Chair Broadway provided direction on the procedures for participating remotely. Staff reports and a video of this meeting are available at: <a href="https://www.pctpa.net/pctpa-board-meetings">https://www.pctpa.net/pctpa-board-meetings</a>

#### AGENDA REVIEW

Matt noted that (1) there was an amended agenda indicating that there was no teleconference location available, and (2) the agenda reflects an incorrect date on the May meeting minutes, however the minutes themselves indicate the correct date of May 22, 2024.

#### **AB 2449**

Matt Click informed the Board that no action is necessary on this item.

#### APPROVAL OF ACTION MINUTES - May 22, 2024

Upon motion by Holmes and second by Cortez, the May 22, 2024 minutes were unanimously approved.

#### **PUBLIC COMMENT**

No public comment.

#### CONSENT CALENDAR: PLACER COUNTY TRANSPORTATION PLANNING AGENCY

Upon motion by Houdesheldt and second by Holmes, the PCTPA Consent Calendar items as shown below, were unanimously approved.

- 1. Reprogramming STBG funding from the City of Roseville's "Roseville 2018 Arterial Resurfacing Project" to the new "Fairway & Junction Blvd Arterial Resurfacing Project" (\$1,276,728)
- 2. Accrue TDA Funds from Previous Fiscal Years to FY 2024/25
- 3. SR 49 Sidewalk Gap Closure Project Management Contract Amendment \$48,745.96

#### CONSENT CALENDAR: WESTERN PLACER CONSOLIDATED TRANSPORTATION **SERVICES AGENCY**

Upon motion by Holmes and second by Cortez, the WPCTSA Consent Calendar item as shown below, was unanimously approved.

Letter of Task Agreement for Seniors First to Continue Administration of the Placer Rides Program - \$1.06 Million

#### WESTERN PLACER CONSOLIDATED TRANSPORTATION SERVICES AGENCY FY 2024/25 BUDGET ADOPTION

Presentation provided by Mike Costa, Principal Transportation Planner Upon motion by Holmes and second by Houdesheldt the WPCTSA Board unanimously approved the FY 2024/25 Western Placer Consolidated Transportation Services Agency (WPCTSA) Budget as provided.

#### SOUTH PLACER-SOUTH SUTTER FAIR SHARE TRANSPORTATION FUNDING ANALYSIS – NEXT STEPS

Presentation provided by David Melko, Senior Transportation Planner. Technical consultant support provided by Erin Vaca, DKS.

Public comment provided by Michael Garabedian, Placer County Tomorrow and Pacific to American Divide.

Upon motion by Houdesheldt and second by Cortez the Board unanimously (1) authorized the Executive Director to execute the attached time extension to existing funding reimbursement agreements between the Placer County Transportation Planning Agency (PCTPA), Placer County, Sutter County, and the City of Roseville (collectively the participating agencies), and (2) authorized the Executive Director to execute the attached Letter of Task Agreement No. 24-01 with DKS Associates to complete the South Placer and South Sutter Fair Share Transportation Funding Analysis.

#### PLACER COUNTY FREEWAY SERVICE PATROL (FSP) CHANGE ORDERS

Presentation provided by Solvi Sabol, Executive Assistant II and Clerk of the Board Upon motion by Holmes and second by Andreatta, the Board unanimously authorized the Executive Director to (1) issue Change Order No. 6 for Placer County Freeway Service Patrol Contractor Services Agreement, 21-FSP-01 with Extreme Towing as shown in Attachment 1, and (2) issue Change Order No. 1 to Placer County Freeway Service Patrol Contractor Services Agreement 22-FSP-01 with Sierra Hart Auto, as shown in Attachment 2.

#### PLACER COUNTY 2044 REGIONAL TRANSPORTATION PLAN FINAL APPROVAL

Presentation provided by Mike Costa, Principal Transportation Planner and Cory Peterson, Senior Transportation Planner

Upon motion by Holmes and second by Andreatta the Board unanimously (1) adopted the 2044 Placer County Regional Transportation Plan; (2) found that the 2044 RTP carries forward the transportation goals, policies, investment priorities, projects and programs established in PCTPA's adopted 2040 Regional Transportation Plan without any substantial changes and therefore relies on the findings and mitigation measures identified in the 2040 RTP's certified Programmatic Environmental Impact Report (PEIR) for implementation upon the 2044 RTP's adoption; and (3) authorized the Executive Director to file a Notice of Determination with the State Clearinghouse and Placer County Clerk for the 2044 RTP's adoption.

#### COUNTYWIDE ZERO EMISSION VEHICLE INFRASTRUCTURE PLAN UPDATE

Presentation provided by David Melko, Senior Transportation Planner

David provided an informational presentation regarding the proposed Countywide Zero Emission Vehicle (ZEV) Infrastructure Plan and the recent award from SACOG of \$1.2 million to PCTPA to develop the proposed Countywide ZEV Infrastructure Plan. This item was for informational purposes only. No Boad action required.

#### **SB 125 UPDATE**

Presentation provided by Mike Costa, Principal Transportation Planner

In December 2024, PCTPA submitted its list of projects to CalSTA for the \$37.8 million that Placer County jurisdictions would be receiving as part of the SB 125 budget trailer bill. These projects were for transit operations and capital support and included funding for Phase 2 of the Capital Corridor Third Track project. Due to the state budget shortfall the state froze all funding anticipated for this program. What we understand is the funding hasn't gone away, rather it will come from another source and be extended from two to four years and possibly beyond. We will keep the Board and our member agencies apprised of the SB 125 program as clarification unfolds. This item was for informational purposes only. No Boad action required.

#### EXECUTIVE DIRECTOR'S REPORT

- Sales Tax Measure
  - June 11 Board of Supervisors voted to put the Measure on the November 2024
  - We now have a Measure letter Measure B.
  - Presented to Joint Chambers of Commerce, Sun City Lincoln, and Sun City Roseville in June.
  - Participated in a "Hot Topics" webinar with the North State BIA.
  - Beginning July 1, activity related to the Measure will transition to a private sector campaign.
  - General education will be ongoing.
- SR 65 and I-80/SR65
  - Connected with the new leadership at Caltrans District 3 on June 21 and discussed "Alternative Project Delivery" (APD) possibilities.
  - We will continue to meet with Caltrans leadership on these critically needed projects.
- Countywide Zero Emission Vehicle (ZEV) Grant
  - Matt thanked David for being the project champion and lead author on this successful grant application.
  - Matt extended his appreciation to SACOG on behalf of the agency for their partnership.
- The July 24<sup>th</sup> meeting is cancelled. The Board will reconvene on August 28.

**ADJOURN:** The meeting adjourned at approximately 10:40 AM. A video of this meeting is available online at https://www.pctpa.net/pctpa-board-meetings.

#### *MEMORANDUM*

TO: PCTPA Board of Directors DATE: August 28, 2024

FROM: Matt Click, Executive Director

SUBJECT: CONSENT CALENDAR

Below are the Consent Calendar items for the August 28, 2024, agenda for your review and action.

#### 1. 2024 Conflict of Interest Code Amendment

The Political Reform Act of 1974 requires every local government agency review its' Conflict of Interest (COI) code every two years. In 2022 PCTPA's COI Code was submitted to Placer County Counsel and approved by the Board of Supervisors. An amendment to PCTPA's existing COI is now required. PCTPA's COI, which includes the Placer County Transportation Planning Agency, Placer County Airport Land Use Commission, Western Placer Consolidated Transportation Services Agency, and the Placer County Local Transportation Authority is amended to: (1) include new positions, (2) revise the titles of existing positions, and (3) eliminate titles of positions that were duplicative of existing position(s). Staff recommends approval of Resolution 24-22 which amends PCTPA Agencies Conflict of Interest Code as provided.

2. <u>Interstate 80 Auxiliary Lanes Project: Dokken Engineering Construction Support Services</u>
<u>Letter of Task Agreement #24-01 Amendment #1 - \$159,832.83</u>
At the May 22, 2024, meeting, the Board authorized Letter of Task Agreement #24-01 between PCTPA and Dokken Engineering for FY 2024/25 construction engineering support services on the I-80 Auxiliary Lanes Project. Amendment #1 requests a budget reallocation in the amount of \$23,305.58, which represents unused Dokken Engineering construction support funds from FY 2023/24.

