Ongoing**
- Agendas for meetings/presentations with stakeholders, community groups, and others  **Ongoing**
- Regional Transportation Funding Strategy update  **November 2017/Ongoing**
- Public survey data results  **October 2017/as needed**

WORK ELEMENT 77
DRY CREEK WEST PLANNING AND FEASIBILITY STUDY

PURPOSE: The Dry Creek West Planning and Feasibility Study will evaluate the potential alignment of a 3-mile multi-use trail that exists in the existing Dry Creek Greenway trail between Cook-Riolo Road in Placer County and Riverside Avenue in the City of Roseville. Upon completion of the proposed planning and feasibility study including development of a preferred trail alignment, the City of Roseville and Placer County would then be poised to begin environmental review and engineering, ultimately leading to construction of the trail.

BACKGROUND: PCTPA received a FY 2016/17 Caltrans Sustainable Communities Grant (FTA Section 5304) on behalf of the City of Roseville and Placer County to assess the feasibility and potential alignment of a 3-mile gap closure of the Dry Creek Greenway Trail and crossing of the Union Pacific rail yard. The proposed segment is part of the larger Dry Creek Greenway Regional Vision Plan completed in 2004 that envisions connecting western Placer County at the Sacramento County line to the City of Auburn on the north and to Folsom Lake and the American River Parkway on the east.

WORK PROGRAM:
- Conduct Existing Conditions Analysis Per consultant work program
- Identify Preliminary Opportunities and Constraints Per consultant work program
- Develop Public Outreach Plan Per consultant work program
- Implement Public Outreach through Key Stakeholder Interviews, two Community Workshops, and a Community Open House Per consultant work program
- Prepare draft and Final Study Per consultant work program

PRODUCTS:
- Project Team Monthly Meetings July 2017 – Ongoing
- Community Outreach Ongoing
- Final Existing Conditions Report, Opportunities and Constraints Per consultant work program
- Alignment Alternatives and Conceptual Designs Per consultant work program
- Draft Dry Creek West Planning and Feasibility Study Report Per consultant work program
- Final Report Per consultant work program
- Invoice Package and Quarterly Reports Ongoing

WORK ELEMENT 79
INTELLIGENT TRANSPORTATION SYSTEMS (ITS)

PURPOSE: To facilitate implementation of ITS technology in Placer, El Dorado, Nevada, and Sierra County areas.

BACKGROUND: Caltrans received federal grants to explore the application of ITS technology statewide. Working with Caltrans District 3, this effort examined the application of ITS technology in the four rural counties. PCTPA acted as grant administrator for the multi-county effort to develop an ITS Plan for Placer, El Dorado, Nevada, and Sierra Counties. This effort was coordinated with the ITS effort begun by the Tahoe Regional Planning Agency (TRPA) for the Tahoe basin. The ITS Study was completed in FY 2001/02. The FHWA acknowledged the Tahoe Gateway Counties Intelligent Transportation System Strategic Deployment Plan (ITS/SDP) in June 2004 and the ITS Maintenance Plan in April 2005.

At the request of staff, SACOG will maintain the ongoing ITS Tahoe Gateway regional architecture. PCTPA will provide ongoing coordination and information sharing on ITS technologies among the four counties, and act as liaison with SACOG.

WORK PROGRAM:
- Coordinate with El Dorado, Nevada, and Sierra Counties, Caltrans New Technologies, Caltrans District 3, and SACOG to share information on ITS architecture Ongoing
- Act as liaison between the four Tahoe Gateway ITS counties and SACOG Ongoing
- Investigate funding opportunities for ITS projects Ongoing
- Provide information and reports to interested groups and citizens Ongoing

PRODUCTS:
- Tahoe Gateway Counties ITS Coordination agendas As needed
- ITS funding grants As opportunities arise

WORK ELEMENT 80  
FREEWAY SERVICE PATROL (FSP)

PURPOSE: To facilitate implementation of a Freeway Service Patrol (FSP) on I-80 and SR 65 in South Placer County.

BACKGROUND: The purpose of the program is to keep traffic moving by removing traffic impediments, such as cars with mechanical problems or that have been involved in accidents, as well as assisting the motoring public. The program provides a tow truck with a qualified technician patrolling the target area. The service began in 2003 through a Placer County Air Pollution Control District (APCD)'s AB 2766 funds to implement a Freeway Service Patrol in the congested areas of I-80 in the South Placer County area. In 2005 PCTPA became eligible to receive funding under the State’s FSP program. Since then, the program has been expanded with increased service hours to cover I-80 from Roseville to Auburn and SR 65 from I-80 to Twelve Bridges Dr.

Juxtaposed with this need is funding availability. FSP is subject to annual State budget allocations and formulas, as well as annual grants, and the available funding varies. Staff works closely with the CHP and the contractor to tweak the program, including service hours, days, and costs, to balance with available funding.

WORK PROGRAM:
- Coordinating with California Highway Patrol, administer and monitor FSP program **Ongoing**
- Publicize FSP program and benefits **Ongoing**
- Participate in regional and statewide FSP oversight committees **Ongoing**
- Participate in annual “ride-alongs” with California Highway Patrol and contractor **Annually**
- Participate in FSP Technical Advisory Committee meetings **Ongoing**
- Contract and coordinate with the Sacramento Transportation Authority in monitoring FSP operator activities and performance **Ongoing**

PRODUCTS:
- Progress reports **Quarterly**
- Freeway Service Patrol brochures **Ongoing**
- Freeway Service Patrol signage and material updates **As needed**

WORK ELEMENT 100
SOUTH PLACER REGIONAL TRANSPORTATION AUTHORITY (SPRTA)
ADMINISTRATION

PURPOSE: To provide staffing and administrative support for the South Placer Regional Transportation Authority.

BACKGROUND: PCTPA adopted a Regional Transportation Funding Strategy in August 2000 which included the development of a regional transportation impact fee program. PCTPA staff worked with the jurisdictions of South Placer County, as well as the development community, environmentalists, and community groups to develop a program and mechanism to implement this impact fee. The SPRTA, formed in January 2002, is the result of those efforts.

