Colfax High School  
Gymnasium  
24995 Ben Taylor Road | Colfax, CA

RSVP  
Requested but not required —  
please email [info@pctpa.net](mailto:info@pctpa.net) or  
call (530) 823-4030

Fix Potholes. Resurface Streets.  
Improve Highway Interchanges.  
Reduce Traffic Congestion.

After nearly two years of thoughtful study and extensive community outreach, the Placer County Transportation Planning Agency (PCTPA) has developed a comprehensive draft transportation plan for Placer County.

**On November 4**, PCTPA will hold a town hall meeting for Colfax, Alta, Dutch Flat, Emigrant Gap and Gold Run residents to review the draft plan and gather community feedback.

# IMPROVING TRANSPORTATION IN PLACER COUNTY

Our freeways and roads get more congested — robbing residents of time with their families and making travel less safe.

Our aging streets and roads require more maintenance — but transportation funds can't keep up with needed repairs.

**Placer County needs a comprehensive transportation plan to protect our quality of life and keep our economy growing.**

## A Local Funding Source to Keep Placer County Moving

Even after using every penny of gas tax for roads, and requiring developers to pay maximum transportation impact fees, the Keep Placer Moving plan faces a funding gap of \$1.25 billion.

PCTPA is exploring a half cent transportation sales tax that would expire no later than 30 years from now. The tax would have to be placed on the ballot and require 2/3 voter approval. The draft plan contains state law requirements and the best practices from other counties that have adopted local transportation taxes such as strong taxpayer safeguards including an oversight committee with independent audits and an annual report to the taxpayers.

**This plan will reduce traffic and improve the quality of life for Sierra Foothill residents.**

**E** I-80/SR 174 Interchange improvement

Fix potholes and resurface streets

Improve congestion hot spots

Expand trail systems in Tahoe Basin and Sierra Foothills

Local grants to communities for sidewalks and bike lanes near schools

**A** Reconfigure the I-80/Highway 65 interchange to dramatically improve traffic flow and safety

Transit enhancements for seniors and people with disabilities

## Your Opinion Matters

Attend the Colfax town hall meeting on November 4 or visit [www.KeepPlacerMoving.com](http://www.KeepPlacerMoving.com) to comment on the draft Keep Placer Moving transportation plan.