Amendment #1 will increase Dokken Engineering's current Letter of Task Agreement #24-01 amount of \$136,527.25 to a total of \$159,832.83. This reallocation of funds will be used for construction support services. The five-year cost of the Master Agreement is included in the project's construction support budget, with funding provided by SPRTA. Table 1 - Fiscal Year Budgets provides a breakdown of fund reallocations between the various fiscal years and updates the five-year Master Agreement to reflect the proposed budget reallocation. Table 2 - Budget Reallocation Request provides a breakdown of the cost reallocation requested by Scope of Work tasks.

Staff recommends approval of the Letter of Task Agreement 24-01 Amendment #1 for a total of \$159,832.83. The PCTPA TAC concurs with the staff recommendation.

Board of Directors Consent Calendar August 28, 2024 Page 2

3. 2050 Regional Transportation Plan – Selection of a Consultant to Prepare a Supplemental Programmatic Environmental Impact Report (SPEIR) - \$120,000

As the state-designated Regional Transportation Planning Agency (RTPA) for Placer County, PCTPA is required to prepare and adopt a Regional Transportation Plan (RTP) every five years. The last RTP was adopted in 2019, followed by an interim RTP in 2024. The RTP is a long range (20-year minimum) transportation funding plan that identifies regional and local transportation project priorities in addressing growth, traffic congestion, travel demand and mobility needs, and maintenance of the existing multimodal transportation system. Following state guidance for the RTP's development, PCTPA historically prepares a programmatic Environmental Impact Report (EIR) to accompany the RTP.

PCTPA staff released a Request for Proposals (RFP) to procure a consultant to prepare a programmatic EIR in May 2024, with a due date of June 28, 2024. Unfortunately, no proposals were received in response to the RFP. PCTPA staff contacted several firms that provided various reasons for not submitting a proposal to PCTPA, including the project's available budget and a lack of the necessary consultant resources based on current company workloads. Rather than re-advertise, which was not pursued due to the assumption that it would not have yielded differing results, PCTPA staff (with direction and support from PCTPA's legal counsel) solicited sole source proposals from three firms that indicated an interest in completing the project upon being contacted following the RFP solicitation process: Ascent Environmental, De Novo Planning Group (De Novo), and Rincon Consultants. PCTPA also amended the RFP's original work scope to consist of preparing only a Supplemental Programmatic EIR (SPEIR) rather than a full programmatic EIR since the 2050 RTP's project list is not significantly modifying current projects, nor adding large new projects not already, contained in the 2040 and 2044 RTP project lists. This approach further ensures that the 2050 RTP's overall environmental planning effort remains within the originally anticipated \$120,000 project budget and comparable in cost to other similar environmental planning work undertaken by peer agencies.

Following the receipt of all three proposals, PCTPA staff evaluated them for their technical approach, qualifications, and proposed fee and unanimously recommended De Novo Planning Group to PCTPA's Executive Director, who concurred. De Novo has prepared PCTPA's last two RTP EIRs as well as many RTP EIRs for similar peer agencies like El Dorado County Transportation Commission, Butte County Associations of Governments, Amador County Transportation Commission, and Merced County Association of Governments. If the Board should approve, the Master Agreement with De Novo will include a not-to-exceed amount of \$120,000, while the first Letter of Task Agreement (LOTA) will include an initial not-to-exceed amount of \$80,305 to prepare the SPEIR. This difference allows for a contingency amount of budget in the Master Agreement to authorize additional environmental planning work from De Novo on an as-needed basis (through an amended or subsequent LOTA), should it become necessary over the course of preparing the SPEIR for PCTPA's 2050 RTP.

Staff recommends that the PCTPA Board authorize the Executive Director to negotiate and sign a Master Agreement with De Novo Planning Group for a not-to-exceed amount of

Board of Directors Consent Calendar August 28, 2024 Page 3

\$120,000 and approve Letter of Task Agreement 24-01 for a not-to-exceed amount of \$80,305 for De Novo to prepare the SPEIR for PCTPA's 2050 RTP. At their August 13<sup>th</sup> meeting, the PCTPA TAC concurred with the staff's recommendation.

## PLACER COUNTY TRANSPORTATION PLANNING AGENCY (PCTPA) PLACER COUNTY AIRPORT LAND USE COMMISSION (PCALUC) WESTERN PLACER CONSOLIDATED TRANSPORTATION SERVICES AGENCY (WPCTSA) PLACER COUNTY LOCAL TRANSPORTATION AUTHORITY (PCLTA)

#### CONFLICT OF INTEREST CODE

#### Revised August 28, 2024

The Political Reform Act of 1974, as amended, (Gov. Code, § 81000, et seq.) requires state or local government agencies to adopt a Conflict of Interest Code. Each Conflict of Interest Code is only effective after it has been approved by the code reviewing body. The code reviewing body for Placer County Transportation Planning Agency, Placer County Airport Land Use Commission, Western Placer Consolidated Transportation Services Agency, and the Placer County Local Transportation Authority, hereinafter referred to in this Conflict of Interest Code as "PCTPA AGENCIES" is the Placer County Board of Supervisors.

The provisions of 2 CCR 18730 and any amendments to it adopted by the Fair Political Practices Commission are incorporated by reference and, together with the attached Appendix designating positions and establishing disclosure categories, shall constitute the Conflict of Interest Code of the PCTPA AGENCIES.

Individuals holding designated positions shall electronically file their statements of economic interest with the Placer County Elections Division. For those not filing electronically, their statement of economic interest shall be mailed to PCTPA AGENCIES' address. Thereafter, PCTPA AGENCIES' Executive Director shall review and initial all statements of economic interest filed and ensure that no apparent conflict exists. Copies shall be retained for records. The statements of economic interest received by mail will be forwarded to the designated Filing Officer, the Placer County Elections Division.

IN PREPARING THE FORM 700, DESIGNATED FILERS NEED ONLY DISCLOSE THOSE FINANCIAL INTERESTS FALLING WITHIN THE DISCLOSURE CATEGORIES DESIGNATED FOR THAT FILER'S POSITION AS STATED IN APPENDIX A.

APPROVED AND ADOPTED this 28 <sup>th</sup> day of August 2024:  Matt Click, AICP			
	Matt Click AICP		
	Executive Director		

#### **DISCLOSURE CATEGORIES**

#### Category 1: A person designated in this category shall disclose:

All investments in, sources of income, including gifts, loans, and travel payments, from, and business positions with business entities of the type that contract with, or provide services, goods, machinery, or equipment of the type utilized by PCTPA AGENCIES.

#### **Category 2:** A person designated in this category shall disclose:

All interests in real property which are located in whole or in part within or not more than two (2) miles outside the jurisdiction of PCTPA AGENCIES.

#### **Category 3:** A person designated in this category shall disclose:

All investments in, sources of income, including gifts, loans, and travel payments, from, and business positions with any organization, agency, or entity of the type to receive grant funding from or through the grant programs that PCTPA AGENCIES administers.

#### **DESIGNATED POSITIONS**

CLASSIFICATION	DISCLOSURE CATEGORIES
Members of the Board of Directors	1, 2, 3
Alternate Member of the Board of Directors	1, 2, 3

Consultants*	*
New Positions*	*

<sup>\*</sup> Consultants/New Positions are included in the list of designated positions and shall disclose pursuant to the broadest disclosure category in the code, subject to the following limitation: The Executive Director may determine in writing that a particular consultant or new position, although a "designated position," is hired to perform a range of duties that is limited in scope and thus is not required to fully comply with the disclosure requirements specified above. Such written determination shall include a description of the consultant's or new position's duties and based upon that description, a statement of the extent of disclosure requirements. The Executive Director's determination is a public record and shall be retained for public inspection in the same manner and location as this Conflict of Interest Code. (Gov't Code § 81008.)

<sup>&</sup>lt;sup>1</sup>This position was created out of need for professional staff support as needed.

<sup>&</sup>lt;sup>2</sup>The title of this position reflects the experience and qualifications required within a like classification.