Under the Joint Powers Agreement that formed SPRTA, PCTPA is designated as the entity to provide administrative, accounting, and staffing support for the Authority. PCTPA is to be reimbursed for those staffing costs, as well as repaid for previous expenditures used to form the JPA and develop the fee program.

WORK PROGRAM:
• Provide administrative, accounting, and staff support for the SPRTA  Ongoing
• Oversee the implementation of the SPRTA’s traffic impact fee as delineated in the Implementation Program, providing updates as indicated  Ongoing
• Develop agendas for Authority Board and advisory committees  Monthly/as needed
• Provide financial information to Board  Ongoing
• Provide information and reports to interested developers, groups, and citizens  Ongoing
• Represent SPRTA in the Interjurisdictional Traffic Impact Study with SACOG, Placer, Sacramento, and Sutter Counties  Monthly/as scheduled

PRODUCTS:
• SPRTA Implementation Plan updates  As needed
• SPRTA Improvement Program updates  As needed
• Joint Powers Agreement amendments  As needed
• SPRTA FY 2017/18 Budget updates  As needed
• SPRTA FY 2017/18 Budget  May 2018
• SPRTA Cash flow projections  As needed
• Contracts for needed services, such as traffic modeling and attorney services  Annually/as needed
• SPRTA Board agendas and minutes  Monthly/as needed
• SPRTA Technical Advisory Committee agendas and minutes  Monthly/as needed
• SPRTA financial reports  Quarterly

Jason Shykowski, City of Roseville
David Smith, Caltrans

Celia McAdam, PCTPA
Aaron Hoyt, PCTPA
Luke McNeel-Caird, PCTPA
Solvi Sabol, PCTPA

State Route 65 Widening Environmental Document
Luke McNeel-Caird reported that the SR 65 Widening Project Draft Initial Study/Mitigated Negative Declaration (IS/MND) has been approved and signed by Caltrans. The public notice will be released on May 12th with comments due by June 14th. Once comments are received, we will be working with regulatory agencies to finalize the document at the end of this year. McNeel-Caird added that the proposed project would widen State Route (SR) 65 from north of Galleria Boulevard/Stanford Ranch Road to Blue Oaks Boulevard, and add several auxiliary lanes from Blue Oaks Boulevard to Lincoln Boulevard.

Final FY 2017/18 OWP and Budget
Celia McAdam explained that the final version of the FY 2017/18 OWP and Budget contains only minor changes from the preliminary draft version adopted by the Board in February 2017. These changes included the incorporation of comments from Caltrans which were mostly verbiage related. Additionally, McAdam said, there was a reduction to FSP funding which is also reflected in the OWP and budget, which does balance. The TAC concurred with taking the Final FY 2017/18 OWP and Budget to the Board for adoption in May.

SB 1 – Update
Celia McAdam reported that SB 1 was signed by the Governor. McAdam provided a flow sheet which shows the accounting structure of this funding source. While these are estimates, McAdam said it roughly doubles what each jurisdiction will receive in gas tax revenues and the money will come directly to the jurisdictions. McAdam informed the TAC that there will be reporting requirements and
emphasized that increases to the gas tax are indexed to inflation. She noted that specifics of this bill are still being worked out in the legislature and also added that there is movement to rescind the bill in 2018. This will be going to the Board as an informational item in May.

SR 49 Improvements
Luke McNeil-Caird explained that he met with Caltrans, the City of Auburn and Placer County on the SR 49 Improvements, adding that Caltrans intends to fund $38 million for repaving, turn lanes, bike lanes and walkways. McNeil-Caird added that public notification and participation will occur and a public meeting is scheduled in July. Construction could begin as early as next year.

Regional Surface Transportation Program (RSTP) Apportionments
Luke McNeel-Caird provided the 2020-2022 RSTP Apportionments, which have been broken down by jurisdiction, explaining that we are moving forward with additional years because of potential rescission at the SACOG level in the future. In 2020 McNeel-Caird said that estimated funds available are $16.5 million and this is a three-year call for projects. McNeil-Caird asked that the jurisdictions program these funds in the next three months and emphasized that SACOG and PCTPA want jurisdictions to spend these funds as soon as possible. The TAC concurred with staff recommendation for Board approval in May.

Congestion Mitigation and Air Quality (CMAQ) Guidelines
Luke McNeel-Caird provided the CMAQ Guidelines and the funding estimate for FY 2019/20 – 2021/22. As with RSTP funds, it was emphasized that the jurisdictions spend their CMAQ dollars as soon as possible. Unlike RSTP, however, McNeel-Caird explained CMAQ has a 25% discretionary pot of money. While doing a call for projects on the available discretionary money is an option, in the past it was used for the preconstruction of the SR 65 widening project. The TAC was asked to consider two regional projects for discretionary funding in this CMAQ round.

Luke McNeil-Caird explained that the City of Colfax has been in talks with Caltrans to do a roundabout project on State Route 174 which cost $2.6 million. In order to leverage $1.7 million in state and development fees, it was proposed that $800,000 be used from discretionary CMAQ funding. The other regional project for TAC consideration are Highway 49 Improvements, which would include additional sidewalks. This project, McNeil-Caird explained, could be a good candidate to attract matching funds from Active Transportation Program (ATP) funding which recently was increased $100 million dollars with the passage of SB 1.

The TAC concurred with staff recommendations to bring the CMAQ allocation criteria for FY 2019/20-2021/22 to the Board. Additionally, the TAC agreed with the recommendation of directing a portion of the discretionary funds to construct the roundabout in the City of Colfax as well as construct sidewalks on Highway 49 to leverage other funding. Luke McNeil-Caird said that once the Board approves the requested action, we will be asking jurisdictions to submit projects in the next three months.

Transportation Sales Tax Districting Proposal
Celia McAdam explained that the sales tax districting proposal in AB 1324 is stalled until next year. Staff will be working with our legislative advocate to find another vehicle.
Freeway Service Patrol – Change Order Number Two
Celia McAdam explained that the FSP Contract Amendment #2 as provided reflects the decrease in funds due to less grant funding and to reflect changes in diesel prices. The coverage area remains the same.

Section 5311 Program of Projects: FY 2016/17 and FY 2017/18 FTA
Aaron Hoyt reported that the City of Auburn and Placer County are recipients of 5311 funding for the FY 2016/17 and FY 2017/18 program of projects. These allocations will be brought to the Board for approval in May.

