

Rocklin Community Transit Study

Comment Card

The Placer County Transportation Planning Agency has hired LSC Transportation Consultants Inc. to study public transit needs and options in Rocklin. Currently, sections of Rocklin are served by the Placer County Transit (PCT) Lincoln to Sierra College Route (along Taylor Road and Sunset Blvd) once an hour. Additionally, the I-80/Taylor Road Corridor is served by the Auburn – Light Rail, Commuter Express Routes and the Taylor Road Shuttle. General public curb to curb Dial-A-Ride service is available to destinations within Rocklin/Loomis as well as some shopping areas in Roseville. The ultimate objective of this study is to determine if there is a need to modify existing transit services or to establish new routes or services to better serve Rocklin residents. We appreciate any input you might have regarding this study:

What community do you live in? _____

If you live in Rocklin, what is the nearest major cross street to your home?

What community do you work or go to school? _____

Do you think there is a need to increase/change public transit services in Rocklin? _____

If so, what do you think those changes should be? _____

For more information, or to provide additional input, please contact Genevieve Evans of LSC at genevieve@lsctahoe.com, or 530-583-4053