<sup>&</sup>lt;sup>3</sup>The title of this position required a name change to reflect the roles and responsibilities of that classification.

<sup>&</sup>lt;sup>4</sup>This position was duplicative of the Senior Transportation Planner position which is a designated classification with the same Disclosure Categories and therefore is eliminated.

# A JOINT RESOLUTION OF THE PLACER COUNTY TRANSPORTATION PLANNING AGENCY PLACER COUNTY AIRPORT LAND USE COMMISSION WESTERN PLACER CONSOLIDATED TRANSPORTATION SERVICES AGENCY PLACER COUNTY LOCAL TRANSPORTATION AUTHORITY

**RESOLUTION: 24-22** 

### IN THE MATTER OF: AMENDING THE PCTPA AGENCIES CONFLICT OF INTEREST CODE

The following resolution was duly passed by the Placer County Transportation Planning Agency, Placer County Airport Land Use Commission, Western Placer Consolidated Transportation Services Agency, and the Placer County Local Transportation Authority, hereinafter referred to as "PCTPA AGENCIES", Board of Directors at a regular meeting held August 28, 2024 by the following vote on roll call:

Ayes:		
Noes:		
Abstain:		
Absent:		

WHEREAS, the Political Reform Act of 1974, as amended (California Gov. Code, § 81000, et seq.) requires every state or local agency to adopt and promulgate a Conflict of Interest Code. Each and every Conflict of Interest Code is only effective after it has been approved by the code reviewing body (Gov. Code, § 87303). The code reviewing body for PCTPA AGENCIES is the Placer County Board of Supervisors (Gov. Code, § 82011, subd. (b)); and

**WHEREAS,** a regulation adopted by the Fair Political Practices Commission, 2 CCR 18730, provides that incorporation by reference of the terms of that regulation, along with an agency-specific appendix designating positions and disclosure categories, shall constitute the adoption and amendment of a conflict of interest code in conformance with Government Code Sections 87300 and 87306; and

**WHEREAS,** PCTPA AGENCIES have recently reviewed its positions, and the duties of each position and has determined that changes to its current conflict of interest code are necessary; and

**WHEREAS,** any earlier resolutions, bylaws, and/or appendices containing PCTPA AGENCIES conflict of interest code shall be rescinded and superseded by this resolution and the attached Conflict of Interest Code;

**NOW, THEREFORE, BE IT RESOLVED** that the PCTPA AGENCIES hereby adopts the attached Conflict of Interest Code, including its Appendix of Designated Positions and Disclosure Categories.

Signed and approved by me after its passage.

SUBJECT: LETTER OF TASK AGREEMENT #24-01 AMENDMENT #1
BETWEEN PLACER COUNTY TRANSPORTATION PLANNING AGENCY

AND DOKKEN ENGINEERING

Dear Mr. Klemunes:

This letter, when countersigned, authorizes work under the "Master Agreement between the Placer County Transportation Planning Agency (PCTPA) and Dokken Engineering ("Contractor")," dated May 25, 2022 ("Master Agreement").

- 1. <u>Incorporated Master Agreement</u>: The terms of the Master Agreement are incorporated herein by reference, as if fully set forth herein. Amendment #1 to Letter of Task Agreement (LOTA) #24-01 is the statement of contract specific requirements applicable to the work effort to be undertaken by Dokken Engineering and its subconsultants for the I-80 Auxiliary Lanes Project Construction Engineering Support Services during FY 2024/25.
- 2. <u>Term</u>: Dokken Engineering's services under Amendment #1 are to be completed no later than June 30, 2025. During the term of this contract, Dokken Engineering will not engage in other work that would be deemed a conflict of interest with PCTPA interests.
- 3. <u>Scope of Services</u>: Dokken Engineering is authorized to perform additional construction engineering support services for Caltrans under Amendment #1 for the remainder of FY 2024/25 as outlined in Exhibit A, which is incorporated herein by reference.
- 4. Compensation: Amendment #1 requests a budget reallocation in the amount of \$23,305.58, which represents unused Dokken Engineering construction support funds from FY 2023/24. Amendment #1 will increase Dokken Engineering's current Letter of Task Agreement #24-01 amount of \$136,527.25 to a total of \$159,832.83. Table 1 Fiscal Year Budgets provides a breakdown of fund reallocations between the various fiscal years and updates the five-year Master Agreement to reflect the proposed budget reallocation. Table 2 Budget Reallocation Request provides a breakdown of the cost reallocation requested by Scope of Work tasks. Per the Master

## LETTER OF TASK AGREEMENT #24-01 AMENDMENT #1 BETWEEN PLACER COUNTY TRANSPORTATION PLANNING AGENCY AND DOKKEN ENGINEERING

#### Page 2

Agreement, PCTPA will withhold ten percent (10%) of the payments due until successful completion of the work and the delivery and acceptance of all final products.

5. <u>Personnel and Subconsultants:</u> Dokken Engineering will manage the project and its team of subconsultants, as set forth in Exhibit A. Dokken Engineering represents that its personnel subconsultant team are specially trained, licensed, and/or have the experience and expertise necessary to competently perform the services set forth in Exhibit A, and shall comply with all applicable laws, regulations, and guidelines required for I-80 Auxiliary Lanes Project Construction Engineering Support Services.

Each Contractor subcontract shall contain the applicable provisions of the Master Agreement, including Sections 26 (Minimum Insurance Requirements) and 32 (Indemnification), and shall require each subconsultant to indemnify PCTPA and include PCTPA as an additional insured on applicable insurance policies.

If Amendment #1 to LOTA #24-01 meets with your approval, please sign, and return one copy. Questions concerning this agreement and the project in general should be directed to David Melko at 530.823.4090.

SUBJECT: LETTER OF TASK AGREEMENT #24-01

BETWEEN DE NOVO PLANNING GROUP AND

THE PLACER COUNTY TRANSPORTATION PLANNING AGENCY

Dear Mr. McMurtry:

This letter, when countersigned, authorizes work under the "Master Agreement between the Placer County Transportation Planning Agency (PCTPA) and De Novo Planning Group (De Novo)" dated August 28, 2024.

- 1. <u>Incorporated Master Agreement</u>: This Letter of Task Agreement is the statement of contract-specific requirements applicable to the work effort to be undertaken by De Novo to prepare the 2050 Regional Transportation Plan Supplemental Environmental Impact Report (SEIR) and development of transportation performance measures.
- 2. <u>Term</u>: Consultant services are set to commence on August 28, 2024 and shall be completed in such a sequence as to assure that timelines are met. The Letter of Task Agreement shall end on December 31, 2025. Extensions to this contract may be made with the agreement of both parties. During the term of this contract, Consultant shall not engage in other work that would be deemed a conflict of interest with PCTPA interests.
- 3. <u>Scope of Services</u>: Consultant will perform the tasks as outlined in De Novo's proposal dated July 23, 2024 and attached to this Letter of Task Agreement. Cory Peterson, Senior Planner; and Mike Costa, Principal Planner, will act as PCTPA's project managers.
- 4. <u>Personnel:</u> Consultant will provide their own personnel to perform the work in this Letter of Task Agreement. Consultant will provide administrative support and overhead expenses.
- 5. <u>Compensation:</u> For services rendered, Consultant will receive compensation not to exceed \$80,305. Consultant will invoice on a monthly basis for work completed. Invoices will be paid within thirty (30) days of receipt.

De Novo Planning Group Task Agreement #24-01 August 28, 2024 Page Two

If this Letter of Task Agreement meets with your approval, please sign and return one copy. Questions concerning this agreement and the project in general should be directed to Cory Peterson, Senior Planner at 530-823-4032 or <a href="mailto:cpeterson@pctpa.net">cpeterson@pctpa.net</a>.

July 23, 2024

Cory Peterson Placer County Transportation Planning Agency 2260 Douglas Blvd, Suite 130 Roseville, CA 95661

SUBJECT: Placer County RTP Supplemental EIR

Dear Mr. Peterson:

The De Novo Team is pleased to submit this Proposal for the above referenced project. The team is organized with a Project Manager, Steve McMurtry who has extensive relevant experience, having managed fifteen CEQA documents for RTPs in California, including Placer County. Our team includes Fehr and Peers for traffic analysis.