Bikeway Plan
Aaron Hoyt explained that the consultant has pulled together existing bikeway conditions for the unincorporated areas of the county. Currently an outreach plan is being developed to gather public input and recommendations.

Other Issues/Upcoming Deadlines
None.

Adjourn
Meeting adjourned at 3:40 p.m.
TO: PCTPA Board of Directors

FROM: Luke McNeel-Caird, Senior Planner/Engineer
David Melko, Senior Transportation Planner
Aaron Hoyt, Associate Planner

SUBJECT: STATUS REPORT

1. Quarterly Status Report on State and Federal Funded Projects
   The attached Quarterly Status Report summarizes currently programmed projects in Placer County that are regionally significant and/or funded with state and federal funds. The report provides project descriptions, project costs, and key schedule information. In an effort to keep the Board apprised of regionally significant transportation projects in Placer County, staff will provide this report once per quarter.

2. Freeway Service Patrol (FSP)
   FY 2016/17 3rd Quarter statistical summary for Placer FSP service is attached. For the 3rd Quarter, there were 645 total assists and 21 survey comments submitted. All of the motorists rated the service as “excellent.”

3. Placer County Regional Bikeway Plan
   The Placer County Regional Bikeway Plan is nearing completion of the inventory of existing biking facilities within the unincorporated areas of Placer County. The project team is also developing an outreach plan to engage the community and stakeholder groups with respect to how they use the existing system (i.e., gaps in the system, problem areas, maintenance, lack of facilities, etc.) and opportunities for future improvement, expansion, or enhanced connectivity. The outreach plan will target stakeholder and community groups through a robust social media presence directing interested individuals to an interactive map where users can identify needed bikeway improvements, issue areas, or destinations they would like to reach. This effort coupled with a public survey on cycling interest and traditional one-on-one stakeholder presentation will seek to obtain community input on the topic and drive subsequent work tasks. The outreach efforts are anticipated to kick-off mid to late May and extend through June.

MEMORANDUM

TO: Celia McAdam
FROM: AIM Consulting
DATE: May 4, 2017
RE: March & April Monthly Report

The following is a summary of communications and public information work performed by AIM Consulting (AIM) on behalf of Placer County Transportation Planning Agency (PCTPA) in the months of March and April.

AIM assisted with media relations and public information. AIM maintained and drafted content for PCTPA social media and the transportation blog to share current information about PCTPA projects, programs, and activities.

AIM finalized content for the May Newsletter featuring articles about PCTPA Board Member and City of Roseville Mayor Susan Rohan, the recent Transportation Funding Bill SB-1, the SR 65 Widening Public Hearing, PCTPA’s Placer County Regional Bikeway Plan Update, and the Meet the Staff series featuring Associate Planner Aaron Hoyt and Planning Administrator Solvi Sabol.

Below are activity summaries of AIM’s work:

**Funding Strategy**

AIM continued to work with PCTPA to support PCTPA’s efforts in discussing the need for local transportation infrastructure funding and how SB-1, while helpful for the region’s roads, will not solve Placer’s traffic congestion problem.

**PCTPA.net & Social Media**

AIM continued to update the PCTPA transportation blog with current news articles about PCTPA and additional information including PCTPA programs, transportation projects, and achievements.

AIM developed blog posts about the transportation funding bill SB-1, a guest column from PCTPA Board Member and Roseville Mayor Susan Rohan, the Capitol Corridor Third Track, Placer
County’s Baseline Road Project, and Executive Director Celia McAdam being honored as one of AAUW Roseville South Placer Branch’s 2017 Women of Distinction. After attending the March Roseville Chamber of Commerce Economic and Government Affairs Committee, AIM also developed a blog post about the impact regional job growth will have on the region’s roads. The transportation blog will continue to be updated with current information about projects, programs, and events.

AIM continued working on two interactive project maps that will feature completed PCTPA projects in the Placer region and current PCTPA projects in the South Placer region. The interactive maps will be hosted on the PCTPA website.

AIM continued posting social media updates on the PCTPA Facebook, Twitter, and Instagram to highlight the work being done by and on behalf of PCTPA.

Key social media posts included:
- Executive Director Celia McAdam honored as a 2017 Woman of Distinction by the AAUW Roseville South Placer Branch
- City of Roseville Bucks for Bikes Program
- Capitol Corridor Third Track Project
- Urban Land Institute survey results – Quality of Infrastructure as a Significant Driver of Real Estate Investment
- Placer County Baseline Road Project
- Impact of Job Growth on Placer’s Roads and Highways – Roseville Chamber of Commerce Economic and Government Affairs Committee
- California Legislature Transportation Funding Bill SB-1
- May Newsletter #35
- Guest Column: PCTPA Board Member and Roseville Mayor Susan Rohan

**Media Relations**

AIM continued to monitor industry and local news in an effort to identify outreach opportunities as well as support the Agency’s efforts to address local transportation and transit issues. Key stories in local media outlets are highlighted on the blog and social media.

**Newsletter #35**

AIM finalized and distributed the May Newsletter #35, which focuses on bicycling in the Placer region, an interview with PCTPA Board member and City of Roseville Mayor Susan Rohan, a transportation update about the recently passed SB-1 transportation funding bill, the SR 65 Widening Public Hearing, PCTPA’s Placer County Regional Bikeway Plan Update, and Associate Planner Aaron Hoyt as well as Planning Administrator Solvi Sabol for the Meet the Staff series. The newsletter was distributed during the last week of April.
Unmet Transit Needs Survey Video

AIM began storyboarding an informational video that will focus on the Unmet Transit Needs Survey process. The video will launch in mid-summer 2017 to inform community members in the Placer region about the survey process in time for the fall 2017 survey.
April 28, 2017