We are confident that our local knowledge and record of success will prove to be extremely valuable to PCTPA as you maneuver through a challenging environmental planning and public review process. Speaking for the De Novo Team, we truly appreciate being considered for this project. We trust that the enclosed information is adequate for your evaluation, but should you need anything else, please do not hesitate to contact me at 916-580-9818.

Sincerely,

DE NOVO PLANNING GROUP Steve McMurtry, Principal

#### DE NOVO PLANNING GROUP

De Novo Planning Group is a land use and environmental planning firm specializing in community planning, environmental studies, design, and development services. Since 2008, De Novo Planning Group has successfully operated in the Sacramento, Bay Area, Central Valley, Tahoe Basin, Orange County, Los Angeles County, and the Inland Empire. Our principals have an extensive and successful history of providing planning and environmental services to governmental and private sector clients throughout these regions. The firm's principal-level staff have successfully completed over a thousand projects consisting of comprehensive general plans, specific plans, housing elements, environmental impact reports, negative declarations, initial studies, NEPA analyses, climate action plans, hazard mitigation plans, biological assessments, wetland delineations, and development projects.

#### DE NOVO KEY TEAM MEMBER

#### STEVE McMurtry - Project Manager/Principal Planner

Steve has successfully led multidisciplinary teams to complete hundreds of environmental, transportation and land use planning, and development projects throughout California. Steve's experience includes service in engineering and planning firms, as well as in the construction industry. His environmental experience encompasses field research, public outreach, mitigation development, document writing, and permitting. During his tenure in the construction industry, he was responsible for planning, design, and construction of projects valued over \$300 million, which

included the construction of roadways, utilities, pump stations, parks, and trails. Steve graduated from Cal Poly San Luis Obispo with a bachelor's degree in Natural Resource Management with graduate studies in Biological Sciences at San Jose State University.

#### RELATED EXPERIENCE

#### SUMMARY OF RTP EXPERIENCE

The following is a bulleted list of RTP EIRs that have been managed by the Project Manager, Steve McMurtry.

- 2024 El Dorado County RTP EIR.
- 2020 El Dorado County RTP EIR.
- 2019 Placer County RTP EIR.
- 2015 Placer County RTP EIR.
- 2016 Nevada County RTP EIR
- 2014 Amador County RTP EIR
- 2014 Merced County RTP EIR.
- 2012 Butte County RTP and SCS EIR.

- 2012 Calaveras County RTP IS/MND.
- 2012 Mariposa County RTP IS/MND
- 2011 San Joaquin County RTP EIR.
- 2010 Nevada County RTP EIR.
- 2010 Shasta County RTP EIR.
- 2008 Butte County RTP EIR.
- 2005 El Dorado County RTP EIR.

#### WORK PLAN

#### TASK 1: PROJECT INITIATION AND MANAGEMENT

This task involves the initiation of the project, coordination with the consultant team and PCTPA, and administration of the contract.

#### TASK 2: DATA COLLECTION

This task involves obtaining data from SACOG's MTP/SCS, AQ Conformity, Travel Demand Model, RTP, Census Data, General Plans, and other relevant plans.

#### TASK 3: ADVISE ON PUBLIC OUTREACH/PREPARE NOTICE OF PREPARATION (NOP)

It is anticipated that the scope of the Supplemental EIR will be focused on Air Quality, Cultural Resources, Greenhouse Gas Emissions, Land Use, and Transportation. Each of the other CEQA topics will be identified in the NOP as being scoped out of the EIR. It is not anticipated that this task will include an Initial Study. We expect tribal consultation will be required in accordance with AB52. We anticipate the PCTPA serving as the agency lead for any tribal organizations that request consultation; however, we have included scope to assist PCTPA with the consultation process. This will include the preparation of consultation letters for PCTPA to send to their AB52 tribal list. We will attend any consultation meetings requested by a tribal organization. The results of the tribal consultation process will be included in the DEIR as an appendix.

#### TASK 4A PREPARE AN ADMINISTRATIVE DRAFT SUPPLEMENTAL EIR

The scope of the Supplemental EIR is focused on Air Quality, Cultural Resources, Greenhouse Gas Emissions, Land Use, and Transportation. All other environmental topics will be scoped out through the NOP. The introductory chapter will include an explanation on why a Supplemental EIR is the appropriate CEQA compliance document for the RTP. Additional environmental topics can be added to the scope at the PCTPA request, but for an additional fee.

#### TASK 4B PREPARE DRAFT SUPPLEMENTAL EIR

This task involves revising the DEIR and creating a public review version for PCTPA to distribute. De Novo will prepare an NOA. Distribution will require PCTPA to file the NOA in the newspaper, at the County Clerk, and on the PCTPA website. De Novo will file with the SCH.

#### TASK 4C: DEVELOP TRANSPORTATION SYSTEM PERFORMANCE INDICATORS

Fehr and Peers will summarize the following Performance Indicators (as available and useful), for Placer County, using the modified version of SACOG's SACSIM19 activity-based travel demand forecasting model used to prepare the 2050 RTP.

- Total daily vehicle miles of trave (VMT) VMT and VMT per capita
- Total vehicle hours of delay (VHD and VHD per capita
- Roadway Lane miles by functional classification
- Bikeway miles by facility class
- Weekday congested VMT by facility type

- Congested lane miles for major goods movement corridors
- Average travel speed by facility type
- Peak hour excessive delay, defined as total person-delay incurring 40% or greater decrease in travel time on a roadway segment
- Weekday trips by mode
- Non-auto trips per capita
- Average trip length by mode
- Persons within one-half mile of a transit stop

As appropriate, summaries will be prepared for base and cumulative year conditions. We have budgeted four hours of staff time to seek alternative sources to SACSIM19 for some summaries.

#### TASK 5 PREPARE RESPONSE TO COMMENTS AND FINAL EIR

This task involves preparing a Final EIR that includes a response to comments, errata, and Mitigation Monitoring and Reporting Program. We will prepare an administrative and public draft of this document.

#### TASK 6 PREPARE FINDINGS AND OVERRIDING CONSIDERATIONS

De Novo will prepare the findings and a statement of overriding consideration (if applicable) for approval by the PCTPA Board of Directors.

#### TASK 7 PUBLIC MEETINGS

This task involves attending a scoping meeting, two PCTPA Board of Directors meetings, and a technical advisory meeting.

#### ASSUMPTIONS

This proposal is based on the following assumptions. We propose to prepare the CEQA documents based on the body of CEQA statutes, guidelines, and case law that are in affect at the time the contract is executed. Any significant revision to the project after approval of the project description is considered outside of the scope of this proposal. Any additional work that is requested by agency staff that is outside of the scope of this proposal may require a contract amendment. Additional meetings not identified in this proposal are outside of the scope, but can be accommodated on a time and materials basis. We have not included direct costs for prints/producing hard copies of the documents. We anticipate that all documents can be provided to recipients via electronic files. Hard copy prints will be billed on a time and materials basis. We have not included filing fees.

#### **MEMORANDUM**

TO: PCTPA Board of Directors DATE: August 28, 2024

FROM: Jodi LaCosse, Fiscal/Administrative Officer

**SUBJECT:** Designating Funds as Committed Fund Balance

#### **ACTION REQUESTED**

Staff recommends that the PCTPA Board of Directors adopt Resolution No. 24-23 to commit the funds, in accordance with Government Standards Accounting Board Statement No. 54, from the net proceeds of the Nevada Station building sale.

#### **BACKGROUND**

In December 2023, the Nevada Station building was sold and proceeds including remaining bank account balances for Nevada Station were transferred to Placer County Transportation Planning Agency. The amount transferred to PCTPA in June 2024 from the Nevada Station accounts was \$1,845.175.

#### **DISCUSSION**

PCTPA would like the proceeds from the sale less any expenses related to PCTPA's move to Roseville formally committed for a specific purpose. The committed purpose for these funds outlined in this resolution is Other Post Employment Benefit (OPEB) expenses. OPEB expenses are related to pension distribution and employer covered health insurance for retirees. PCTPA will continue to pay for these benefits by annually paying for unfunded liabilities for Classic and PEPRA CalPERS members as well as prefunding retiree health insurance with California Employers' Retiree Benefit Trust (CERBT) based on actuarial studies. However, as an added measure of precaution for future uncertainty, we feel it would be prudent to set aside additional funds for this specific purpose.