To: PCTPA  
From: Sante Esposito  
Subject: April Monthly Report

America’s Infrastructure First

- The Administration: The President’s proposal has been $1 trillion over 10 years and that is still their goal. Work in the Administration is being led by National Economic Counsel’s Director, Gary Cohn. He’s the former President and CEO of Goldman Sachs. Within NEC is DJ Gribbin, Special Assistant to the President on Infrastructure Policy. He was in the Bush Administration, Chief Counsel in the Federal Highway Administration, then General Counsel in DOT. Key Advocates has met with him twice and continues to stay in touch with him regarding developments. The Administration is still targeting August for Hill action on infrastructure although realistically it would most likely be fall at the earliest. Some direct federal spending will be included in its proposal, not just tax credits or federal bonds. The President has talked about using repatriated funds (he mentioned $200B) and giving priority to shovel ready projects. No details available yet. This month both the President and US DOT Secretary Elaine Chao discussed various aspects of a potential plan on several occasions, particularly in a Trump interview with the New York Times and at a White House CEO Forum which both Trump and Chao spoke at. Some key points they made are highlighted below:

President Trump –

- Appeared to possibly be backing away from an emphasis on P3 projects and focusing again on deficit spending to fund infrastructure. "We are borrowing very inexpensively. When you can borrow so inexpensively, you don't have to do the public/private thing. Because public/private can be very expensive." These conflicting positions in part reflect the disagreement among his top advisors on how best to finance/fund the infrastructure plan. Government borrowing and spending general funds would likely be strongly opposed by the fiscal conservatives in the House Freedom Caucus.

- Said he wants to change permitting from a process that takes "a minimum of 10 years" to a process that takes a total of one year. He said that "if you have a job that you can't start within 90 days, we're not going to give you the money for it." Trump had previously
strongly criticized the Obama Administration's 2009 stimulus plan because of its focus solely on "shovel ready" projects.

- Mentioned again that he is setting up an infrastructure commission and seemed to indicate that it might have a say in picking projects to fund. "And I'm setting up a commission of very smart people that know how to spend money properly. That know how to build on time, on budget. And ideally, under time and under budget. It's going to be headed by [the developer] Richard LeFrak and Steve Roth of Vornado. Two very talented, smart, tough people. And they are going to, along with me, put on a group of 20 people, 20 to 25 people on a commission. We're going to run projects through them."

- Said that because infrastructure is so popular, especially with Democrats, he might use it as a "sweetener" to get bi-partisan support for other legislation such as another attempt at a healthcare reform bill.

- Indicated that he plans to make an announcement in the next two weeks on Davis Bacon wage regulations. Any attempt to modify Davis Bacon would draw strong opposition from Democrats and labor unions.

Secretary Chao –

- Said on several occasions "money is not the problem" adding on that "there's lots of money chasing too few deals."

- Remarked that, "so the problem is not money. It's the delays caused by government permitting processes that hold up projects for years, even decades, making them risky investments. That's why a critical part of the President's infrastructure plan will include common-sense regulatory, administrative, organizational, and policy changes that will encourage investment and speed project delivery." The Democratic leadership of the House T&I Committee pushed back on this premise in a letter to Chao. The letter included the statement that, "A recent report, commissioned by the U.S. Department of the Treasury, identified 40 economically significant transportation and water projects whose completion has been slowed or is in jeopardy. The report found that a lack of public funding is by far the most common factor hindering the completion of transportation and water infrastructure projects. Further, the report found that delays resulting from environmental review and permitting were identified as a challenge to completing less than a quarter of the projects. We cannot streamline our way out of our funding shortfall."

- Indicated that an infrastructure plan might be released by the end of May. Others have speculated that a plan (or some general principles or broad outline) could be released in conjunction with Infrastructure Week - the week of May 15.

- Senate Leadership: Senate Republican leadership continues to be quiet about infrastructure. They’re focusing on healthcare. In January, eight Democratic Senators put
out an infrastructure plan (Schumer, Sanders, Nelson, Leahy, Wyden, Brown, Cantwell, Carper). Their plan: ten years, $1T - $75 billion for schools, $210 billion for roads and bridges, $110 billion for aging water and sewer systems, $180 billion for expanded rail and bus lines, $70 billion for deeper ports and upgraded airports, $100 billion for an updated electrical grid, $10 billion for VA hospitals, and $20 billion for broadband installations. The plan also includes $200 billion for unspecified “vital infrastructure projects” and $10 billion for an infrastructure bank to “unlock” private capital by providing loan guarantees or low-cost loans. Schumer said the Federal Highway Administration estimates that for every $1B spent, 13k jobs lasting at least 1 year, are created. There is no legislative language and no breakdown of specific issue area funding totals. It would be funded by public and private funds.

- Senate Environment and Public Works Committee: New leads include Chairman Senator John Barrasso from WY and Ranking Member Senator Tom Carper from DE. They’ve held two hearings so far on infrastructure.

- Senator Kamala Harris (D-CA): Sen. Harris is on the Senate Environment Public Works Committee and was just assigned to the Transportation and Infrastructure Subcommittee. Senate Environmental Public works is central to the timing and formulation of an infrastructure bill. We need to stay in touch with her office.

- House Leadership: The Speaker wants all of the public infrastructure money offset by private funds. Minority Leader Pelosi has criticized Ryan for the $40 of private investment per federal dollar statement he’s made. She’s also criticized the President for making promises without a detailed plan. Democrats want a public-private partnership.

- House Transportation and Infrastructure Committee: Congressman DeFazio, Ranking Democrat on the Committee, has introduced three individual infrastructure bills - on highways, ports and airports. They all pay for themselves in some way (gas tax, harbor maintenance trust fund, and aviation passenger facility charges). On March 22, he introduced his highway-transit bill. H.R. 1664, the “Investing in America: A Penny for Progress Act,” that provides approximately $500 billion in infrastructure investment to improve the conditions of our Nation’s highways, bridges, and public transit systems.

**FASTLANE Grants**

The FASTLANE grants cannot be released until all the FY17 funding has been appropriated - $850M was authorized for FY17 in the FAST Act. FASTLANE grants are aimed at nationally and regionally significant multi-modal freight and highway projects. It is possible that the Trump Administration may opt to "rebrand" the program and establish new selection criteria more in line with its priorities (such as private sector participation) rather than the Obama Administration's priorities. It could opt to reissue the NOFO and request updated project information or even new or revised applications. Note: we have heard of no effort is this regard. The President's FY18 "skinny" budget request does not address FY18 funding for FASTLANE grants which are authorized in the FAST Act at $900M. FASTLANE grants are
funded from the Highway Trust Fund, not with general funds, and therefore appear to be protected

**FY17 Appropriations**

Congress extended the current CR that expires on April 28 until May 5. That keeps the government open through then and gives lawmakers more time to negotiate a long-term funding package. As part of that extension, the Administration’s push for border wall funding was sidelined and payments for subsidies for low income Americans as part of Obamacare (supported by Democrats) will continue.