These funds would be transferred to PCTPA's Local Agency Investment Fund (LAIF) account with the State Controller.

The estimated amount of transfer to the LAIF account is \$1,800,603.00 and would be finalized with the audit of the 2023-2024 fiscal year.

Cash Transfer from Nevada Station Bank Accounts to PCTPA (Includes Sale Proceeds and Bank Account Balances);	\$1,845,175.00
Less expenses related to PCTPA's move	-\$44,572.00
<b>Estimated Net Proceeds to Commit</b>	\$1,800,603.00

JL:mbc:ss

#### RESOLUTION #24-23 OF THE BOARD OF DIRECTORS

#### IN THE MATTER OF: DESIGNATING FUNDS AS COMMITTED FUND BALANCE

The following resolution was duly passed by the Placer County Transportation Planning Agency Board of Directors at a regular meeting held August 28, 2024 by the following vote on roll call:

	J	U	U	•	,	J
AYES:						
NOES:						
ABSTAIN:						
ABSENT:						

WHEREAS, the Governmental Standards Accounting Board (GASB) has issued Statement No. 54, establishing a hierarchy clarifying constraints that govern how a government entity can use amounts reported as fund balance; and

WHEREAS, the committed fund balance classification reflects amounts subject to specific internal constraints self-imposed by the Board; and

WHEREAS, once committed fund-balance constraints are imposed, it requires the constraint to be revised, removed or redirected for other purposes by the Board in the same manner as the Board originally approved the commitment; and

WHEREAS, the Board has determined it has specific needs that it elects to fund with portions of its General Fund ending fund balance.

NOW, THEREFORE, BE IT RESOLVED, that the Placer County Transportation Planning Agency, hereby commits to utilizing the portion of its general fund ending balance related to the sale proceeds of the Nevada Station Building, as indicated by the committed fund classification in its financial statement, for the following purpose;

Purpose	Justification	Estimated Amount
Other Post Employment	Assist in supporting the	\$1,800,603.00
Benefits	increasing costs of OPEB	
	expenses.	

**BE IT FURTHER RESOLVED**, that such funds cannot be used for any purposes other than directed above, unless the Board adopts a successor resolution to revise or remove the constraint, or otherwise redirect the funds for other purposes; and

**BE IT FURTHER RESOLVED**, that the Agency's Executive Director, or their designee, is hereby authorized and directed to finalize the amount to be committed for the purposes directed above based on the net proceeds of the Nevada Station Building sale.

Signed and approved by me after its passage:	
	Ken Broadway, Chair Placer County Transportation Planning Agency
Matt Click, AICP Executive Director	
ATTEST:	
Jodi LaCosse Fiscal Administrative Officer	

#### **MEMORANDUM**

TO: PCTPA Board of Directors DATE: August 28, 2024

FROM: Cory Peterson

**Senior Transportation Planner** 

SUBJECT: PLACER COUNTYWIDE ACTIVE TRANSPORTATION PLAN

**UPDATE** 

#### **ACTION REQUESTED**

No action required. This item is informational only.

#### **BACKGROUND**

In September 2023, PCTPA was awarded a Caltrans Sustainable Communities Grant in the amount of \$424,293 to prepare the Placer Countywide Active Transportation Plan (PATP). Coupled with a \$54,972 LTF match from PCTPA, the total expected project cost is \$479,265. The PATP will be developed for and in coordination with the Cities of Auburn, Colfax, Lincoln, Rocklin; Town of Loomis, and County of Placer. The City of Roseville is developing their own Active Transportation Plan but will be closely involved in the development of the PATP. The Cities of Auburn and Rocklin are also preparing their own Active Transportation Plans, however, some analysis tasks from the PATP are still considering these jurisdictions in order to consolidate resources.

Placer County has never had a countywide vision for active transportation. Past active transportation planning efforts have been primarily focused on bicycle routes and generally siloed within city/town boundaries or in the unincorporated area. As such, the PATP seeks to help to craft this countywide vision and set up Placer's jurisdictions for success in future active transportation funding opportunities. The PATP will identify priority projects countywide and within each jurisdiction that help reduce VMT, improve connectivity within and between jurisdictions, and improve safety for bicyclists and pedestrians across Placer County.

#### **DISCUSSION**

PCTPA held a kick-off meeting with Kittelson & Associates in March and planning work has proceeded in earnest since then. A Plan Development Team consisting of all six cities/town, the County, local bicycle clubs, SACOG, TRPA, and health education advocates formed and has met once thus far. Kittelson continues to work on existing conditions and the analysis portions of the plan. The biggest major milestone hit thus far was the completion of the first round of community engagement in June. Staff conducted an online survey responded to by nearly 400 residents and held pop-up events in each jurisdiction (except Roseville) and two in the unincorporated areas (Granite Bay and Olympic Valley). It is expected that staff will share some of the results of this outreach in a round of City/Town Council presentations in September/October. Staff will be coordinating this presentation alongside the Unmet Transit Needs process, which takes place on an annual basis. The schedule for visiting each council is as follows (subject to change):

PCTPA Board of Directors Placer Countywide ATP Update August 28, 2024 Page 2

Auburn: September 23, 2024 at 6:00pm Colfax: September 25, 2024 at 6:00pm Lincoln: September 24, 2024 at 6:00pm Loomis: October 8, 2024 at 6:00pm Rocklin: October 22, 2024 at 6:00pm

Placer County BOS: September 24, 2024 at 9:00am (tentative) Truckee/North Tahoe TMA Board: October 3, 2024 at 8:00am

During these meetings, staff will provide a brief presentation on the ATP, its purpose, and some brief initial updates on progress and the results of the community engagement.

#### **MEMORANDUM**

TO: PCTPA Board of Directors DATE: August 28, 2024

FROM: David Melko, Senior Transportation Planner

SUBJECT: PLACER COUNTY EVACUATION AND TRANSPORTATION

**RESILIENCY PLAN UPDATE** 

#### **ACTION REQUESTED**

Hear an informational presentation regarding the proposed Placer County Evacuation and Transportation Resiliency Plan. No specific action is required at this time.

#### **BACKGROUND**

Caltrans' Climate Adaption Planning grant program funds local and regional identification of transportation-related climate vulnerabilities through development of climate adaptation plans, as well as project-level climate adaptation projects and strategies for transportation infrastructure.

Caltrans issued a call for projects in fall 2024 with applications due January 18, 2024. PCTPA and Placer County Office of Emergency Services (OES) partnered to submit a planning grant for \$730,000 to develop the Placer County Evacuation and Transportation Resiliency Plan. The planning grant amount requested was \$630,000, with a local match of \$100,000 provided by OES.

Caltrans notified PCTPA July 9<sup>th</sup> of our conditional grant award, specifying two conditions (1) indicating our start date and schedule may be too aggressive, and (2) that the FY 2024/25 Overall Work Program be amended to reflect the grant award. Regarding the project schedule, this has been updated to run concurrently with OES planned Local Hazard Mitigation Plan update. Project start date is anticipated to begin in November 2024, with completion scheduled by October 2026. The amended FY 2024/25 OWP will be scheduled for Board action at the September meeting.

#### **DISCUSSION**

Staff will provide a brief informational presentation regarding the Placer County Evacuation and Transportation Resiliency Plan.

#### Staff

Rick Carter Mike Costa David Melko Cory Peterson Solvi Sabol

#### **Active Transportation Plan Update**

Cory reported that the Placer Countywide Active Transportation Plan (PATP) update planning work has begun. A Project Development Team (PDT) was formed from representatives from jurisdictions, local bike clubs, SACOG, TRPA, and health education advocates. Cory added that the City of Roseville is developing their own ATP however they will be involved in the PATP efforts.

Currently, the consultant, Kittleson & Associates, is working on existing conditions and analysis. The first round of community engagement was completed in June. The next PDT meeting will be held in early November. Cory noted that we may have interim PDT meeting prior to this depending on the development of goals and objectives. We will be going to each

city and town councils in September and October in coordination with the Unmet Transit Needs process. An update of the PATP will be going to the Board in August.

#### **Unmet Transit Needs Schedule**

Mike said that we are starting the yearly Unmet Transit Needs (UTN) process as part of our responsibilities as an RTPA. We are soliciting comments beginning early September through October 31 through various efforts including an online survey that will be available on September 3<sup>rd</sup>. Staff will be going to all member jurisdictions to present on the UTN process. This includes presenting to the TNT/TMA in Tahoe City. A public hearing will be held on October 23<sup>rd</sup> at the PCTPA Board meeting. Once the comment period has ended, each comment will be assessed and analyzed based on the defined unmet transit needs and reasonable to meet criteria. A draft report will be available, and discussions held with the SSTAC and TOWG. We plan on bringing the draft report to the TAC for review and the PCTPA Board for acceptance in February 2025.

#### **Climate Adaption Planning Grant**

David stated that PCTPA and Placer County Office of Emergency Services (OES) submitted a climate Adaption Planning Grant to Caltrans in January. The proposal was Placer County Evacuation and Transportation Resiliency Plan with a grant ask of \$630,000 and a local match of \$100,000 provided by OES for a total proposal cost of \$730,000. Caltrans has conditionally awarded the grant with specific conditions. David provided an overview of the proposal's objectives which would collectively aim to enhance Placer County's preparedness and resilience in the face of climate-related emergencies. This proposal will result in a list of projects that need improvements. The schedule will be kicked off in November and conclude in June 2026. An update will be provided to the Board as an informational item this month.

#### 2050 Regional Transportation Plan EIR Consultant Selection

Cory explained that that an EIR is required as part of the 2050 RTP. An RFP was released to procure an EIR consultant in May 2024; however, no proposals were submitted. Staff reached out to several firms who explained the various reasons they did not submit, including limited staff resources and available budget. Staff concluded that releasing the RFP again would yield the same results. Staff amended the scope to prepare a Supplemental Program EIR (SPEIR) rather than a full EIR given that (1) there would not be significant updates to the 2040 and 2044 RTP project list and (2) would help ensure that the proposal stays within PCTPA's budget of \$120,000. We received three proposals and staff ultimately chose De Novo. De Novo prepared PCTPA's last two RTP EIRs and has prepared several EIRs for similar RTP including El Dorado and Nevada. Their LOTA will have a not-to-exceed amount of \$80,305 to prepare an SPEIR. The master agreement amount of \$120,000 will allow for authorization of additional work, if warranted. We will be asking the Board to authorize the Executive Director to negotiate and sign a Master Agreement and LOTA with DeNovo. The TAC concurred.

#### **Upcoming Grant Opportunities & Status of Regional ATP**

Cory reported on the following grant opportunities:

• **Highway Safety Improvement Program Cycle 12**: Funds engineering projects to address traffic safety, such as signing, striping, pedestrian crossings, guard rails, etc. Due on September 9<sup>th</sup>. \$120 million per year is available.

- Regional Active Transportation Program Cycle 7: Funds bicycle and pedestrian projects across the SACOG region. State budget cuts reduced the regional share to \$4 million. SACOG
  - may consider funding pre-construction activities only, as CTC is allowing it this cycle due to the low amount of available funds. If you are considering or going to be applying for Regional ATP funds, please reach out to Cory.
- SACOG Regional Grant Priorities: Not a funding opportunity, but please let Cory and Rick know if you are going to be submitting anything to SACOG's Regional Grant Priorities process. The email went out from Chris Dougherty at SACOG a couple of weeks ago. This would be any projects that you anticipate applying for federal or state competitive grants in the next few years.

#### Countywide Zero Emission Vehicle (ZEV) Infrastructure Plan for Placer County

David reported that the ZEV RFP has been released. A number of firms have expressed interest in proposing. He noted that he will be contacting member agencies and other relevant stakeholders to participate in the selection panel. Authorization to sign a LOTA and Master Agreement with the successful bidder will go to the Board in December; the notice to proceed will occur in January 2025.

#### Other Info / Upcoming Deadlines

- a. Mike stated the draft Comprehensive Operational Analysis (COA) plan is available for public review through Friday, August 16<sup>th</sup>.
- b. I-80 Auxiliary Lanes Project Dokken Engineering Construction Support Services: David explained that in May 2024, the PCTPA Board authorized a LOTA with Dokken Engineering for FY 2024/25 construction engineering support services. Amendment #1 being brought to the Board this month requests a budget reallocation of \$23,305.58. These are the remaining unused funds for construction support from FY 2023/24. This will increase Dokken Engineering's current LOTA amount of \$136,527.25 to \$159,832.83. The five-year cost of the Master Agreement is included in the construction support budget, with funding provided by SPRTA. The TAC concurred with this budget reallocation through Amendment #1.
- c. August 28, 2024: PCTPA Board Meeting Placer County Board of Supervisors
- d. September 10, 2024: Next PCTPA TAC Meeting

The TAC meeting concluded at approximately 3:00 PM.

## *MEMORANDUM*

TO: PCTPA Board of Directors DATE: August 28, 2024

FROM: Solvi Sabol, Planning Administrator

**SUBJECT:** STATUS REPORT

### Freeway Service Patrol (FSP)

The FY 2023/24 4<sup>th</sup> quarter statistical summary for Placer FSP is shown below. For the 4<sup>th</sup> quarter there were 910 total assists. This compares to 792 assists in the same quarter last year. Eighteen survey comments were submitted for the 5<sup>th</sup> quarter. All motorists who completed the survey rated the service as "excellent." Of those, 14 waited for FSP service to arrive less than 10 minutes.

PCTPA Board of Directors Status Report August 28, 2024 Page 2

Annual Unmet Transit Needs Assessment for FY 2025/26 Outreach/Engagement Process

PCTPA will begin the annual Unmet Transit Needs (UTN) Assessment outreach and engagement process on September 3, 2024. This year's outreach/engagement process will involve the availability of an online survey in English and Spanish (and Tagalog available upon request), informational e-mails sent to various public and partnering agencies regarding the UTN process and survey availability, and social media posts to solicit stakeholder engagement through the available survey. Additionally, PCTPA staff plans to visit each member jurisdiction during September and October to conduct in-person UTN presentations and/or make information available about the process and where members of the public can provide their input regarding transit needs (through the survey).

The schedule, below, provides a timeline for this year's UTN Assessment process, which is anticipated to be completed in February 2025. The process will conclude with a draft report and staff recommendation regarding whether there are any unmet transit needs that are reasonable to meet prepared for the PCTPA Board of Directors' review/determination. Starting September 3<sup>rd</sup>, public comments regarding unmet transit needs can be provided through PCTPA's unmet transit needs survey (which will be available online at <a href="https://www.pctpa.net/unmet-transit-needs">https://www.pctpa.net/unmet-transit-needs</a>), via e-mail to <a href="mailto:mcosta@pctpa.net">mcosta@pctpa.net</a>, or by calling Mike Costa at (530) 823-4029. Comments will be accepted from September 3<sup>rd</sup> through October 31<sup>st</sup>, 2024.

### Schedule for FY 2025/26 Unmet Transit Needs Assessment Process

DATE	TASK
August 2024	Present UTN schedule to TOWG and PCTPA Board (information item only)
September 2024	3 <sup>rd</sup> – UTN survey made available at <a href="https://www.pctpa.net/unmet-transit-needs">https://www.pctpa.net/unmet-transit-needs</a> and through various other media platforms and printed materials
2024	Social media, stakeholder, and e-mail outreach/engagement
	Continue social media, stakeholder, and e-mail outreach/engagement
October 2024	23 <sup>rd</sup> – Unmet transit needs public hearing at PCTPA Board meeting
	31 <sup>st</sup> – UTN survey closes
November	Evaluate unmet transit needs
2024	Share initial broad summary of comments received from UTN survey with the TOWG (mid-November)
	Finalize evaluation of comments
December 2024	Preparation of draft UTN Assessment Report
2024	Meet with SSTAC/TOWG to discuss preliminary UTN findings and draft UTN Assessment Report (tentative)

PCTPA Board of Directors Status Report August 28, 2024 Page 3

DATE	TASK
January 2025	If there are potential unmet transit needs that are reasonable to meet, hold a meeting with transit staff to determine service solutions to address the needs  Present final draft UTN Assessment Report and findings to SSTAC/TOWG for concurrence with staff's recommendation (late January)
February	Present final UTN Assessment Report and recommended findings to TAC
2025	28 <sup>th</sup> - Present final UTN Assessment Report and findings to PCTPA Board

### Transit Ridership and WPCTSA Call Center Operations Quarterly Report

The following tables summarize the current ridership for each of Placer County's transit services, and the performance statistics for the South Placer Transit Information Center (Call Center). Staff will continue to provide this report quarterly to keep the Board apprised of ridership and operational performance trends for transit-related operations in Placer County.