Under the current CR, all DOT and other infrastructure programs are funded at FY16 funding levels. Congressional staff has indicated that a FY17 DOT appropriations bill has been reconciled and is ready to go, although the funding details have not been made public. However, to further complicate matters, the Trump Administration opted to send recommendations to Congress on cuts they want in FY17 domestic discretionary programs. This is in addition to the FY18 budget recommendations the Administration sent to Congress two weeks ago. The Administration's proposed cuts for FY17 are unlikely to occur since, as noted above, Congress has generally already agreed on funding levels for FY17. The Administration recommendations include "reduction options" for only two US DOT programs. First, it proposes to eliminate all FY17 TIGER funding (FY16 funding was $500M). Second, the Administration recommends providing only $1.7B for transit Capital Improvement Grants (CIG) which is only enough to fund projects with existing Full Funding Grant Agreements (FFGAs). There are currently 55 projects at some point in the CIG pipeline.

**FY17 Transportation Appropriations Bill**

To review, the full Senate approved its version of the FY17 Transportation Appropriations bill on May 19, 2016, by a vote of 89 to 8. On May 17, the House released and approved its version of the bill.

Like the Senate, the House proposes to fully fund all Highway Trust Fund supported programs, such as the federal highway program and transit formula grants, at the same amounts authorized in the FAST Act. The House provided more money than the Senate for transit discretionary Capital Improvement Grants (CIG). The House provided less money for TIGER grants - only $450M versus the Senate's $525M, but given that the House has typically zeroed out or provided very limited funds for TIGER, the $450M is a step forward.

FY18 Federal Funding

The FY18 fiscal year begins on October 1, 2017. The Administration is not expected to release a full FY18 budget recommendation until early May. In the meantime, it released a so-called "skinny" budget. The budget only references funding levels for a very limited number of programs with a focus on domestic discretionary programs. In the case of DOT, there is no mention in the "skinny" budget of any so-called "mandatory" programs funded through the Highway Trust Fund, such as highway and transit formula programs, TIFIA, and FASTLANE grants. The assumption is that these programs will be recommended for full funding when the formal budget is released in May. The "skinny" budget proposes to terminate FY18 funding for TIGER grants, FTA Capital Improvement Grants (CIG) except for projects with existing Full Funding Grant Agreements (FFGAs), Amtrak's long distance service, and the Essential Air Service (EAS) program for rural airports. The budget also proposes significant cuts to federal agency personnel. However, the Administration can only recommend funding levels. It is up to Congress to determine actual funding. TIGER, CIG, Amtrak, and EAS are very popular programs with Congress. While many Republican Members will want to support the President, many others will want to support their own funding priorities and protect popular local projects. House Members, in particular, will be mindful that they need to get reelected in 2018.

Many observers have pointed out that there seems to be a disconnect between the recommended funding cuts and Trump's promise of a $1T infrastructure bill. However, the Administration has indicated that it wants to cut what it views as inefficient and ineffective programs and use the savings to fund what it considers to be more valuable programs in a subsequent infrastructure proposal. The rationales given by the Administration for the cuts include: state and local governments should manage and fund these programs, the federal government should not be funding or subsidizing projects that don't have regional or national impacts, the private sector could more effectively deliver the programs, and the programs are duplicative of other programs i.e. TIGER and FASTLANE.

Industry associations and stakeholders, project sponsors, state and local elected officials, and supportive members of Congress have begun major lobbying efforts to protect and defend the CIG, TIGER, and Amtrak programs, in particular.

The FY18 Congressional Budget Resolution and the FY18 Appropriations bills are on hold pending release of the President’s budget.

Earmarks

There are no additional developments at this point. In the Senate, there was an earmark ban introduced by Senator Flake in the Senate Republican Caucus. It passed without discussion. Before Flake, there was no Senate ban because the House didn’t have earmarks, so the Senate didn’t do them by default. In the House, the Rules Committee said that they plan to begin debating options for a limited earmark revival -- and that a plan could be presented to Republicans for consideration before they leave town for the Fourth of July holiday. The House
Freedom Caucus has expressed concerns about bringing earmarks back. The Democrats, however, say that they are ready to help Republicans revive earmarks.

**Hearings**

The Subcommittee on Highways and Transit of the House Transportation and Infrastructure Committee held a hearing on April 5 to receive testimony from state and local authorities concerning the implementation of the Fixing America’s Surface Transportation (FAST) Act (P.L. 114-94). The Committee heard from representatives of the American Association of State Highway Transportation Officials (AASHTO), the American Public Transportation Association (APTA), and U.S. Conference of Mayors (USCM).

Senate Commerce Committee held a hearing on March 1 entitled, “Connecting America: Improving Access to Infrastructure for Communities Across the Country.” The hearing examined the challenge of connecting Americans, particularly in rural communities, to transportation and information networks. Witnesses were Dennis Daugaard, Governor of South Dakota; Philip Levine, Mayor of Miami Beach; Carlos Braceras, Executive Director, Utah Department of Transportation; and, Shirley Bloomfield, Chief Executive Officer, NTCA-The Rural Broadband Association.

Subcommittee on Surface Transportation and Merchant Marine Infrastructure, Safety, and Security of the Senate Commerce Committee held a hearing titled “Keeping Goods Moving: Continuing to Enhance Multimodal Freight Policy and Infrastructure” on April 4. The hearing examined the importance of the multimodal freight transportation network and policies needed for a growing economy. Witnesses were Derek J. Leathers, President and Chief Executive Officer, Werner Enterprises; Lance M. Fritz, Chairman, President and Chief Executive Officer, Union Pacific; Michael L. Ducker, President and Chief Executive Officer, FedEx Freight; and, James Pelliccio, President and Chief Executive Officer, Port Newark Container Terminal.