### MTIP Programming Status Report on Regionally Significant Transportation Projects

The attached Project Status Report summarizes programmed projects in Placer County that are regionally significant and/or funded with state and federal funds. The report provides project descriptions, costs, and key schedule information from the current SACOG 2023 Metropolitan Transportation Improvement Program (MTIP) and pending 2025 MTIP, which have been reviewed and updated by respective PCTPA member agency staff through August 2024. In some cases, the information contained in this report is still pending formal approval from SACOG as part of their administration of the MTIP. Member agencies are encouraged to work with PCTPA and SACOG to ensure that their respective projects are accurately identified in the MTIP and/or updated accordingly. Staff will continue to provide this report semi-annually to the PCTPA Board of Directors to keep the Board informed of regionally significant transportation projects in Placer County.

From: Mark Watts

Re: August 2024 Report

I am pleased to provide the following report on activities occurring in the state Capitol, including specifically updated information on legislative and budgetary activities:

### **Legislature**

The Legislature returned to Sacramento on August 5 after a month-long summer recess. With policy committee deadlines having passed before the recess, the focus will be on fiscal (i.e., Appropriations Committee) hearings and wrapping up legislative business for the two-year session by August 31.

There is little in the way of legislative updates on the legislative and budget fronts given the absence of the Legislature this past month, there was and will continue to be significant activity on administrative matters including SB 1 competitive grant funding programs.

Assembly Bill 7 (Friedman). Assemblymember Laura Friedman is considering potential amendments to her AB 7 (Friedman) which has been on the Senate Inactive File since last September. Her latest proposal would increase the frequency of reports that the California Air Resources Board (CARB), California Transportation Commission (CTC), and Department of Housing and Community Development (HCD) must publish regarding interagency coordination. Moreover, the bill would add additional detail to the statute regarding the topics the three agencies may coordinate on during their twice-yearly joint meetings.

**State Budget Impacts to Cycle 7 Active Transportation Program**. The CTC is preparing to revise its fund estimate based on the final 2025-25 state budget and amend guidelines for Cycle 7 of the Active Transportation Program (ATP) at its August 15-16 meeting in San Deigo.

In preparation for those actions, CTC staff held a "funding reduction" workshop on July 17 to inform agencies and stakeholders about the budget's impacts to Cycle 7 and solicit feedback on guideline amendments related to additional "tiebreaker" criteria. While a majority of the 2022 Budget Act's \$1.05 billion General Fund infusion into the ATP remains intact, based on future funding commitments to the program, the 2024 Budget Act reduced funding immediately available for Cycle 7 by \$400 million. As a result, the Cycle 7 fund estimate, which was adopted by the CTC in March 2024, will be reduced from \$568.7 million to \$168.7 million. The ATP program is further broken down into three categories: 50 percent (\$84.4 million) for statewide competition, 10 percent (\$16.9 million) for small urban and rural areas, and 40 percent (\$67.5 million) divided between the largest 10 MPOs in the state. Compounding the difficult budget news, Cycle 7 applications were due in June and are currently being reviewed and scored. CTC staff reporting during the workshop that 277 applications were received requesting \$2.5 billion worth of funding.

## Smith, Watts & Hartmann, LLC.

### Consulting and Governmental Relations

SB 1 Competitive Grant Programs. The CTC agenda for this month seeks approval of guidelines for the next round of SB 1 competitive grant programs. CTC staff will present proposed guidelines for the Trade Corridor Enhancement Program (TCEP), Solutions for Congested Corridors Program (SCCP), and the Local Partnership Program (LPP).

Once approved, the Commission will release a call for projects for the SCCP and LPP in August and the TCEP in November 2024.

Trade Corridors Enhancement Program Budget Impacts The 2024-25 State Budget may reflect implications for the TCEP program. Specifically, the transportation budget trailer bill (AB 173) requires the CalSTA to coordinate with Caltrans and the CTC to identify available funding to backfill a \$200 million reduction for grade separation projects which had already received grant awards. Potential sources of funding include TCEP and other state transportation funding programs for which grade separation projects may be eligible. A draft TCEP funding estimate presented to the CTC in June estimated \$1.07 billion in available funding and \$171 million in prior funding commitments, for an estimated funding round of \$900 million.

In the event that TCEP funding will be designated to backfill previously awarded grade separation projects, this effect would be roe reduce the overall funding available for Cycle 4.

## Smith, Watts & Hartmann, LLC.

### Consulting and Governmental Relations

**APPENDIX** 

### **KEY transportation BILL OF NOTE**

AB 6 (Friedman): This bill strengthens the authority of the California Air Resources
Board over Sustainable Communities Strategies submitted by transportation
planning agencies. The measure had been pending since last year in the Senate transportation Committee
and was recently amended to update elements of the measure and to prepare for presentation in
committee.

Status: Author dropped in Senate Transportation committee

AB 7 (Friedman): This bill requires CalSTA, Caltrans, and the CTC, on or after January 1, 2025, to incorporate the goals related to the CAPTI into program funding guidelines and planning processes. Additionally, this bill requires the California Transportation Plan to include a financial element.

**Status:** The author is exploring amendments, which, if adopted, would necessitate a new policy hearing under the joint Rules. (see body of the discussion, above).

AB 2535 (Bonta): This bill would eliminate general purpose lanes as an eligible use for TCEP under any circumstance and eliminate highway capacity as an eligible use in disadvantaged communities. Should a highway project under TCEP expand the highway footprint in limited instances, the bill would require full mitigation of all environmental impacts.

Status: Failed Appropriations Committee

AB 2086 (Schiavo): AB 2086 would require Caltrans to report to the Legislature on how it advanced its Core Four (safety, equity, climate action, and economic prosperity) priorities with the funding that was made available to it in the preceding 5 fiscal years. AB 2086 would also create a new role for the CTC to develop performance targets for the Core Four goals.

**Status:** Senate Appropriations

AB 2290 (Friedman): AB 2290 would, among other things, require a bicycle facility that is identified for a street in an adopted bicycle plan or active transportation plan to be included in a project funded by the program that includes that street. This is of concern for rural counties and areas.

**Status:** Senate Appropriations Suspense File

SB 960 (Wiener): SB 960 would require all transportation projects funded or overseen by Caltrans to provide "comfortable, convenient, and connected" complete streets facilities unless an exemption is documented and approved. SB 960 would also require the CTC to adopt targets and performance measures related to making progress on complete streets. Finally, SB 960 would require Caltrans to adopt a Transit Priority Project policy for state and local highways.

Status: Assembly Appropriations Committee Suspense File

August 14, 2024

Placer County Transportation Planning Agency Federal Update

### **Capitol Hill and Administration**

Capitol Hill. The House and Senate are on recess for the month of August. While neither body will take action on legislation this month, there was news over the weekend that the Freedom Caucus in the House adopted a position in favor of passage of a Continuing Resolution funding the government into early 2025. While it appears both chambers are moving towards passing appropriations before the end of the year – possibly during a lame duck session of the current Congress – the election could make the Freedom Caucus position a real possibility. One potential outcome of this result is a year-long Continuing Resolution which would put congressional earmarks – including several slated for Placer County entities – at risk. The November election is likely to play a pivotal role in how this budget cycle concludes, and we will keep you posted in the coming months.