**Infrastructure Week**

This year Infrastructure Week will be held the week of May 15. There are a number of events scheduled in DC and around the country with over 184 organizations participating in the week’s activities. Recent publication of interest: ASCE 2017 Infrastructure Report Card - link

**Bill Tracking**

Note the new format per the change in format by the Congress for the listing of bills. More information on each bill will be provided when it becomes available on the official site.

**H.R. 100 — 115th Congress (2017-2018)**

**Support Local Transportation Act**

Sponsor: Rep. Brownley, Julia [D-CA-26] (Introduced 01/03/2017) Cosponsors: (0, now 1)

Committees: House - Transportation and Infrastructure

Latest Action: 01/03/2017 Referred to the House Committee on Transportation and Infrastructure.
Status Update: no change since the last report.

H.R.547 — 115th Congress (2017-2018)
National Infrastructure Development Bank Act of 2017
Committees: House - Energy and Commerce, Transportation and Infrastructure, Financial Services, Ways and Means
Latest Action: 01/17/2017 Referred to the Subcommittee on Water Resources and Environment.
This bill establishes the National Infrastructure Development Bank as a wholly owned government corporation. The bank's board of directors shall be responsible for monitoring and overseeing energy, environmental, telecommunications, and transportation infrastructure projects. The board is authorized to: (1) make loans and loan guarantees to assist in the financing an infrastructure project, (2) issue public benefit bonds and provide financing to infrastructure projects, and (3) pay an interest subsidy to the issuer of American Infrastructure Bonds. The bank shall establish a risk management committee, which shall: (1) create financial, credit, and operational risk management guidelines; (2) set guidelines to ensure diversification of lending activities by geographic region and infrastructure project type; (3) create conforming standards for financial assistance; (4) monitor financial, credit, and operational exposure; (5) provide financial recommendations to the board; and (6) ensure that the aggregate amount of interest subsidies provided for such bonds in a given calendar year does not exceed 28% of interest payable under all such bonds. The board shall approve criteria established by the bank's executive committee for determining project eligibility for financial assistance. The bill sets forth criteria to be considered by the board for each type of infrastructure project. The executive committee shall conduct an analysis that considers the economic, environmental, and social benefits and costs of each project under consideration, prioritizing projects that contribute to economic growth, lead to job creation, and are of regional or national significance. Financial assistance for an infrastructure project: (1) shall be repayable from dedicated revenue sources that also secure the infrastructure project obligations, and (2) shall not exceed 50% of reasonably anticipated project costs. Bank bonds shall be exempt from state or local government taxation. Assisted projects must comply with wage rate, domestic content, and buy American statutes. The board shall establish an American Infrastructure Bond program. The bill establishes the National Infrastructure Development Bank Trust Fund into which an amount equal to the tax receipts attributable to interest payable under such bonds is to be appropriated.

Status Update: 1 cosponsor added since the last report.

H.R.481 — 115th Congress (2017-2018)
REBUILD Act
Sponsor: Rep. Calvert, Ken [R-CA-42] (Introduced 01/12/2017) Cosponsors: (0)
Committees: House - Natural Resources
Latest Action: 01/12/2017 Referred to the House Committee on Natural Resources
This bill amends the National Environmental Policy Act of 1969 (NEPA) to authorize: (1) the assignment to states of federal environmental review responsibilities under NEPA and other
relevant federal environmental laws for covered federal projects, and (2) states to assume all or part of those responsibilities. Each responsible federal official who is authorized to assign such responsibility must promulgate regulations that establish requirements relating to information required to be contained in state applications to assume those responsibilities. An official may approve an application only if: (1) public notice requirements have been met, (2) the state has the capability to assume the responsibilities, and (3) the head of the state agency having primary jurisdiction over covered projects enters into a written agreement with an official to assume the responsibilities and to maintain the financial resources necessary to carry them out. The officials must audit state compliance with federal laws for which responsibilities are assumed. The officials may terminate the responsibilities assigned to states after providing notice to states of any noncompliance and an opportunity to take corrective action.

Status Update: no change since the last report.

H.R.966 — 115th Congress (2017-2018)
TIGER CUBS Act
Committees: House - Appropriations, Budget
Latest Action: 02/07/2017 Referred to House Budget Committee

This bill provides $500 million in supplemental FY2017 appropriations to the Department of Transportation for national infrastructure investments under a competitive grant program commonly known as the Transportation Investment Generating Economic Recovery (TIGER) program. At least $100 million of the funds must be used for projects located in cities with populations between 10,000 and 50,000. The funding provided by this bill is designated as an emergency requirement pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985. The emergency funding is exempt from discretionary spending limits and is only available if the President subsequently designates the amounts as an emergency and submits the designation to Congress.

Status Update: 2 cosponsors added since the last report.

S.846 — 115th Congress (2017-2018)
SAFE Bridges Act of 2017
Sponsor: Sen. Shaheen, Jeanne [D-NH] (Introduced 04/05/2017) Cosponsors: (4)
Committees: Senate - Environment and Public Works
Latest Action: 04/05/2017 Read twice and referred to the Committee on Environment and Public Work

Status Update: bill added since the last report.

H.R.1670 — 115th Congress (2017-2018)
Infrastructure 2.0 Act
Committees: House - Ways and Means, Transportation and Infrastructure, Rules
Latest Action: 03/23/2017 Referred to the Subcommittee on Water Resources and Environment
Status Update: bill added since the last report.

H.R.1669 — 115th Congress (2017-2018)
Partnership to Build America Act of 2017
Committees: House - Transportation and Infrastructure, Ways and Means
Latest Action: 03/23/2017 Referred to the Subcommittee on Water Resources and Environment

Status Update: bill added since the last report.
An amended version of Measure M, which would have raised $1.6 billion over 30 years for local transportation projects if it had not failed to pass in November 2016, could be coming to South Placer County ballots in November 2018, according to the Placer County Transportation Planning Agency.

Measure M proposed to add a half-percent sales tax to the county in order to pay for road updates, including adjustments to the 80-65 highway interchange. The measure failed by roughly 2 percent of the required votes.

On March 1, PCTPA met with county executives, public works employees and leaders from Rocklin, Roseville, Loomis, Lincoln and other municipalities to discuss options for funding. Updating the 80-65 interchange alone is projected to cost $450 million over four phases.

PCTPA Director Celia McAdam said the idea of setting up a sales tax district specific to South Placer has been the answer to “what now?” after the failure of Measure M.
At the meeting, officials discussed possible locations for the sales tax district. The district will likely cover points west of Loomis all the way to the western and southern Placer County lines, according to McAdam. As with the original legislation, sales tax would increase by half a percent to raise money over a 30-year span. However, the new legislation would mandate that the increase only take place within the district’s boundaries, not countywide.

“The idea is that if you set up a transportation sales tax district, only people within those boundaries will vote on it,” McAdam said. “The money is generated within the district, spent within the district and voted on within the district.”

McAdam said that even though the area would be smaller than that of the original legislation, it could still raise most of the funds that Measure M would have generated: the better part of $1.6 billion.

“This is significant to us, because it will not only help solve regional problems, but provide revenue for local problems too,” said Rocklin City Manager Rick Horst, representing Rocklin at the March 1 meeting.

For the original Measure M, South Placer showed strong support: 72 percent of Lincoln supported the measure, while 69 percent of residents in Roseville and Rocklin voted yes. Further to the north, however, votes fell to around 50 percent. The measure needed a two-thirds majority to pass and came in countywide at 64 percent.

“The challenge is, as you get up into the foothills, congestion isn’t a problem,” McAdam said. “But the potholes are. The weather this year has really illustrated how far behind we are in road maintenance. Measure M could have gone a long way toward helping that.”

She said that the sales tax district is still in the works and nothing is set in stone, because the proposal needs to go through state legislature before it can be added to a ballot.

“It will be late this summer before we know if it’s moving forward,” McAdam said.

The legislation will be guaranteed if it passes through the governor’s office this October. If everything goes through, the updated measure could be on the ballot in November 2018.

Despite its outcome, McAdam said the Measure M vote gave the county more insight into where voters’ priorities lie. She compared the situation to that of other places in California, such as San Diego County, where transportation funds are often stretched between urban voters who want better public transit and rural voters who want better roads. In Placer County, the tension is between traffic congestion and fixing potholes.

In any case, she said the original measure’s turnout was significant.

“This is a really conservative county, and nobody likes taxes,” McAdam said. “We made a good case. The takeaway is: the problem is in South Placer and the support is in South Placer. That’s where we need to put our focus moving forward.”

For Rocklin’s stake in the matter, Horst said the city supports the decision going before the people and that the 69 percent of the city’s voters who supported last November’s original measure are indicative of the area’s interests.

“The people of Rocklin supported the initial Measure M, so we anticipate if it comes back for a second round, they will also support a sales tax district,” Horst said.
The Placer County Board of Supervisors approved a $6–million contract Tuesday for Sacramento–based civil engineering firm Mark Thomas & Company to design the 1.4–mile first phase of Placer Parkway.

It could be longer than 10–15 years, though, before the long–awaited 15–mile parkway is constructed, connecting State Route 65 near the Whitney Boulevard interchange in Rocklin with State Route 70/99 north of Sacramento.

“I see construction starting on it, one way or another within that timeframe,” said Celia McAdam, executive director of the Placer County Transportation Planning Agency. “But it’s not going to get all the way to Sutter County by then. That’s going to take a very long time.”

Funding remains up in the air for the project, with McAdam saying it’s not fully in place for the $60–million first phase. She said the parkway is 95–percent funded by developer impact fees, which “come in as they come in” and can’t be bonded against by the county.

Transportation sales tax Measure M fell short with Placer County voters last November. The measure would have allocated $35 million to the parkway and allowed the county to bond for construction costs while it awaited developer fees. These fees are received when permits are pulled, McAdam said.

“I don’t have the developer impact fee generated to build it,” McAdam said of phase I. “I have enough that I’m moving forward on the design. That, I’m pretty comfortable with.”

An environmental report prepared in May 2015 by ICF International of Sacramento said the first phase would “establish freeway access at SR 65 and provide alternative connections to Foothills Boulevard North to relieve congestion along SR 65 at Sunset Boulevard and Twelve Bridges Drive and along Industrial Avenue and Sunset Boulevard.”
Richard Moorehead, the project manager for Placer County, sees other positives with the full parkway.

“The ultimate benefit, when it’s done completely—it’s that parallel facility between 65 and 99, which we need to serve all of the development community as we build out in the region,” Moorehead said.

The parkway will pass the north side of the sprawling Placer Ranch development and north of the University of Warwick’s planned undergraduate campus, to be built on more than 1,000 acres of donated land on the outskirts of Roseville. Houses and other development have been popping up in this region as well over the past few years.

The Placer Parkway project has long been in the works and inspired some criticism in 2003 from David Mogevaro, then-executive director of the Environmental Council of Sacramento, who told the Sacramento Business Journal that the parkway was “the most sprawl-inducing road project the Sacramento region has ever seen.”

The 2015 environmental report for the first phase listed numerous potentially significant impacts, but said they could all be mitigated. Moorehead said he was confident this still holds true.

It’s uncertain when the first phase will be built. Asked if construction for the first phase would commence in 2018, Moorehead said it was “funding-dependent, and we’re still trying to put the funding together for that project.” McAdam said that with developer fees, the project could start turning ground in two to three years.

A message left Monday for a project manager at Mark Thomas & Company wasn’t returned before press time.

Others in Placer County have made use of the firm—the city of Roseville said at its March 15 council meeting that Mark Thomas & Company would prepare a subdivision map for University of Warwick’s undergraduate facility to be located at 401 Oak Street.
The Sacramento area’s bumpiest roads are likely to get a lot smoother in the next few years, thanks to the state transportation funding bill approved by the Legislature Thursday, local officials say. But the “gusher” of new funds, as one activist put it, is unlikely to be enough to make daily commutes less congested.

For that, local transportation officials say, Sacramento’s cities and counties will have to find some other budgetary magic. Federal funding remains a dark cloud; the Trump administration recently proposed cutting transportation funding 13 percent this year.

Sacramento leaders say the long-awaited state bill, SB 1, will allow them to come out of starvation mode. The bill imposes a pump-tax increase and higher vehicle registration fees, and will cost the typical driver about $10 a month. Much of the funding will not start flowing until November.