### Administration.

The Administration opened several competitive grant programs for applications, including several that might be of interest to PCTPA member agencies moving forward:

- FYs 2024-25 Wildlife Crossings Pilot Program (\$145 million) Due September 4
- Railroad Crossing Elimination Grant Program (\$1.14 billion) Due September 23
- <u>FY 2021-2024 Restoration and Enhancement Grant Program</u> (Intercity Rail; \$153 million) Due September 30
- FYs 2024-2026 Reconnecting Communities Pilot Program (\$607 million) Due September 30
- <u>FY25 Bridge Investment Program Planning and Small Bridge Project Grants</u> (\$2.45 billion)
   Due October 1
- FY25 Bridge Investment Program Project Grants (\$2.43 billion) Due November 1

In addition, DOT awarded Bridge Investment Program planning grants and included one project in the region - \$800,000 for the Sunrise Boulevard Bridge over American River Feasibility Study.

### **PCTPA Federal Agenda**

In July, TFG continued tracking FY 2025 appropriations legislation, including congressional earmarks for projects in PCTPA's region. TFG continued working with PCTPA staff to prepare for major federal grant applications focused on top priorities including the 65 Southbound project and the 80/65 Interchange. TFG also worked to secure Placer County congressional delegation support for a grant application to be submitted this month.

## CAPITOL CORRIDOR

## Monthly Performance Report

## **SERVICE PERFORMANCE OVERVIEW**

### June 2024 Service Performance for the Capitol Corridor

In June 2024, Capitol Corridor experienced steady growth, with ridership increasing by 5% and revenue by 10% as compared to the same period in FY 2023. June end-point on-time performance (OTP) fell slightly short of our 90% target, with monthly OTP at 86%. Performance for the month was aligned with fiscal year performance of 86% and was lower than the prior month due to trespasser fatalities and third-party incidents. We continue to focus on improving OTP by addressing third-party safety incidents, including vehicle and trespasser-related issues.

Performance Metric	June FY 2024	vs. FY 2023	vs. FY 2019	FY 2024 YTD	vs. FY 2024 ABP	vs. FY 2023 YTD	vs. FY 2019 YTD
Ridership	82,819	5%	-43%	772,510	-7%	13%	-42%
Revenue	\$2,218,159	10%	-29%	\$18,266,365	7%	23%	-28%
End-Point OTP	86%	1%	-1%	86%	-4%	5%	-3%
Passenger OTP	89%	2%	5%	88%	-2%	5%	1%

<sup>\*</sup>Please note that numbers above include preliminary data received as of the date of the mailing of the Monthly Performance Report.

### **June Ridership Data Analysis**

## **CAPITOL CORRIDOR**Monthly Performance Report

### **LEGISLATION AND FUNDING**

### State Legislation and Funding

On June 29, Governor Newsom signed <u>SB 108 (Wiener) [Chapter 35, Statutes of 2024]</u>, the Budget Bill Jr. of 2024, and a series of trailer bills to implement policy provisions related to the budget. Together, these bills represent the Budget Act of 2024. The Budget Act of 2024 contains \$46.8 billion in budget solutions to close the deficit gap through FY 2025-26.

Notable provision related to investments in transportation in the Budget Act of 2024:

- Maintains the \$4 billion for the formula-based Transit and Intercity Rail Capital Program (TIRCP) approved in the Budget Act of 2023, but extends the appropriation timeline.
- Maintains the \$1.1 billion for the formula-based Zero-Emission Transit Capital Program approved in the Budget Act of 2023, but extends the appropriation timeline.
- Provides \$211 million for the State-Supported Intercity Passenger Rail Agencies, allocated across
  three years starting in FY 2024-25 which increases the shared cap of \$131 million in funding for
  the California Joint Powers Authorities that run the State's Intercity Passenger Rail Services.
- Provides \$6.9 million for the California Integrated Mobility Program and the Development of the Data & Digital Services Division at the California Department of Transportation.

Source: Funding Update, June 27, 2024, California Transit Association

### **Federal Legislation and Funding**

This June saw critical advancements in federal funding for transportation as Congress moved forward with its appropriations process. On July 10, 2024, the House Appropriations Committee approved the Fiscal Year (FY) 2025 Appropriations bill for Transportation, Housing, and Urban Development (THUD) by a partyline vote of 31-26. The bill, which sets a total discretionary allocation of \$90 billion, is \$7 billion below the FY24 enacted level. Within this, the Department of Transportation is appropriated \$25.4 billion, a reduction of \$1.9 billion from FY24 levels. Despite these cuts, the bill did not rescind any advanced appropriations for various programs under the Infrastructure Investment and Jobs Act (IIJA).

In the realm of rail transportation, the bill earmarks \$2.75 billion for passenger and freight rail investments, a slight decrease of \$212 million from FY24 levels. The allocation includes \$2.125 billion for Amtrak grants split evenly between the National Network and the Northeast Corridor, along with \$298 million for Consolidated Rail Infrastructure and Safety Improvement (CRISI) grants. However, it provides no funding for the Federal-State Partnership for Intercity Passenger Rail Program, relying instead on \$7.2 billion in IIJA advanced appropriations for FY25.

As these legislative and funding measures advance, the House Appropriations Committee has now approved all twelve of its annual spending bills, setting the stage for full House votes throughout July. The Senate, meanwhile, has yet to schedule markups for their respective FY25 bills, with any final bills likely to be conferenced after the election in a lame duck session.

## **CAPITOL CORRIDOR**Monthly Performance Report

The States for Passenger Rail Coalition, of which Capitol Corridor is a member, and American Association of State Highway and Transportation Officials (AASHTO) sent a joint letter to Senate and House Appropriations leaders urging Congress to "direct \$20 million in [FY 2025] CRISI funds to states using an equitable approach that benefits all states to support planning and project delivery efforts." The letter continues by stating, "AASHTO and the SPRC are at the forefront of implementing federal policy and funding for rail." Currently, all federal funding for intercity city rail is discretionary with no federal funding available to plan and develop projects. Some predictable level of funds, even if small, will enable states and organizations like CCJPA the opportunity to build institutional capacity to identify and plan investment worthy rail projects.

### **Key Notices of Federal Funding Opportunities**

The U.S. Department of Transportation (DOT) has posted <u>Key Notices of Funding Opportunity</u>, a schedule for upcoming Notices of Funding Opportunities (NOFOs) for key programs within the Bipartisan Infrastructure Law (BIL) and the Inflation Reduction Act (IRA), as well as adjacent programs that support BIL and IRA objectives.

### **PROGRAM UPDATES**

On July 23, 2024, CCJPA submitted its Cycle 7 Transit and Intercity Rail Capital Program (TIRCP) application, highlighting several key projects:

- **SR3T Phase 2:** Design for a new 11.9-mile third track between Sacramento and Roseville, boosting daily roundtrips to ten.
- Watt Avenue Undercrossing: Design to improve active transportation access near SacRT's Blue Line stop (led by Sacramento County).
- **SVS Railyards Western Connector:** Extension of Bercut Drive to enhance connectivity between the Railyards, SVS Westside Tunnel, and downtown Sacramento (led by the City of Sacramento).
- Santa Clara Interlocking: New crossover to reduce delays for Capitol Corridor and ACE services.
- **Agnew Siding:** Additional track near Levi's Stadium to improve service reliability and support special events.

CCJPA was also awarded a **\$831,534 Sustainable Transportation Planning Grant** from Caltrans in July for an **Alviso Railroad Adaptation Planning Study**. The Study will continue critical climate adaptation planning efforts for railroad infrastructure in the Alviso wetland area (between Newark and Santa Clara along the Capitol Corridor route) with the next phase of pre-environmental planning work necessary to determine engineering feasibility of various sea level rise adaptation alternatives and to conduct additional stakeholder outreach for adaptation solutions that benefit transit, the natural environment, and nearby communities. The Alviso Railroad Adaptation Planning Study will begin in Fall 2024 and will take approximately two years to complete.

## **CAPITOL CORRIDOR**Monthly Performance Report

## **OUTLOOK - CLOSING**

The Capitol Corridor continues to show positive trends in ridership and revenue growth. We remain committed to improving our on-time performance and addressing safety concerns to provide reliable service to our passengers. Thank you for your continued support, and we look forward to achieving our goals together.