First order of business, said James Corless, head of the Sacramento Area Council of Governments, is to fix potholes and resurface rutted roads. “This is going to help you avoid having to get your front end realigned from the massive pothole you just hit on your way to work,” he said.

State Caltrans Director Malcolm Dougherty said the new funds likely will speed up fixes on some crumbling sections of Interstate 5 south of downtown, Highway 50 from downtown to Watt Avenue and Interstate 80 west of the city.

Placer County Transportation Planning Agency chief Celia McAdam says the cash infusion “is great for dealing with the backlog of road maintenance that is needed all over place.” But, in her county, she says, “it really does nothing for traffic congestion for the Interstate 80/Highway 65 interchange, or for 65 widening, and some of the big capacity issues in south Placer.”

Those projects require Placer to have local transportation “matching” funds to use to compete for state and federal grant programs. Placer attempted a sales tax ballot initiative in November that would have secured some of those funds, but it failed.

West Sacramento City Manager Martin Tuttle said his city should get about $1.2 million annually to repair aging streets in older city neighborhoods. “The big win is for maintenance,” he said. West Sacramento voters approved a small transportation sales
tax in November, which the city should be able to leverage to compete for some SB 1 supplemental funds.

▪ City of Sacramento transportation head Ryan Moore said his city will get a “desperately needed infusion” of an estimated $11 million annually for road repair. “It’s an investment that our parents and grandparents made and we have a responsibility to take care of it.”

▪ Mike Penrose, head of the Sacramento County transportation department, said the county will get an estimated $28 million annually that should help take a big chunk over time out of the county’s $450 million backlog of unfixed streets.

▪ Sacramento Regional Transit, the bus and light rail district, should see an additional $10 million annually. SacRT officials say they will use the money mainly to fill in gaps left by federal funding reductions and by lower-than-expected revenues from the state cap-and-trade program.

Bike and pedestrian advocates say they are pleased the Legislature added more money at the last minute for non-car transportation needs. Jennifer Donlon Wyant of the City of Sacramento said city officials are doing a study of the most dangerous areas for walkers and bikers, and likely will use some of the state money on safety measures in those areas as part of street resurfacing projects.

Local transportation sales tax opponent Craig Powell of the Eye On Sacramento group called the new state funding a “gusher” of money, and said it showed that Sacramento County voters were right in November in rejecting Measure B, a proposed local transportation sales tax.

But several Sacramento transportation officials said cities and counties need even more money for projects that will provide congestion relief. County transportation chief Penrose said “there is still significant pressure” for some form of local transportation funding, potentially another effort to pass a sales tax increase.

SacRT officials issued an even stronger statement Friday, pushing for a one-third cent additional local sales tax to increase bus and rail service to every 15 minutes and in some cases 10 minutes, and to build a rail line to the airport, with potential extensions to Elk Grove, Roseville and Davis.

If you want to estimate how much the state transportation bill will cost you, go to this sacbee.com calculator created by Bee reporter Jim Miller.
A nearly 600-home residential development was approved 4–0 Tuesday night by the Lincoln City Council.

City Councilman Paul Joiner was present for the meeting but left before the public hearing on Independence at Lincoln began.

The proposed 92-acre, 575-home residential development will be located on the site of the city’s former Wastewater Treatment Facility, which was decommissioned in 2004. The proposed development is bordered by Nicolaus Road to the north, the Santa Clara Memorial Park Cemetery to the south undeveloped land to the west and residential neighborhoods to the east.

Steve Prosser, a senior planner with the Lincoln Community Development Department, described Independence at Lincoln as an “infill project.”

“The development will have five distinct neighborhoods that are complimentary to each other,” Prosser said. “Each neighborhood is surrounded by its own park system.”

Several concerns were brought up during the public hearing, including the proposed residential development’s close proximity to the Lincoln Regional Airport.

Rocky Green, a member of the Lincoln Regional Aviation Association board of directors, said Independence at Lincoln lies within the safety buffer for the airport, an area where pilots might have to land during an emergency.

Green added that departing aircraft will be flying “directly over” the subdivision and are likely to generate “excessive noise.”

“Aircraft passing over homes will be at 1,000 feet,” Green said. “Also, there will be occasional jet traffic and the noise will increase significantly over time, especially with jet traffic a stated goal of the city.”

Green said he brought his concerns to the Placer County Airport Land Use Commission (PCALUC). The Placer County Transportation Planning Agency is also the Airport Land Use Commission.
The Placer County Airport Land Use Commission voted 7–1 on Jan. 25 to find the development consistent with the Airport Land Use Compatibility Plan after an eight-minute hearing. Lincoln City Councilman Stan Nader, a member of the agency’s board of directors, voted yes. Colfax City Councilman Tony Hesch, also a member of the agency’s board, was the lone no vote.

Lincoln resident James McLeod, who lives in the Brookview neighborhood, said he had two concerns: a missing 18-inch water line connection and the lack of street lights on Nicolaus Road.

“That’s a collector roadway, approaching 10,000 trips per day, with no street light system,” McLeod said. “Street lights on Nicolaus aren’t the developer’s responsibility; it’s the city’s responsibility.”

Lincoln resident David Emerson, a Sierra College teacher for 30 years, was concerned about the cost of new housing in Lincoln. He asked if any housing would be set aside for low-income residents or for the elderly or both.

“I never thought I would be before the City Council with these questions,” Emerson said. “If this goes through, teachers in Lincoln won’t be able to buy a house.”

City attorney Mona Ebrahimi said the city is only obligated to identify land that could be used for affordable housing.

“The city can encourage but can’t compel builders to build low-income housing,” Ebrahimi said.

Mayor Peter Gilbert agreed that affordability is “a real problem.”

“What we are lacking are starter homes,” Gilbert said. “I think this project is a tremendous opportunity for people if they can borrow money from their parents to get into the market. I hope the economy will start supporting the lower end of the market.”

The Independence at Lincoln development project is a proposed master-planned community with low-density and medium-density homes. The project also includes 46 acres of open space, 14 acres of parks, and a community center. Independence at Lincoln is designed to have five distinct neighborhoods, with four of the neighborhoods surrounding a central park.
